Practice In New Mental Hlthmarketplace:

Practicing in the New Mental Health Marketplace Richard F. Small, Laurence R. Barnhill, 1998-01-01 Many mental health professionals are alarmed at how corporate policies and managed care have changed the nature of psychotherapy. The profit motive seems to have replaced the delicate balance of art and science that many consider the hallmark of psychotherapy. Many clinicians also fear the changes that new policies are having on their clients. For clinicians confused about how to maintain the integrity of their clinical work while playing by the new rules, this book provides a sensitive and compassionate guide.

Psychological Testing in the Age of Managed Behavioral Health Care Mark E. Maruish, E. Anne Nelson, 2001-08 Written by a recognized expert in assessment employed by a large managed behavioral healthcare organization MBHO, this book seeks to provide psychologists who rely on testing as an integral part of their practice a guide on how to survive and thrive in the era of managed behavioral healthcare. It also offers ideas on how to capitalize on the opportunities that managed care presents to psychologists. The goal is to demonstrate that despite the tightening of the reins on authorizations for reimbursable testing, psychological testing can continue to play an important role in psychological practice and behavioral healthcare service delivery. The book presents ideas for increasing the likelihood of getting tests authorized by MBHOs using inexpensive public domain assessment instruments, ethically using psychological testing in MBHO settings, capitalizing on the movement to integrate primary care and behavioral healthcare through the use of psychological testing and designing and implementing outcomes assessment systems within MBHO settings. Intended for practicing psychologists and other behavioral health practitioners employed by MBHOs in direct service delivery, care management or supervisory positions as well as for graduate clinical or counseling psychology students who will most likely work in MBHO settings.
