Political Reputation Management Christian Schnee,2014-12-17 It is widely assumed that a competitive political environment of public distrust and critical media forces political parties to manage communications and reputations strategically but is this really true Comprehensive control of communications in a fast moving political and media setting is often upset by events outside the communicator s control taking over the news agenda and changing the political narrative Based on interviews with leading communicators and journalists this book explores the tensions between a planned strategic communications approach and a reactive tactical one The interviewees who over the past 15 years have been instrumental in presenting and shaping the public persona of party leaders and Prime Ministers include amongst others William Hague Ian Duncan Smith Michael Howard David Cameron Tony Blair and Gordon Brown It draws a unique picture of how political reputations are managed and ultimately confirms the discrepancy between what political communications management is thought to be and how communications practitioners actually operate This book empirically reviews political communications
