Pragmatics and Classical Sanskrit Lieve Van de Walle,1993-11-19 This book explores the possibilities and limitations of pragmatic research in classical Sanskrit concentrating on linguistic politeness The four case studies it comprises are in essence empirical and try to accurately describe a fairly limited number of interactions between an also limited number of people The underlying assumption is that a micro analysis yields recognizable patterns of communicative styles and that these generalizations improve our insight in the workings of politeness deference in this language and in languages in general This book also shows that the relation between classical languages and pragmatics is not necessarily a one way street The data provide ample evidence that a detailed text study offers rich opportunities both to supplement experimental studies e g the Cross Cultural Speech Act Realization Project and to evaluate existing pragmatic theories constructed on the basis of contemporary languages

**The Contextualization of Language** Peter Auer, Aldo Di Luzio, 1992-06-11 This volume suggests a novel treatment of context in the analysis of everyday interaction On a theoretical level it advocates a switch of focus from context as a preestablished monolithic category which constricts co participants verbal and nonverbal behaviour to an active notion of contextualization in order to make oneself understood participants have to establish and maintain those shared contextual frames which in turn are relevant to the local interpretation of their verbal and nonverbal activities On an empirical level the volume contains exemplary analyses that show how participants employ contextualization cues of prosodic rhythm intonation tempo etc or nonverbal gaze gesture etc nature in order to achieve context The volume is also an appraisal of the theory of contextualization developed by John Gumperz In their

contributions researchers from various schools of research such as conversation analysis micro ethnography phonetics phonology and metapragmatics relate their work to this theory
