Praxis and Democratic Socialism David A. Crocker,1983 **Praxis and democratic socialism** ,1983 *John Dewey and the Paradox of Liberal Reform* William Andrew Paringer,1990-01-01 This book provides a fresh critique of John Dewey and the progressive tradition and warns against the superficial renaissance of Deweyan philosophy present in many of today's modern liberal educational reform movements Challenging the four pillars of Dewey's pragmatism science nature democracy experience Paringer argues for a critical or radical education praxis that more sensitively comes to grips with the difficulties of the nuclearized postmodern world Marxism and the Good Society John P. Burke, Lawrence Crocker, Lyman H. Legters,2011-03-03 These 1981 essays examine the problems that have arisen from attempts to implement Marx's critical theory to which the concept of the good society is central As long as socialist regimes continue to invoke Marx they subject themselves to the norms contained within Marx's understanding of freedom in a community *Critical Social Theory in the Interests of Black Folks* Lucius T. Outlaw,2005-09-09 Examining the situations of African Americans in the U S A Lucius Outlaw's essays illustrate over twenty years of work dedicated to articulating a critical theory of society that would account for issues and limiting factors affecting African descended peoples in the U S Outlaw envisions a democratic order that is not built upon racist projections of the past but instead seeks a transformative social theory that would help create a truly democratic social order *Critical Social Theory in the Interests of Black Folks* Lucius T. Outlaw Jr.,2005-09-15 Examining the situations of African Americans in the U S A Lucius Outlaw's essays illustrate over twenty years of work dedicated to articulating a critical theory of society that would account for issues and limiting factors affecting African descended peoples in the U S Attempting to put politics aside Outlaw writes from a non partisan standpoint in the hopes that the issues he raises in his essays will inspire improvement for the well being of African Americans and will also strengthen America's democracy Outlaw envisions a democratic order that is not built upon racist projections of the past Instead he seeks in these essays a transformative social theory that would help create a truly democratic social order The Road to Disillusion: From Critical Marxism to Post-communism in Eastern Europe Raymond C. Taras,2015-02-24 The history of reform movements in postwar Eastern Europe is ultimately ironic inasmuch as the reformers' successes and defeats alike served to discredit and demoralize the regimes they sought to redeem The essays in this volume examine the historic and present day role of the internal critics who whatever their intentions used Marxism as critique to demolish Marxism as ideology but did not succeed in replacing it Included here are essays by James P Scanlan on the USSR Ferenc Feher on Hungary Leslie Holmes on the German Democratic Republic Raymond Taras on Poland James Satterwhite on Czechoslovakia Vladimir Tismaneanu on Romania Mark Baskin on Bulgaria and Oskar Gruenwald on Yugoslavia In concert the contributors provide a comprehensive intellectual history and a veritable Who's Who of revisionist Marxism in Eastern Europe **Ethics of Global Development** David A. Crocker,2008-07-10 Poverty inequality violence environmental degradation and tyranny continue to afflict the world Ethics of

Global Development offers a moral reflection on the ends and means of local national and global efforts to overcome these five scourges After emphasizing the role of ethics in development studies policy making and practice David A Crocker analyzes and evaluates Amartya Sen s philosophy of development in relation to alternative ethical outlooks He argues that Sen s turn to robust ideals of human agency and democracy improves on both Sen s earlier emphasis on capabilities and functionings and Martha Nussbaum s version of the capability orientation This agency focused capability approach is then extended and strengthened by applying it to the challenges of consumerism and hunger the development responsibilities of affluent individuals and nations and the dilemmas of globalization Throughout the book the author argues for the importance of more inclusive and deliberative democratic institutions

Back to the Rough Grounds of Praxis Daniel Franklin Pilario, 2005 What is praxis How do we do theology from its perspective These are the main questions which this book seeks to answer As propaedeutic to theological reflection it surveys the notion of praxis in the philosophical sociological and anthropological traditions from Aristotle and Marx to contemporary theories It argues that Pierre Bourdieu s theory of practice achieves a critical synthesis of these different

traditions making it a viable theological dialogue partner Bourdieu provides us with a praxeological theory to scrutinize the complexity of the social realm and an epistemological theory to understand the mystery of God's presence in these socio-historical conjunctures which serve as the privileged and only locus of His/Her revelation The author thus engages two theologians who take praxis/practice as central to their theological methods Clodovis Boff liberation theology and John Milbank radical orthodoxy From the perspective of its appropriated framework this work attempts to avoid the limitations as well as preserves the gains achieved by these two approaches as it also explores the rudiments of a theological method relevant to our post-Marxist and postmodern global contexts
