Practical Engineering Geology Steve Hencher, 2024-04-22 Practical Engineering Geology provides an introduction to the way projects are managed designed and constructed and how the engineering geologist can contribute to cost effective and safe project achievement The need for a holistic view of geological materials from soil to rock and of geological history is emphasised Chapters address key aspects of Geology for engineering and ground modelling Site investigation and testing of geological materials Geotechnical parameters Design of slopes tunnels foundations and other engineering structures Identifying hazards Avoiding unexpected ground conditions This second edition includes a new chapter on environmental issues covering hydrogeology considerations of climate change earthquakes and more All chapters have been updated with extensively revised figures throughout and several new case studies of unexpected ground conditions The book will support practising engineering geologists and geotechnical engineers as well as MSc level students of engineering geology and other geotechnical subjects **Values and Practice in Children's Services** Roger Smith, 2004-10-29 Values and their application are a continuing area of concern for those involved in work with children and families This book provides a means of understanding models of social welfare and children s services and relating these to the challenges of practice Key debates about values in children s services are identified and examined in their legislative policy and practice contexts The text develops a range of approaches to practice utilizing case examples to illustrate the challenges and to help practitioners with the task of reconciling competing expectations in their work with children New to this Edition Increased coverage of

authoritarian states and hybrid regimes A wider range of international case studies than ever before particularly including expanded coverage of Latin America and Africa A resource packed companion website featuring student and lecturer materials such as interactive quizzes video tutorials essay papers testbanks and an exclusive web only chapter on Political Economy *Business* □□□□□□□□□□,2003 **Educational Technology in Practice** Wanjira Kinuthia,Stewart

Marshall,2010-05-01 The field of educational technology is one that requires a high level of problem solving critical thinking and interpersonal skills to solve problems that are often complex and multi dimensional Analyzing cases provides an opportunity to explore professional issues through an environment that allows action researchers practitioners and students to analyze and reflect on relevant theories and techniques to understand a real problem ponder solutions and consequences and develop responses Hence this book seeks to provide relevant authentic and realistic cases for such exploration This book is guided by the premise that the cases presented will serve as a platform for researchers practitioners and students to share experiences and best practices in both developing and developed contexts in an endeavor to bridge the knowledge divide Throughout the book various challenges are addressed and educational technology tools and strategies are subsequently employed in an effort to minimize the issues Notwithstanding the book also highlights successes and accomplishments in areas and contexts in which educational technology is being harnessed including reaching more learners providing more affordable options and building capacity Because of the interdisciplinary and multidisciplinary nature of the field and the cases this book is useful not only in educational technology but also in other fields A Facilitator Guide is provided for each chapter for educators with their learners **Social Work and Evidence-Based Practice** David Smith,2004-03-15 Evidence

based practice what it might mean how it can be achieved whether it should be aspired to is the subject of much debate and argument in social work The authors demonstrate why evidence based practice is important but also why it is important to think clearly and carefully about its implications for the social work profession **Business of Medical Practice** David Edward Marcinko,2004 An interdisciplinary team of experts teaches newcomers how to open staff and equip an insurance friendly office for patients and how to raise the capital necessary for it New coverage in the second edition includes How to write a medical office business plan Compliance methods Risk and programs The insurance CPT coding issues Six sigma initiatives Futuristic information technology to track clinical outcomes Treatment results and medical care Physician recruitment **Handbook of Professional and Ethical Practice for Psychologists, Counsellors and**

Psychotherapists Rachel Tribe,Jean Morrissey,2004-11 Closer regulation of psychological counselling means that an awareness of the professional legal and ethical considerations is vital The Handbook of Professional and Ethical Practice brings together leading therapists and psychologists who have a wealth of knowledge and experience of their subjects Each chapter places particular emphasis on the current codes of practice and ethical principles underpinning safe ethical practice and the implications for practitioners Comprehensive coverage of the legal clinical and ethical considerations involved in

research and training is provided and the reflective questions at the end of every chapter serve to prompt further discussion of the issues The following subjects are covered professional practice and ethical considerations legal considerations and responsibilities clinical considerations and responsibilities working with diversity professional practice and ethical considerations research supervision and training This innovative Handbook provides a supportive guide to the major professional legal and ethical issues encountered by trainees on counselling clinical psychology and psychotherapy courses as well as providing an invaluable resource for more experienced therapists and other members of the helping professions

The Role of Law in Social Work Practice and Administration Theodore J. Stein, 2004-08-18 The strong nexus between law and social work is beyond dispute the law informs day to day social work practice and administration and social workers are employed by the courts Moreover they work collaboratively with attorneys in legal aid offices public defenders offices and other law enforcement settings interviewing clients preparing reports for use in court interpreting social science information and providing consultation on how best to approach client problems This book addresses the relationship between the professions of social work and law and helps social workers develop the knowledge necessary to practice in a legal environment The author focuses on how the law affects the day to day practice of social work the creation administration and operation of social service agencies and the ways in which social workers and attorneys collaborate to serve the public

