John-Henry Harter

Seal Wars:

Seal Wars Paul Watson, 2002 *Seal Wars Twenty Five Years on the Front Lines* is the bold and sprawling memoir of Canadian rebel Paul Watson. To some a hero, to others a fucking seal loving piece of merde. Sea Shepherd Captain Paul Watson recounts his 25 years on the front lines in the war to stop the slaughter of the Canadian harp seal. The memoir begins with an incident in 1995 when Watson was holed up in a hotel in the Magdalen Islands with actor Martin Sheen. An angry mob of sealers stormed the hotel and Watson had to be taken out by police and airlifted to safety. Watson then remembers the childhood experiences that shaped his adult consciousness. He runs through a history of the seal hunt and moves into the campaigns he has fought in, starting in 1976 with a Greenpeace crew off Labrador including forays onto the ice floes with Brigitte Bardot, Farley Mowat, and Pierce Brosnan. Captain Paul Watson grew up on Canada's east coast. He was a founding member of Greenpeace, is an active supporter of North American native peoples, and a veteran of Wounded Knee. He is the founder and president of the Sea Shepherd Conservation Society. And he has been the captain of a succession of ships dedicated to the protection of the world's oceans, most recently *Whales Forever*. **Seal Wars** Janice Scott Henke, 1985. An American viewpoint on Newfoundland sealing. Includes chapters on the victims of the seal wars, methods of killing, a history of seal management in Canada, and protest organizations.

Seal Victoria Dickenson, 2015-11-15. Playful and inquisitive seals have long been interested in humans, and humans have reciprocated that interest, falling for their beauty, grace, and charm as they frolic alongside our boats or loll on sandy shores. In this newest entry in the Animal series, Victoria Dickenson traces the history of our interaction with these beautiful, fascinating swimmers from the centuries of hunting in which people killed countless seals for their skin, oil, and meat to the present when the white-furred baby seal has become one of the most potent symbols of the need for ecological conservation. Along the way, she offers an approachable account of seal biology and behavior and delineates the threats they face from habitat destruction and climate change. Beautifully illustrated and packed with stories from folklore, myth, and history, *Seal* offers a richly immersive view of a much-loved, storied creature.

I. John James C. Taylor, 2015-04-19. This is a verse-by-verse commentary on the Book of Revelation presented from a Post-tribulation Rapture point of view. It includes discussion of who John was, that received the Revelation, the probable time in which it was received and written, a look at possible interpretations of the meaning and purpose of the Revelation, and other issues related to this magnificent symbolic work. In this presentation, the main body of the Revelation is shown as a series of Seven Visions, each with its own story to tell and each ending with the Return of the Lord or an event heralding that Return. Seven Visions all rolled into one great glorious truth given on the Isle of Patmos to John by Jesus Christ.

Make It a Green Peace! Frank Zelko, 2013-04-03. The emergence of Greenpeace in the late 1960s from a loose-knit group of anti-nuclear and anti-whaling activists fundamentally changed the nature of environmentalism, its purpose, philosophy, and tactics around the world. And yet there has been no comprehensive, objective history of Greenpeace's origins until now. *Make It a Green Peace*

draws upon meeting minutes internal correspondence manifestos philosophical writings and interviews with former members to offer the first full account of the origins of what has become the most recognizable environmental non governmental organization in the world Situating Greenpeace within the peace movement and counterculture of the 1960s Frank Zelko provides a much deeper treatment of the group s groundbreaking brand of radical media savvy direct action environmentalism than has been previously attempted Zelko traces the complex intellectual and cultural roots of Greenpeace to the various protest movements of the 1950s and 1960s highlighting the influence of Quakerism with its practice of bearing witness Native American spirituality and the non violent resistance of Gandhi Unlike the more strait laced less confrontational Sierra Club and Audubon Society early Greenpeacers smoked dope dropped acid wore their hair long and put their bodies on the line interposing themselves between the harpoons of whalers and the clubs of seal hunters to save the animals and achieve what they hoped would be a lasting transformation in the way humans regarded the natural world And while it may not have achieved its most revolutionary goals Greenpeace inarguably created a heightened awareness of environmental issues that endures to this day Narrating the key campaigns and arguments among the group s early members *Make It a Green Peace* vividly captures all the drama pathos and occasional moments of absurd comic relief of Greenpeace s tumultuous first decade

