Practitioners Voices Within The Emerging Church:

Practitioners Greg Russinger, Alex Field, 2005 Compelling issues on the emerging church are explored by progressive leaders including Chris Seay, Pete Greig, Doug Pagitt, Spencer Burke, Craig Dutweiler, David Ruis, and Jamie and Jeremy Wells.

Christian Education and the Emerging Church Wendi Sargeant, 2015-07-24 All signs point to Christian education having lost its theological location and prominence in the life of the Western Protestant church. The Emerging Church movement as an intentionally postmodern approach to ministry in the contemporary context may however offer insights to reinterpret Christian education. This significant movement in today's church gives Christian education a new interpretive framework that is theologically located at an intersection of doxology and doctrine. In her examination of postmodern faith formation, Wendi Sargeant explores the importance of the Christian worshipping community as the most appropriate setting for Christian education. Practitioners and students will benefit from the ready-to-use teaching and learning matrix, and all those with interest in the formation of faith in themselves and others will draw much from the way Sargeant situates worship as the basis for enhancing Christian formation and ethos.

Starting a House Church Larry Kreider, Floyd McClung, 2007-04-05 There's a new way of doing church, and it's taking North America by storm. Here, a recognized authority on the house church movement and a popular speaker and pastor share their expertise in starting and maintaining a healthy house church. Together, they look at current and future trends in the house church movement and provide best practice models for planting and leading house churches. Also, they explore how house churches are not always the same as simple cell groups or small groups, especially in the areas of leadership and money. Readers will discover all the information they need to begin a house church in their community.

Evangelicalism and the Emerging Church Cory E. Labanow, 2016-04-22 With the Christian church in the West in decline, some churches are undergoing difficult transitions as they seek to become relevant to both themselves and their surrounding cultures. *Evangelicalism and the Emerging Church* details an ethnographic study of a Vineyard congregation making sense of their Vineyard roots and their growing relationship with the self-proclaimed emerging church network. Through a rich account of congregational life and tensions, universal issues are raised, such as relating to religious parentage, creating safe places for spirituality, Christian growth and maturity, communication with contemporary culture, and the challenges of identity reconstruction. This book is the first to conduct an academic study of a Vineyard congregation in the United Kingdom.

Finding Faith Richard Flory, Donald Miller, 2008-02-04 Despite the masses still lining up to enter mega churches with warehouse-like architecture, casually dressed clergy, and pop Christian music, the Post-Boomer generation, those ranging in age from twenty to forty, is having second thoughts. In this perceptive look at the evolving face of Christianity in contemporary culture, sociologists Richard Flory and Donald E. Miller argue that we are on the verge of another potential revolution in how Christians worship and associate with one another. Just as the formative experiences of Baby Boomers were colored by such things as the war in Vietnam, the 1960s, and a dramatic increase in their

opportunities for individual expression so Post Boomers have grown up in less structured households with working often divorced parents These childhood experiences leave them craving authentic spiritual experience rather than entertainment and also cause them to question institutions Flory and Miller develop a typology that captures four current approaches to the Christian faith and argue that this generation represents a new religious orientation of expressive communalism in which they seek spiritual experience and fulfillment in community and through various expressive forms of spirituality both private and public

Flexible Church Helen D. Morris, 2019-05-31 Flexible Church proposes an ecclesiology for innovative expressions of church that is grounded in biblical texts whilst self consciously and intentionally developed for the contemporary Western milieu The result is a framework serves as a guide and auditing tool for pioneering church planters

Crossroads Robert J. A. Doornenbal, 2012 **The Emerging Church, Millennials, and Religion: Volume 2** Terry Shoemaker, Rachel C. Schneider, Xochitl Alvizo, 2022-03-01 Millennials and progressive Christians are continuing their work of creating alternative spaces for spiritual and religious expressions in North America The practices and beliefs of progressive Christian movements like the emerging church and millennials who tend toward spirituality over and against religion have been the targets of much criticism Yet millennials and progressive Christians continue to both curate spaces for self and collective expression while also engaging within contexts often critical or hostile This collection analyzes these movements from theological religious studies and social scientific perspectives to provide a more holistic view of what is taking shape in religious and spiritual trends and it ventures to project what may lie ahead for the progressive Christianity that is emerging and enduring

