Rebel by vocation Niall Carson,2016-03-02 This is a comprehensive study of one of the most influential literary groups in post independence Ireland the writers and editors of the literary magazine The Bell Se n O Faol in and the generation of writers that matured in the shadows of W B Yeats and James Joyce dominated the literary landscape in Ireland in the build up to and during the Second World War This is their story as told through the history of one journal The Bell Working with previously unpublished archival material this study looks to illuminate the relationships disputes and loves of the contributors to Ireland s most important little magazine under the guiding influence of its founding editor Se n O Faol in In doing so it sheds new light on O Faol in s early influences and his attitude towards the Church and the state in Ireland *Gaelic Prose in the Irish Free State* Philip O'Leary,2010-07-01 This is an authoritative account of the a major but neglected aspect of the Irish cultural renaissance prose literature of the Gaelic Revival The period following the War of Independence and Civil War saw an outpouring of book length works in Irish from the state publishing agency An Gum The frequency and production of new plays both original and translated have never been approached since This book investigates all of these works as well as journalism and manuscript material and discusses them in a lively and often humorous manner Publisher description

Irish Literature Since 1800 Norman Vance,2014-06-11 This book surveys Irish writing in English over the last two centuries from Maria Edgeworth to Seamus Heaney to give the literary student and the general reader an up to date sense of its variety and vitality and to indicate some of the ways in which it has been described and discussed It begins with a brief outline of Irish history of Irish writing in Irish and Latin and of writing in English before 1800 Later chapters consider Irish romanticism Victorian Ireland W B Yeats and the Irish Literary Revival new directions in Irish writing after Joyce and the literature of contemporary Ireland north and south from 1960 to the present *Glocal Ireland* Juan F. Elices Agudo,Marisol Morales Ladrón Soledad,2011-05-25 The transformations undergone by Ireland in the last decades have relocated the country within that liminal space of the local and the global The country of the deeply rooted rural traditions the severely religious impositions and the fragile economic system became in the 1990s a world referent due to its unprecedented and impressive growth However the emergence of the so called Celtic Tiger and the recognition that Ireland had become one of the most globalised nations in the Western world met a dramatic downfall that has left the country pre occupied with matters concerning its re positioning and re definition within a wider European framework The cultural and artistic productivity of this nation has also moved away from the topical insularity of the past adopting more transnational and universal subjects at the same time that it has struggled to retain its genuine values and its own signs of identity For in Ireland the more this global progress has grown to be unavoidable the more evocatively the local has befallen Therefore the editors of this volume

contend that the global and the local should be understood not as opposed concepts but as two ends of a continuum of interaction. Within this state of affairs, this volume comprises a series of articles that revolve around the issue of glocality in Irish literature, culture, and cinema in order to disentangle the complexities that underlie this concept and which are inextricably related to the drastic changes undertaken by Ireland in the years before and after the economic boom and posterior bailout.

Five Irish Writers John Hildebidle, 1989. Liam O'Flaherty, Kate O'Brien, Elizabeth Bowen, Sean O'Faolain, and Frank O'Connor. As Hildebidle demonstrates, all five authors saw in the Ireland that grew out of the events of 1916-1923 a nation that stifled the creative energies and bright hopes of its youth, and their fiction can be seen as responding in diverse ways to that reality.
