Dover Public Library (Dover, N.H.),1892 **Books on Art and Allied Subjects** Maggs Bros,1926 **Invisible Writing and the Victorian Novel** Patricia Ingham,2000 This book shows uniquely how the most powerful aspects of language in literary texts are those that the reader does not see It makes these hidden features visible by a close read of six well known Victorian novels including Bleak House and Tess of the D Urbervilles The readings of the novels provide tools to illustrate how texts encode assumptions and social meaning This has until now only been done for short pieces of writing A Visitable Past Margaretta M. Lovell,1989-04-13 In this ambitious and imaginative study Margaretta M Lovell analyzes the large body of accomplished sometimes startling often brilliant work of American artists drawn to Venice s ragged splendor in the last century Including major works by such diverse and talented painters as James McNeill Whistler John Singer Sargent and Maurice Prendergast these richly varied paintings portray sleepy canals architectural monuments and scenes of picturesque everyday life while they also reveal surprising aspects of American culture **The Cambridge History of English Literature** Sir Adolphus William Ward,Alfred Rayney Waller,1917 **Catalogue of the Library of Bernard Buchanan Macgeorge** Bernard Buchanan MacGeorge,1892 Christianity, Art and Transformation John W. de Gruchy,2001-01-29 Christianity Art and Transformation explores the historical and contemporary relationship between the arts and Christianity with reference to the transformation of society Several major themes are discussed among them the power of images the relationship between aesthetics and ethics the nature of beauty and its redemptive capacity aesthetic existence and Christian discipleship and the role of art in the public square and in the life of the Church The book is a contribution to the study of theological aesthetics from both an ecumenical and Reformed perspective global in its scope yet rooted in the author s South African context

The Juggler of Notre Dame and the Medievalizing of Modernity Jan M. Ziolkowski,2018-10-31 This ambitious and vivid study in six volumes explores the journey of a single electrifying story from its first incarnation in a medieval French

poem through its prolific rebirth in the nineteenth and twentieth centuries *The Juggler of Notre Dame* tells how an entertainer abandons the world to join a monastery but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt he is saved when the statue delighted by his skill miraculously comes to life Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth century Paris before its translation into English in Britain and the United States The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today In this volume Jan Ziolkowski follows the juggler of Notre Dame as he cavorts through new media including radio television and film becoming closely associated with Christmas and embedded in children's literature Presented with great clarity and simplicity Ziolkowski's work is accessible to the general reader while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies medievalism philology literary history art history folklore performance studies and reception studies
