Practical Religion And Practical Gnosticism:

Against the Protestant Gnostics Philip J. Lee, 1993-08-19 In this penetrating and provocative assessment of the current state of religion and its effects on society at large Philip J Lee criticizes conservatives and liberals alike as he traces gnostic motifs to the very roots of American Protestantism With references to an extraordinary spectrum of writings from sources as diverse as John Calvin Martin Buber Tom Wolfe Margaret Atwood and Emily Dickinson he probes the effects of gnostic thinking on a wide range of issues Calling for the restoration of a dialectical faith and practice the book points to positive ways of restoring health to endangered Protestant churches

The Gnosis William Kingsland, 2000 Goes back to the initial teachings that were used in the creation of the Christian religion and demonstrates that they were actually derived from the Gnosis or Ancient Wisdom Gnosis is a Greek word meaning knowledge or to know In the early Church those who were mystics or Gnostics were rejected and considered heretics What makes this book so important is that it identifies certain mystical teachings from early times as rightfully belonging in the Church According to Kingsland this is the real Christian message as originally understood by the Gospel writers

The Gnostic Religion Hans Jonas, 2001-01-16 The Message of the Alien God and the Beginnings of Christianity The Travail of Nature H. Paul Santmire, 1985-01-01 The Travail of Nature shows that the theological tradition in the West is neither ecologically bankrupt as some of its popular and scholarly critics have maintained nor replete with immediately accessible albeit long forgotten ecological riches hidden everywhere in its deeper vaults as some contemporary Christians who are profoundly troubled by the environmental crisis and other related concerns might wistfully hope to find This is why it is appropriate to speak of the ambiguous ecological promises of Christian theology Christian Practical Wisdom Dorothy C. Bass, Kathleen A. Cahalan, Bonnie J. Miller-McLemore, James R. Nieman, Christian B. Scharen, 2016-05-05 In this richly collaborative work five distinguished scholars examine the oft neglected embodied practical wisdom that is essential for true theological understanding and faithful Christian living After first showing what Christian practical wisdom is and does in several real life situations the authors tell why such practical wisdom matters and how it operates exploring reasons behind its decline in both the academy and the church and setting forth constructive cases for its renewal **The Encyclopaedia Britannica** Hugh Chrisholm, 1911 **A Religious Encyclopædia, Or, Dictionary of Biblical, Historical, Doctrinal and Practical Theology** Philip Schaff, Samuel Macauley Jackson, David Schley Schaff, 1883 *The Natural History of the*
