The Search for a Black Nationality Floyd John Miller,1975      **The Search for a Black Nationality** Floyd J. Miller,

The Farther Frontier Lysle E. Meyer,1992 A surprising number of Americans were involved with the so called Dark Continent during the period when Western penetration led to conquest and colonial rule The six Americans discussed are Thomas Jefferson Bowen who established the first American mission posts in Yorubaland writer explorer Paul du Chaillu soldier explorer Charles Chaille Long diplomat Henry Shelton Sanford mining engineer John Hays Hammond and taxidermist Carl Akeley Illustrated      **Black Urban History at the Crossroads** Leslie M. Harris,Clarence Lang,Rhonda Y. Williams,Joe William Trotter Jr.,2024-10-22 Drawing on significant recent scholarship on African American urban life over three centuries Black Urban History at the Crossroads bridges disparate chronological regional topical and thematic perspectives on the Black urban experience beginning with the Atlantic slave trade Across ten cutting edge chapters leading scholars explore the many ways that urban Black people across the United States built their own communities crafted their own strategies for self determination and shaped the larger economy culture and politics of the urban environment and of their cities regions and nation This volume not only highlights long running changes over time and space from preindustrial to emerging

postindustrial cities but also underscores the processes by which one era influences the emergence of the next moment in Black urban history      **Searching for Dr. Harris** Margaret Humphreys,2024-08-20 This is the untold story of Dr J D Harris an African American physician whose life and career straddled enormous changes for Black professionals and the practice of medicine Born in Fayetteville North Carolina Harris served as a contract surgeon to the Union army and transitioned to a similar post under the Freedmen s Bureau treating Black troops and freedpeople in Virginia Margaret Humphreys not only narrates what we know about Harris but offers context to his remarkable journey including how incredible it was that a young man born into freedom in a slave state learned to read when literacy for Black people was illegal He was one of very few African Americans to become a doctor before Howard Medical School opened in the 1870s a fact that both reveals the structural barriers to medical education for Black Americans and highlights how those structures weakened in the 1860s Drawing on census records court records Civil War and Reconstruction documents from the National Archives African American newspapers and more this book is a revealing look at the history not only of medicine in the southern United States but also of race and citizenship during one of the nation s most tumultuous eras      Providence and the Invention of the

United States, 1607-1876 Nicholas Guyatt,2007-07-23 Nicholas Guyatt offers a completely new understanding of a central question in American history how did Americans come to think that God favored the United States above other nations Tracing the story of American providentialism this book uncovers the British roots of American religious nationalism before the American Revolution and the extraordinary struggles of white Americans to reconcile their ideas of national mission with the racial diversity of the early republic Making sense of previously diffuse debates on manifest destiny millenarianism and

American mission Providence and the Invention of the United States explains the origins and development of the idea that God has a special plan for America This conviction supplied the United States with a powerful sense of national purpose but it also prevented Americans from clearly understanding events and people that could not easily be fitted into the providential scheme

**Slavery's Ghost** Richard Follett, Eric Foner, Walter Johnson, 2011-11-01 Three thoughtful contributions attempt to deepen and extend an emerging discussion about the limits to African American freedom and autonomy Slavery Abolition President Abraham Lincoln freed millions of slaves in the South in 1863 rescuing them as history tells us from a brutal and inhuman existence and making the promise of freedom and equal rights This is a moment to celebrate and honor to be sure but what of the darker more troubling side of this story Slavery's Ghost explores the dire debilitating sometimes crushing effects of slavery on race relations in American history In three conceptually wide ranging and provocative essays the authors assess the meaning of freedom for enslaved and free Americans in the decades before and after the Civil War They ask important and challenging questions How did slaves and freedpeople respond to the promise and reality of emancipation How committed were white southerners to the principle of racial subjugation And in what ways can we best interpret the actions of enslaved and free Americans during slavery and Reconstruction Collectively these essays offer fresh approaches to questions of local political power the determinants of individual choices and the discourse that shaped and defined the history of black freedom Written by three prominent historians of the period Slavery's Ghost forces readers to think critically about the way we study the past the depth of racial prejudice and how African Americans won and lost their freedom in nineteenth century America

