and applications for today's professionals, managers and students. Dr William Stallings offers clear and well organized coverage of five key technologies that are transforming networks: Software Defined Networks (SDN), Network Functions Virtualization (NFV), Quality of Experience (QoE), the Internet of Things (IoT) and cloudbased services. Dr Stallings reviews current network ecosystems and the challenges they face from Big Data and mobility to security and complexity. Next, he offers complete self contained coverage of each new set of technologies: how they work, how they are architected and how they can be applied to solve real problems. Dr Stallings presents a chapter length analysis of emerging security issues in modern networks. He concludes with an up to date discussion of networking careers including important recent changes in roles and skill requirements.

Coverage Elements of the modern networking ecosystem: technologies, architecture, services and applications; Evolving requirements of current network environments; SDN concepts, rationale, applications and standards across data control and application planes; OpenFlow, OpenDaylight and other key SDN technologies; Network functions virtualization concepts, technology, applications and software defined infrastructure; Ensuring customer Quality of Experience (QoE) with interactive video and multimedia network traffic; Cloud networking services deployment models, architecture and linkages to SDN and NFV; IoT and fog computing in depth; key components of IoT enabled devices, model architectures and example implementations; Securing SDN, NFV, cloud and IoT environments; Career preparation and ongoing education for tomorrow's networking careers.

Key Features: Strong coverage of unifying principles and practical techniques; More than a hundred figures that clarify key concepts; Web support at williamstallings.com; Network QR codes throughout linking to the website and other resources; Keyword acronym lists; recommended readings and glossary; Margin note definitions of key words throughout the text.
