Practice Dynamics:

Practice, Learning and Change Paul Hager, Alison Lee, Ann Reich, 2012-06-25 The three concepts central to this volume practice learning and change have received very different treatments in the educational literature an oversight directly confronted here While learning and change have been extensively theorised their various contexts articulated and analysed practice is notably underrepresented Where much of the literature on learning and change takes the notion of practice as an unexamined given its co location as a term with various classifiers as in legal practice and teaching practice render it curiously devoid of semantic force In this book practice is the super ordinate organising idea Drawing on what has been termed the practice turn in contemporary theory the work develops a conceptual framework for researching learning in and on practice It challenges received notions of practice questioning the assumptions elisions connotations and silences on the subject In so doing it offers fresh insights into learning and change and how they relate to practice In tandem with this conceptual work the book details site ontological studies of practice and learning in diverse professional and workplace contexts examining the work of occupations as various as doctors chefs and orchestral musicians It demonstrates the value of theorising practice learning and change as well as exploring the connections between them amid our evolving social and institutional structures

Vyayama Yoga Javier Plazas, 2008-01-01 Vyayama Yoga is an energetic and curative exercise easy to practice by any person of any age Its exercises are easy to perform and provide great benefits due to the continuous coordination between movement and breath Even though it originated in ancient India prior to the time of Buddha the persecution the masters and the schools were subjected to firstly by the Muslims and then by the British Raj helped contribute to its disappearance The basis of its knowledge is found in many tantra texts but only a few direct vestiges have survived and have been passed down through time such as certain sculptures and carvings in some temples of India This book will become a historical document for being the first methodological Vyayama book ever published not only in Spain but in the whole world The book will open the door to a universe of possibilities capable of improving and transforming the quality of life health and well being of the practitioner

practice the textbook is also rigorously research based Authored by a professor of business and management with specialist knowledge in police leadership it brings the cutting edge of leadership thinking to the practicalities of policing It is essential reading for those engaged with policing leadership roles and management Social Practices and Dynamic Non-Humans Cecily Maller,Yolande Strengers,2018-07-20 The robots are coming So too is the age of automation the march of invasive species more intense natural disasters and a potential cataclysm of other unprecedented events and phenomena of which we do not yet know and cannot predict This book is concerned with how to account for these non humans and their effects within theories of social practice In particular this provocative collection tackles contemporary debates about the roles relations and agencies of constantly changing disruptive intelligent or otherwise dynamic non humans such as weather animals and automated devices In doing so contributors challenge and take forward existing understandings of dynamic non humans in theories of social practice by reconsidering their potential roles in everyday life The book will benefit sociology geography science and technology studies and human and animal computer interaction design scholars seeking to make sense of the complex entanglement of non human phenomena and things in the performance of social practices

Research Handbook on Entrepreneurship as Practice Thompson, Neil A.,Byrne, Orla,Jenkins, Anna,Teague, Bruce T.,2022-04-08 This Research Handbook advances entrepreneurship theory in new ways by integrating and contributing to contemporary theories of practice Leading theorists and entrepreneurship experts who are part of the growing Entrepreneurship as Practice EaP research community expertly propose methodologies theories and empirical insights into the constitution and consequences of entrepreneuring practices Infrastructures in Practice Elizabeth Shove, Frank Trentmann,2018-09-17 Infrastructures in Practice shows how infrastructures and daily life shape each other Power grids roads and broadband make modern lifestyles possible at the same time their design and day to day operation depends on what people do at home and at work This volume investigates the entanglement of supply and demand It explains how standards and normal ways of living have changed over time and how infrastructures have changed with them Studies of grid expansion and disruption heating systems the internet urban planning and office standards smart meters and demand management reveal this dynamic interdependence This is the first book to examine the interdependence between infrastructures and the practices of daily life It offers an analysis of how new technologies lifestyles and standards become normalised and fall out of use It brings together diverse disciplines history sociology science studies to develop social theories and accounts of how infrastructures and practices constitute each other at different scales and over time It shows how networks and demands are steered and shaped and how social and political visions are woven into infrastructures past present and future Original wide ranging and theoretically informed this book puts the many practices of daily life back into the study of infrastructures The result is a fresh understanding of how resource intensive forms of consumption and energy demand have come about and what is needed to move towards a more sustainable lower carbon future Entrepreneurship

