Practice Of Case Management

David P. Moxley

Practice Of Case Management:

Practice of Case Management David P. Moxley, 1989 The Practice of Case Management in the Human Services offers a succinct yet comprehensive guide to carrying out a case manager's responsibilities The author explores assessment of the service needs of the client facilitating the client's contact with the appropriate institutions and services monitoring the quality of services provided to the client and taking action when the client's needs are not met He also considers the therapeutic role required when needs are not met because the problems are indigenous to the client Providing an integrated look at practice technologies applicable to a variety of practice areas the volume is appropriate for both preservice and inservice education in the field of human services

Case Management Suzanne K. Powell, Hussein M. Tahan, 2018-02-26 Prepare for a new career as a case manager or just upgrade your skills to a whole new level with the newly updated Case Management A Practical Guide for Education and Practice 4th Edition Ideal for case management certification CCMC exam preparation this is a thorough review of the case manager's many roles and skills from acute to post acute care Whether you are a nurse transitioning to case management or already active in it this is your road map to coordinating successful patient care from hospital to home Build a strong case management career foundation with expert evidence based direction NEW chapter on case manager orientation programs that offers orientation checklists competency assessment and learning profiles with available online tools NEW topics on current practice issues and developments including the impact of the Patient Protection and Affordable Care Act and value based care NEW content on experiential problem based learning learning practices training programs case management team professional development Offers in depth evidence based guidance on The case manager's roles functions and tasks Key concepts quality management and outcomes evaluation legal and ethical considerations case management process utilization management transitions of care The role of the nurse case manager versus social worker role Strategies that ensure effectiveness of case management models Coordinating care protecting privacy and confidentiality health insurance benefit analysis practice standards The Case Management Code of Professional Conduct accreditation agencies and standards specialty board certifications Management of resources and reimbursement concepts Case management in various settings acute care emergency department admissions perioperative services disease management insurance case management palliative care end of life care hospice home health care physician groups public health community based care rehabilitation Ideal preparation for the CCMC exam offers a large portion of CCMC exam content and for Continuing Education Unit CEU for Case Management study A must have desk reference that offers plentiful case studies considered to be the bible of case management

National Standards of Practice for Case Management Case Management Society of Australia, 2008

Fundamentals of Case Management Practice Nancy Summers, 2009 Guide your students from the classroom to success in today's social service setting with the step by step practical skills found in this outstanding case management text workbook Summers FUNDAMENTALS OF CASE

MANAGEMENT PRACTICE SKILLS FOR THE HUMAN SERVICES 3e International Edition focuses on what's most important for students to consider document and pass along within each step of the human service process. Students leave your course equipped with the basic skills and abilities to make good decisions and contribute to meaningful discussions in a professional setting. Text chapters walk through each step of the case management process from intake through termination. This edition addresses additional diversity issues with more examples and practice scenarios. Numerous realistic exercises drawn from the author's more than 20 years of experience and from the first-hand experiences of other active professionals expose your students to a broad range of realistic circumstances and difficulties. Actual agency forms throughout the text/workbook give your students frequent opportunities to compile and work with information as they manage cases and prepare client files. This textbook will remain a useful reference for your students well after the classroom experience. For additional support and reference, the author's FUNDAMENTALS FOR PRACTICE WITH HIGH RISK POPULATIONS contains information on specific high-risk populations such as survivors of rape and violence, those with drug and alcohol dependence, individuals with mental illness, and more. Together, these texts empower your students to move competently into a professional setting.

Case Management Jack Rothman, 1998. This book embodies many of the concepts and terms that you will need as a professional social worker and will be a valuable tool to use in your professional practice. *The Practice of Generalist Case Management*

Barbara J. Holt, 2000. This very practical book provides a nuts and bolts introduction to case management. The book was initially written by the author as a manual for beginning case managers and it is still focused on how to actually track and manage a case load. The book is geared to entry-level professionals and provides plenty of actual case examples to illustrate the pitfalls and high points of case management. Chapter 7 includes practical tips based on real training situations such as how to interview clients. A list of key terms at the end of every chapter provides a focus for student review. Discussion questions at the end of every chapter are taken from real-life case management practice. Bibliographies at the ends of the chapters and at the end of the text provide suggestions for further research. The glossary at the end of the book establishes standard definitions of terms commonly used in practice. For anyone interested in social work, nursing, psychology, or public administration.

Fundamentals of Case Management Practice Nancy Summers, 2001. This book on case management practice guides the reader step by step through the case management process. It provides practice for meeting clients, documenting initial inquiries using DSV IV, developing a service plan, monitoring service, and documenting the process and much more.

