[Sculpture Collections in Europe and the United States 1500-1930](#), 2021-04-26. Exploring the variety of forms taken by collections of sculpture, this volume presents new research by twelve internationally recognized scholars. The essays delve into the motivations of different collectors, the modes of display and the aesthetics of viewing sculpture, bringing to light much new archival material. The book underscores the ambiguous nature of sculpture collections, variously understood as decorative components of interiors or gardens, as objects of desire in cabinets of curiosity or as autonomous works of art in private and public collections. Emphasizing the collections and the ways in which these were viewed and described, this book addresses a significant but neglected aspect of art collecting and contributes to the literature on this branch of art and cultural history. This book evolved from a symposium, Sculpture Collecting and Display 1600-2000, organized by the Center for the History of Collecting that was held at The Frick Collection on May 19 and 20, 2017. Both the book and the symposium were made possible through the generous support of the Robert H. Smith Family Foundation. The book is published in association with The Frick Collection.

Personal Styles in Greek Sculpture Όλγα Παλαγιά,J. J. Pollitt,Department of Classics, Yale University Staff,1998 The aim of this 1996 book is to identify and evaluate the distinctive styles of five important ancient Greek sculptors whose work is discussed by ancient writers Its underlying assumption is that the history of Greek sculpture was not simply governed by impersonal evolutionary forces but that like the sculpture of later periods it was shaped by the intuitions predilections and innovations of particular individuals The international group of authors whose essays appear here recognize that the problematical and fragmentary nature of the surviving evidence makes their task a difficult one Nevertheless by drawing upon the evidence of recent archaeological finds and by re evaluating both the ancient literary sources and earlier scholarly literature they expand our understanding of the role of personal styles in ancient Greek art [The Art of Rome C.753 B.C.-A.D. 337](#) Jerome Jordan Pollitt,1983-05-12 A comprehensive collection of ancient literary evidence on Roman art and artists assembled in translation and provided with linking passages that set the historical context Reissue of a highly esteemed volume originally published by Prentice Hall in 1966
