A Study Guide for Samatha Vipassana Meditation Based on the Five Meditation Techniques Phra Thepyanmongkol, 2012 Based on the most popular meditation techniques taught across Thailand

Beyond the Stream of the World Venerable Acariya Thoon Khippapanyo, Often when there is widespread interest in a subject there are also widespread misunderstandings This is certainly true regarding current interest in Buddhist meditation Many different and sometimes contradictory methods of meditation are presently available and the beginning meditator often finds it difficult to know which methods are beneficial or unbeneficial when viewed in terms of the Buddha s path and which are balanced and complete The purpose of this book is to give the reader enough background in the Buddha s path to make an informed choice in deciding which method of meditation to pursue It emphasizes Right View the first step of the path as being of crucial importance for without the development of Right View through reasoned investigation of physical and mental processes no amount of concentration or mindfulness bare awareness or going with the flow can lead to absolute freedom from suffering Included is an appendix which suggests a number of beginning techniques in walking and sitting meditation for use in conjunction with the

approaches for developing Right View discussed in the body of the book The author abbot of a forest monastery in northeastern Thailand has written several Dhamma books and is frequently invited to Bangkok to teach Great Disciples of the Buddha Nyanaponika, Hellmuth Hecker, 2012-01-30 A perennial favorite Great Disciples of the Buddha is now relaunched in our best selling Teachings of the Buddha series Twenty four of the Buddha's most distinguished disciples are brought to life in ten chapters of rich narration Drawn from a wide range of authentic Pali sources the material in these stories has never before been assembled in a single volume Through these engaging tales we meet all manner of human beings rich poor male female young old whose unique stories are told with an eye to the details of ordinary human concerns When read with careful attention these stories can sharpen our understanding of the Buddhist path by allowing us to contemplate the living portraits of the people who fulfilled the early Buddhist ideals of human perfection The characters detailed include Sariputta Nanda Mahamoggallana Mahakassapa Ananda Isidasi Anuruddha Mahakaccana Angulimala Visakha and many more Conveniently annotated with the same system of sutta references used in each of the other series volumes Great Disciples of the Buddha allows the reader to easily place each student in the larger picture of Buddha's life It is a volume that no serious student of Buddhism should miss Sons of the Buddha Jason A.
