Scripturebased Ideas For Reaching Out To Others:

Scripture-Based Ideas for Reaching Out to Others Pat King, 1993-01-01 Sharing the Sunday Scriptures with Youth Maryann Hakowski, 1997 This book is filled with a wide variety of relevant action centered resources to help young people better appreciate God's word in the Sunday Scriptures The resources for each Sunday's lectionary reading of the C cycle include lectionary and Scripture citations themes that relate to young people a synopsis of the Scripture readings a fully described and directed activity and several activity ideas all aimed at engaging the participants with God's word. This is an excellent resource for youth ministers high school religion teachers parish leaders and liturgists working with youth All About Jesus! Peter M. Magolda, Kelsey Ebben Gross, 2023-07-03 What is it like to be a collegian involved in a Christian organization on a public college campus What roles do Christian organizations play in the lives of college students enrolled in a public college What are evangelical student organizations political agendas and how do they mobilize members to advance these agendas What is the optimal equilibrium between the secular and the sacred within public higher education What constitutes safe space for evangelical students and who should provide this space This book presents a two year ethnographic study of a collegiate evangelical student organization at a public university authored by two non evangelicals The authors provide a glimpse into the lives of college students who join evangelical student organizations and who subscribe to an evangelical way of life during their college years They offer empirically derived insights as to how students participation in a homogeneous evangelical student organization enhances their satisfaction of their collegiate experience and helps them develop important life lessons and skills Ironically while Christian students represent the religious majority on the campus under study Christian organizations on this campus mobilize members by capitalizing on members shared sense of marginalization and position themselves as cultural outsiders. This evangelical student organization serves as a safe space for students to express their faith within the larger secular university setting. The narratives and interpretations aim not only to enrich understanding of a particular student organization but more importantly to spark intellectual discourse about the value of faith based organizations within public higher education The role of religion in public higher education student involvement in the co curriculum and peer education are three examples of critical issues in higher education for which this idiosyncratic case study offers broad understanding It's All About Jesus targets multiple audiences both sacred and secular For readers unfamiliar with evangelical collegiate organizations and the students they serve the authors hope the narratives make the unfamiliar familiar and the dubious obvious For evangelicals the authors hope that the thickly described narratives not only make the familiar familiar and the obvious obvious but also uncover the tacit meaning embedded in these familiar but seldom examined subculture rituals The authors hope this book spurs discussion on topics such as campus power and politics how organizations interact with the secular world around them and how members can improve their organizations Additionally this text urges secular readers in student affairs to consider the many benefits as well as liabilities

of parachurches as co curricular learning sites on campus Lastly given that the authors lay bare their methodology their use of theory and the tensions between their perspectives and those of the participants this book will serve as a compelling case study for courses on qualitative research within religion studies anthropology sociology and cultural studies fields

Organic Outreach for Churches Kevin G. Harney, 2011-10-25 Nearly all churches and ministries consider themselves dedicated to evangelism and many explicitly include outreach in their mission statements But few are actually bearing fruit Kevin Harney diagnoses this problem and offers guidance for multiplying the outreach impact of churches Organic Outreach for Churches provides direction for local congregations to weave evangelism into the fabric of the church Commitment to the Great Commission is not simply about sending money and prayers to missions or holding occasional events to reach out although these things are good Organic outreach happens when evangelistic vision and action become the domain of every ministry and the commitment of every person in the congregation This will not happen accidentally There is huge spiritual and practical resistance to such changes But the only way evangelism will become an organic part of a church is when every leader and each member is gripped by a commitment to proclaiming the gospel This book is a roadmap for pastors and leaders who wish to infuse evangelistic passion into every aspect of their church's life Reaching out and Bringing In David W Anderson, 2013-04-17 Reaching Out and Bringing In is designed to help pastors and church leaders develop a biblical perspective on disability and the churchs role in ministering to individuals and families affected by disability a must read for those who minister to and with persons with disabilities and even as a Bible study for all Christians Dana Croxton founder of Enable Ministries Dr Andersons book challenges the church community to reach out to people and families affected by disability and to consider ways the church can minister to and with people with disabilities The book includes insightful and relevant questions at the end of each chapter making it perfect for reading and discussion by church staff church boards and in small group or Sunday school settings Brian Funk area director Joni and Friends Eastern Pennsylvania Lancaster Dr Anderson sounds a wakeup call to the church The books call for personal heart change is coupled with a challenge to the church to greater action and intentional outreach Vonn Dornbush DMin pastor of missions and outreach Calvary Church Roseville Minnesota **Experience Your Bible** Josh McDowell, Sean McDowell, 2012-02-01 See it Study it Do it Many Christians focus on mechanical application of the Scriptures In Experience Your Bible the McDowells proclaim God's original design the Scriptures are his way to reveal himself so he can enjoy a relationship with people The authors show how the Bible can radically transform believers lives Intimacy God created humans such that an intimate relationship with him is their only route to meaningful life His written Word enables this relationship Relational experience We must obey God's commands Yet he also wants us to relationally experience things like acceptance joy and comfort with him and other believers Growth in love Josh and Sean highlight the Holy Spirit's role in illuminating the Scriptures They present proven tools to help readers study and accurately handle the word of truth Above all they emphasize that study is the journey to help