Social Work Case Management Betsy Vourlekis, 2017-07-05. This new practice text provides a series of readings focusing on case management in a number of fields and in a variety of settings with different client populations. Each chapter examines a major component of case management practice by presenting information about an innovative program from a different location around the country. In conjunction, these readings provide a road map to social work case management. In addition to offering up-to-date practice approaches and examining the functions and skills of case

management in depth the authors provide the policy information needed for putting this traditional form of social work practice into today's service delivery context The Case Manager's Survival Guide Toni G. Cesta, Hussein A. Tahan, Lois F. Fink, 1998 A practical hands on guide which focuses on the essential aspects of nursing care management It includes planning implementation and evaluation of successful case management programs Case manager roles and skills training credentialing and certification are covered 97 illus

The Practice of Case Management Peter Camilleri, 2020-07-16 Case management is used across a diverse range of organisational settings from child protection to aged care disability services acute and community health courts and correctional services employment services veteran services education and immigration programs However case management is not always successfully implemented and practitioners often feel they are not given sufficient support The Practice of Case Management draws on extensive practice research to identify the key characteristics of successful case management organisational support developing delivery models to suit individual client needs preparation of staff at all levels and affirmation of the central and active role of the client The authors outline the challenges and complexities faced by case managers acknowledging that their role is often poorly conceptualised and articulated They demonstrate that true engagement enables effective service provision and offer practical strategies for everyone involved in the case management process to facilitate negotiation accountability and the achievement of positive outcomes

The Practice of Case Management Jack Rothman, 1988 **CMSA Core Curriculum for Case Management**, 2008 This text contains the core body of knowledge for case management practice as delineated by the Case Management Society of America CMSA the largest professional organization of case managers The core curriculum provides a synthesis of case management evolution and presents essential elements concepts and vision for current and future case management practice This edition is significantly expanded to reflect the dynamic changes taking place in case management Each chapter is organized in a consistent format that includes learning objectives introduction important terms and concepts key definitions and references

Case Management by Design David P. Moxley, 1997 This text discusses case management in human service organizations and differentiates between systems driven and consumer driven case management The author examines the issues that either frustrate or facilitate effective programs and practice using practical examples This book can serve as a textbook or companion reader for courses on case management or for core courses in human service practice especially those focusing on the organization of social welfare and the programmatic structure of contemporary human services

Standards of Practice for Case Management Case Management Society of America, 2010

Solution-Focused Case Management Dr. Robert G. Blundo, PhD, LCSW, Joel Simon, MSW, ACSW, BCD, 2015-11-06 Blundo and Simon have successfully outlined how a solution focused perspective can be a powerful tool for case managers Their understanding and presentation are based upon practice scenarios that are real and applied They clearly demonstrate the impact of thinking and language and the importance of building a collaborative relationship with clients Their work

challenges the traditional theory driven interventions that focus on problems and arrive at a diagnosis They encourage a shift to a coconstructive partnership that requires a practitioner to respect that clients are experts of their own lives They provide a clear step wise discussion of techniques and strategies that can be employed working with individuals and families in case management settings This book is a must read Lawrence T Force PhD LCSW R Professor of Psychology Mount Saint Mary College Newburgh NY From the Foreword Solution focused practice is a paradigm that stresses client abilities strengths and individual goals rather than disability Written by a team of educator practitioners noted for their expertise in solution focused therapy this how to text for social work counseling and psychology students guides current and future case managers in learning this strengths based collaborative approach to case management It discusses both the philosophical basis for solution focused casework and demonstrates how it is ideally suited for the case management process The book is based on teaching materials the authors have developed and used in their classes and workshops with undergraduate and graduate students and professionals The text incorporates new research and theoretical developments in solution focused therapy as well as actual practice scenarios demonstrating the process of building a collaborative relationship with individual clients and families Replete with strategies and tools for practicing solution focused case management the text describes such essential skills as identifying goals monitoring progress working with other agencies and transitioning out of treatment It discusses issues related to ethical practice and presents strategies for self care Additionally the book addresses diversity and social justice and their relationships to solution focused practice Student exercises help to reinforce knowledge The text will assist case managers in a variety of settings hospitals nursing homes rehabilitation facilities community based mental health agencies schools prisons court systems and shelters for the homeless and victims of domestic violence to partner with their clients toward finding strengths based and solution focused approaches to resolving issues in a positive way

KEY FEATURES