When Necessary Use Words Mike Pilavachi, Liza Hoeksma, 2007-05-07 Deep down we know it There has to be more than singing songs on Sunday morning handing out tracts at work or helping out at the soup kitchen How do we integrate worship evangelism and justice into our lives as a whole rather than compartmentalizing all three Mike Pilavachi wants to see all three elements come together With humorous prose and fascinating stories he shows how the natural outflow of worship is telling people about Jesus and compassionately helping them navigate the injustices of the world We can't invite someone to church and ignore their physical needs nor can we give out food at the local church pantry and disregard people's spiritual hunger Says Pilavachi A life of passionate worship means feeding the hungry standing up for those who suffer injustice We must preach the gospel at all times speaking and acting out God's love to a hurt and broken world

Compassion, Justice and the Christian Life Robert D. Lupton, 2007-04-20 The urban landscape is changing and as a result urban ministries are at a crossroads If the Church is to be an effective agent of compassion and justice Robert Lupton notes we must change our mission strategies In this compelling book Lupton asks the tough questions about service providing and community building to help ministries enhance their effectiveness What are the dilemmas that caring people encounter to faithfully carry out the teachings of Scripture and become personally involved with the least of these What are some possible alternatives to the ways we have traditionally attempted to care for the poor How do people programs and

neighborhoods move towards reciprocal interdependent relationships To effect these types of changes will require new skill sets and resources but the possibilities for good are great

God on Mute Pete Greig, 2011-04-07 Pete Greig the acclaimed author of *Red Moon Rising* has written his most intensely personal and honest account yet in *God on Mute* a book born out of his wife Samie's fight for her life and diagnosis of a debilitating brain tumor Greig asks the timeless questions of what it means to suffer and to pray and to suffer through the silence because your prayers seem unanswered This silence Greig relates is the hardest thing The world collapses Then all goes quiet Words can't explain don't fit won't work People avoid you and don't know what to say So you turn to Him and you pray You need Him more than ever before But somehow even God Himself seems on mute In this heart searching honest and deeply profound book Pete Greig looks at the hard side of prayer how to respond when there seem to be no answers and how to cope with those who seek to interpret our experience for us Here is a story of faith hope and love beyond all understanding

The Emerging Church, Millennials, and Religion: Volume 1 Randall Reed, G. Michael Zbaraschuk, 2018-10-31 The landscape of American religion is changing dramatically Millennials are dropping out of church and new experimental types of Christianity such as the Emerging Church are coming to the fore But what is the future of religion in America and what role will Millennials play in that The results of three years of scholarly inquiry this collection of essays looks at the Emerging Church and Millennial religious responses and seeks to define and explore both phenomena always on the lookout for their intersection Bringing together a diverse collection of scholars in theology sociology history and comparative religion this book highlights the importance of both the Emerging Church and the Millennial generation's future for religion

The Out of Bounds Church? Steve Taylor, 2010-12-21 What's Going on Out There Author Steve Taylor takes trips to the edge of the church envelope and sends us back what he's finding inside the emerging church around the globe From the revival of ancient spiritual practices to the rise of multimedia each of his posts sketches a view of the body of Christ in wild flux Topics include birth pilgrimage community creativity DJing and leading and following

Adventism and the American Republic Douglas Morgan, 2001 Adventism and the American Republic tells how their convictions led Adventist adherents to become champions of religious liberty and the separation of church and state all in the interest of delaying the fulfillment of a prophecy that foresees the abolition of most freedoms Through publication of Liberty magazine lobbying of legislatures and pressing court cases Adventists have been libertarian activists for more than a century and in recent times this stance has translated into strong resistance to the political agendas of Christian conservatives Drawing on Adventist writings that have never been incorporated into a scholarly study Morgan shows how the movement has struggled successfully to maintain its identifying beliefs with some modifications and how their sectarian exclusiveness and support of liberty has led to some tensions and inconsistencies BOOK JACKET

The Generative Church Cory Seibel, 2019-10-10 Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care Some churches have a longstanding track record of faithfulness in living out this commitment Some lose sight of this priority over time and allow their intentionality to fade This book makes a distinctive contribution to our understanding of children's youth and young adult ministries by appropriating Erik Erikson's concept of generativity the interest in establishing and guiding the next generation as a way of exploring congregational life Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations Their chapters challenge us to think about the intergenerational dynamics of our churches the crucial partnership between church and parents and what it means to involve young people meaningfully in the life of the church The intriguing topics explored by this group of authors and the diverse contexts from which they write promise to broaden and enrich our thinking about caring for children youth and young adults as a vital responsibility shared by the entire congregation *New-Church Messenger*, 1925