New Social Movements, Class, and the Environment John-Henry Harter, 2011-05-25 *New Social Movements Class and the Environment* explores the history of Greenpeace Canada from 1971 to 2010 and its relationship to the working class In order to understand the ideology behind Greenpeace the author investigates its structure personnel and actions The case study illustrates important contradictions between new social movement theory and practice and how those contradictions affect the working class In particular Greenpeace s actions against the seal hunt against forestry in British Columbia and against its own workers in Toronto demonstrate some of the historic obstacles to working out a common labour and environmental agenda The 1970s saw an explosion of new social movement activism From the break up of the New Left into single issue groups at the end of the 1960s came a multitude of groups representing the peace movement environmental movement student movement women s movement and gay liberation movement This explosion of new social movement activism has been heralded as the age of new radical politics Many theorists and activists saw and still see new social movements and the issues or identities they represent as replacing the working class as an agent for progressive social change This paper examines these claims through a case study of the quintessential new social movement Greenpeace

Anejionu, 2022-08-18 *The Final Battle for Earth* presents events contained in the Book of Revelation a 2000 year old prophetic book in the Holy Bible as a well orchestrated divine plan to take over the control of the earth from Satan This final battle to crush Satan and his minions will be accompanied by a series of cataclysmic natural and anthropogenic events hunger economic crisis war pandemics and unprecedented natural disasters that may be attributed to climate change There is a consensus that the earth is facing a dangerous future The United Nations

projects that almost half of humanity is at risk of dying While the scientific community link this danger to climatic impacts many Christians believe that the end of age is imminent Cryptic details of the events surrounding the Second Coming of Christ and end of age carefully hidden in the Revelation predict a series of catastrophic events that will cause the death of over half of the world's population The Final Battle for Earth thoughtfully outlines the end time events and challenges long held ideas and theories concerning the end time especially those surrounding the fall of Satan the great tribulation the rapture the first resurrection the Battle of Armageddon and what is expected of Christians during the end time *The Revelation and the History of Christendom* Victor McGowan, 2011-05-25 RELIGION SPIRITUALITY There are many who question the existence of God but in *The Religion and the History of Christendom* author Victor McGowan relays how the proof of God's existence is shown in the last book of the Bible Revelation Through historical data he provides evidence of how the prophecies from Revelation have been fulfilled during the last 1 900 years of Christian History McGowan searched history and gained insight from other authors in order to understand the meaning of Revelation In the Revelation and the History of Christendom he examines the following symbols The messages of the seven churches The scroll with the seven seals The seventh seal of the seven trumpets The seventh trumpet of the seven vials The Revelation of the History of Christendom matches the sequential order of great events affecting Christianity with the sequential order of prophecy This explanation of Revelation challenges the skeptical mind with the historic events anticipated by the metaphors and symbols of the prophecy The Final Rapture Doc Marquis, 2017-10-03 The end is just the beginning The rapture is one of the simplest concepts found in the Holy Bible yet there is a great amount of confusion and division concerning whether the next and final rapture will occur before the Tribulation in the middle of the Tribulation or after the Tribulation Doc Marquis settles the question once and for all in *The Final Rapture* Marquis dissects specific prophecies to show how close we truly are to the final rapture He uses information from the Book of Revelation to alert those who are in danger of missing it those who may still be on Earth during the Tribulation Period to what they must live through if they are still here Putting on the Dog Melissa Kwasny, 2019-04-17 In *Putting on the Dog* Melissa Kwasny explores the age old relationship between humans and the animals that have provided us with our clothing leather wool silk feathers pearls and fur From silkworms grown on plantations in Japan and mink farms off Denmark's western coast to pearl beds in the Sea of Cort's Kwasny offers firsthand accounts of traditions and manufacturing methods aboriginal to modern and descriptions of the marvel and miracle of the clothing itself What emerges is a fresh look at the cultural history of fashion Kwasny travels the globe to visit both large scale industrial manufacturers and community based often subsistence production by people who have spent their lives working with animals farmers ranchers tanners weavers shepherds and artisans She examines historical rates of consumption and efforts to move toward sustainability all while considering animal welfare worker safety environmental health product accountability and respect for indigenous knowledge and practice At its heart *Putting on the Dog* demonstrates how what we
