between moments of delicate connection and striking brutality Howell explores how our interior and exterior lives are
entangled the past living on inside us as we live in the physical world around us and he reminds us how loss releases us into
the present how in the process of living everybody pays *Gaze* is divided into three sections focusing successively on the
objective world the world of the inner life and finally on the other world of the imagination and alternate reality The author
speaks through his own voice as well as the voices of other characters ghosts and creatures coming together to question and