As Practice Neil Aaron Thompson, Karen Verduijn, William B. Gartner, 2021-08-19 This innovative book takes seriously the ordinary activities of entrepreneurship and maps out new pathways for scholars to understand the nature properties and implications of studying practices for entrepreneurship studies Entrepreneurship is neither an art nor a science but a bundle of practices as Peter Drucker once observed Curiously however academic research on entrepreneurship mostly abstracts away from practical activity In contrast Entrepreneurship As Practice takes ordinary activities of entrepreneurship seriously by mapping out new pathways for scholars to consider the everyday practices through which entrepreneurship occurs Each chapter draws on contemporary theories of practice to illuminate the nature properties and implications of studying the practices of entrepreneurship The chapters in this book were originally published as a special issue of the journal Entrepreneurship Regional Development

Dynamic Principles of Professional Development Caroline M. Crawford, Sandra L. Hardy, 2017-10-11 Dynamic principles of professional development are directly and indirectly defined and applied with no particular order of sequence as one or more of these principles may be activated in unison and revisited time and again in varied degrees and contexts throughout a professional s career Further this is by no means a list in the entirety of all professional principles pertaining to education but rather a representation of the basis for the dynamic interchange that transpires and elevates professional development that is energized and authentic These Dynamic Principles of Professional Development are as follows introspection participation collaboration transformation identification Dynamic principles of professional development both illustrate and apply standards and dispositions evident within real world classroom engagement and while working closely with teachers administrators and university based instructors Classroom teachers as associated teacher educators routinely demonstrate the characteristics of these dynamic principles of professional development in their practice These principles often reflect elements of effective teacher preparation Thus these dynamic principles of professional development illuminate the key qualities of classroom teachers as associated teacher educators Further these dynamic principles enrich and expand the evolving definition of classroom teachers as associated teacher educators as the central focus of this text

Practice Theory and Process Philosophy Stanley Blue, 2025-09-10 This book breaks new ground in sociological theory presenting a process oriented practice theory for conceptualising and studying the dynamism interconnectedness and ongoing transformation of everyday social life Drawing on process inspired approaches from disciplines such as anthropology geography and science and technology studies it develops a framework for understanding practices not as things that change but as ongoing processes that organise everyday life Each chapter engages with a specific debate in practice theory including how to conceptualise the site of the social the status of the practitioner how practices connect and extend across space and time the role of memory in practice the place of power and appropriate methods for capturing the dynamics of social practice In doing so the book introduces a conceptual vocabulary for describing connection extension and emergence in a way that attends to the affective space of the social Practice Theory

and Process Philosophy is essential reading for scholars and students across the social sciences and humanities who are interested in practice theory process philosophy and social theory

Social Practices, Intervention and Sustainability
Yolande Strengers, Cecily Maller, 2014-11-13 In an era of dramatic environmental change social change is desperately needed to curb burgeoning consumption Many calls to action have focused on individual behaviour or technological innovation with relative silence from the social sciences on other modes and methods of intervening in social life This book shows how we can go beyond behaviour change in the pursuit of sustainability Inspired by the practice turn in consumption studies this interdisciplinary book looks through the lens of social practice theory to explore important and timely questions about how to intervene in social life It discusses a range of applied sustainability topics including energy consumption housing provision water demand transport climate change curbside recycling and smart grids seeking to redefine what intervention is how it happens and who or what can intervene to address the growing list of environmental calamities facing contemporary societies These issues are explored through a range of specific case studies from Australia the UK and the US providing theoretical insights that are of international relevance The book will be of interest to researchers and students in the fields of sociology consumption studies environmental studies geography and science and technology studies as well as policy makers and practitioners seeking to intervene in social life for sustainability

Demanding Energy Allison Hui, Rosie Day, Gordon Walker, 2017-11-17 This edited collection critically engages with an important but rarely asked question what is energy for This starting point foregrounds the diverse social processes implicated in the making of energy demand and how these change over time to shape the past patterns present dynamics and future trajectories of energy use Through a series of innovative case studies the book explores how energy demand is embedded in shared practices and activities within society such as going to music festivals cooking food travelling for business or leisure and working in hospitals Demanding Energy investigates the dynamics of energy demand in organisations and everyday life and demonstrates how an understanding of spatiality and temporality is crucial for grasping the relationship between energy demand and everyday practices This collection will be of interest to researchers and students in the fields of energy climate change transport sustainability and sociologies and geographies of consumption and environment Chapters 1 and 15 of this book are available open access under a CC BY 4.0 license at link.springer.com