Health Care Policy and Practice Cynthia D. Moniz, Stephen H. Gorin, 2014-01-10 In Health Care Policy and Practice A Biopsychosocial Perspective Moniz and Gorin have updated their text to incorporate health care reform The authors have also restructured the book to guide students through the development of the American health care system what it is what the policies are and how students can influence them The first section focuses on recent history and reforms during the Obama Administration to describe the health care system section two examines the system s structure and policies and the third section explores policy analysis and advocacy and disparities in health based on demographics and inequities in access to care It concludes with a discussion of the impact of social factors on health and health status The new edition incorporates the CSWE EPAS competencies it is for social work courses in health care health care policy and health and mental health care policy

Assessments in Forensic Practice Kevin D. Browne, Anthony R. Beech, Leam A. Craig, Shihning Chou, 2017-05-08 Assessments in Forensic Practice A Handbook provides practical guidance in the assessment of the most frequently encountered offender subgroups found within the criminal justice system Topics include criminal justice assessments offenders with mental disorders family violence policy and practice Disabled Children and the Law Janet Read, Luke J. Clements, David Ruebain, 2006 Now in its completely updated second edition this accessible guide provides essential information about how the law can be used to promote good practice and policy development for disabled children and young people The authors take an anti discriminatory and inclusive approach that involves parents and children in decision making and advocacy They summarise recent research on common needs and problems of disabled children young

adults and their families and what support services are valued by them Individual chapters cover issues affecting children at different stages in the lifecourse including receiving diagnosis ensuring educational and social inclusion and establishing autonomy and independence in early adulthood The overlapping legal responsibilities of social services health and education are explained and changes arising from the Children Act 2004 are highlighted Disabled Children and the Law is an essential reference for practitioners policy makers students and families

Mental Health Law: Policy and Practice Peter Bartlett, Ralph Sandland, 2013-10 This text provides a detailed overview of mental health law and the socio legal historical sociological and cultural issues related to them The role of the law and medical treatments in regulating and controlling deviance are explored alongside the fundamental rights and liberties of some of society's most vulnerable people

Evidence-based Policy and Practice in Mental Health Social Work Martin Webber, 2008-07-10 Mental health social workers work within multidisciplinary teams often based in health settings The variety of services they work within are shaped by mental health policy that is increasingly being influenced by research evidence of what works This book provides an accessible yet authoritative guide to the evidence base that underpins contemporary mental health policy in the UK It critically engages with the notion of evidence based practice in mental health social work and provides a guide to becoming an evidence based practitioner It also provides an accessible guide to appraising quantitative and qualitative research relevant to mental health social work practice

Biographical methods and professional practice Chamberlayne, Prue, Bornat, Joanna, 2004-03-10 This book uses a range of interpretive approaches to reveal the dynamics of service users and professionals individual experiences and life worlds From their research the contributors show how biographical methods can improve theoretical understanding of professional practice as well as enrich the learning and development of professionals and promote more meaningful and creative practitioner service user relationships The book reviews applications of biographical methods in both policy and practice in a range of professional contexts from health and social care to education and employment explores the impact of social change in three main arenas transformation from Eastern to Western types of society in Europe major shifts in social and welfare principles experiences of immigration and of new cultural diversities on professional practice critically evaluates subjective and reflexive processes in interactions between researchers practitioners and users of services considers the institutional arrangements and cultural contexts which support effective and sensitive interventions draws on actual projects and tracks reflection progress and outcomes With contributions from leading international experts it provides a valuable comparative perspective Researchers policy analysts and practitioners postgraduate students teachers and trainers will find this book a stimulating read

Biographical Methods and Professional Practice Prue Chamberlayne, Joanna Bornat, Ursula Apitzsch, 2004-03-10 Biographical methods combine a focus on lifetime individual experience as a component of understanding human agency with an examination of interactions with social structures institutions This text provides examples of how such approaches have been applied in practice settings

in policy initiatives Good Practice in Safeguarding Adults Jacki Pritchard, 2008-07-15 Good Practice in Safeguarding Adults provides an up to date and topical overview of developments in policy guidance legislation and practice in the area of adult protection The book aims to broaden thinking about adult abuse assesses alternative models of practice such as criminal justice and welfare and covers groups who may be overlooked **Practical Guide to Lawyering Skills** Fiona Boyle, 2003 This guide places the theory and practice of lawyering skills in an accessible and practical context The book looks at how skills are taught and assessed both on undergraduate and vocational courses and helps students to see skills as an integral element of law