**Black Resettlement and the American Civil War** Sebastian N. Page, 2021-01-28 Based on sweeping research in six languages Black Resettlement and the American Civil War offers the first comprehensive comparative account of nineteenth century America's greatest road not taken the mass resettlement of African Americans outside the United States Building on resurgent scholarly interest in the so called colonization movement the book goes beyond tired debates about colonization's place in the contest over slavery and beyond the familiar black destinations of Liberia Canada and Haiti Striding effortlessly from Pittsburgh to Panama Toronto to Trinidad and Lagos to Louisiana it synthesizes a wealth of individual state level and national considerations to reorient the field and set a new standard for Atlantic history Along the way it shows that what haunted politicians from Thomas Jefferson to Abraham Lincoln was not whether it was right to abolish slavery but whether it was safe to do so unless the races were separated

*The Episcopalians* David Hein, Gardiner H. Shattuck, 2005-08-01 The story of Episcopalians in America is the story of an influential denomination that has furnished a large share of the American political and cultural leadership Beginning with the Episcopal Church's roots in sixteenth century England The Episcopalians offers a fresh account of its rise to prominence Chronologically arranged it traces the establishment of colonial Anglicanism in the New World through the birth of the Episcopal Church after the Revolution and its rise throughout the nineteenth century ending with the complex array of forces

that helped shape it in the 20th century and the consecration of Gene Robinson in 2003 The authors focus not only on the established leadership of the church but also to the experience of lay people the form and function of sacred space the evolution of church parties and theology relations with other Christian communities and the evolving ministries of women and minorities

**Race and Ethnicity in America** Russell M. Lawson, Benjamin A. Lawson, 2019-10-11 Divided into four volumes *Race and Ethnicity in America* provides a complete overview of the history of racial and ethnic relations in America from pre contact to the present The five hundred years since Europeans made contact with the indigenous peoples of America have been dominated by racial and ethnic tensions During the colonial period from 1500 to 1776 slavery and servitude of whites blacks and Indians formed the foundation for race and ethnic relations After the American Revolution slavery labor inequalities and immigration led to racial and ethnic tensions after the Civil War labor inequalities immigration and the fight for civil rights dominated America s racial and ethnic experience From the 1960s to the present the unfulfilled promise of civil rights for all ethnic and racial groups in America has been the most important sociopolitical issue in America *Race and Ethnicity in America* tells this story of the fight for equality in America The first volume spans pre contact to the American Revolution the second the American Revolution to the Civil War the third Reconstruction to the Civil Rights Movement and the fourth the Civil Rights Movement to the present All volumes explore the culture society labor war and politics and cultural expressions of racial and ethnic groups

**Liberian Dreams** Wilson Jeremiah Moses, 2010-11-01 In the early nineteenth century the American Colonization Society was formed for the purpose of encouraging emigration of free blacks to Africa While intent on ridding the United States of what the Society s members saw as a dangerous black population the association also attracted some liberals who viewed its goals as an incentive toward emancipation Attitudes among African Americans toward colonization were varied some viewing it as an opportunity to start new lives in a free country and others seeing in it a deceptive scheme of the white man But when the passage of the Fugitive Slave Act in 1850 put the freedom of every person of African descent in jeopardy many began to consider emigration their only option This collection of historic documents illuminates the debate on emigration through the narratives of four black men who in 1853 traveled to the new black nation of Liberia Their accounts offer surprisingly different views and insights on the young country and provide both endorsements and condemnations of the colonization effort *Liberian Dreams* contains four selections that have never before been published in a single volume William Nesbit s attack on Liberia and its sponsors Samuel Williams s spirited defense of the black republic in response to Nesbit Daniel Peterson s pro emigration tract commissioned by the ACS and Augustus Washington s balanced critique of both sides of the issue Each account offers a perspective not found in the others and together they cover nearly the full range of debate among black Americans of that time These narratives shed light not only on the experience of creating a new country but also on the conflict among African Americans over the colonization effort and they offer a unique opportunity to witness African Americans encountering

Africans and their cultures The selection by Augustus Washington in particular reveals the insights of an educated community activist with a sure understanding of the issues at stake Historian Wilson Moses who has published widely on African American history and black nationalism provides an introduction that expertly places the selections in context

Beyond 1619 Paul J. Polgar, Marc H. Lerner, Jesse Cromwell, 2023-10-10 *Beyond 1619* brings an Atlantic and hemispheric perspective to the year 1619 as a marker of American slavery's origins and the beginnings of the Black experience in what would become the United States by situating the roots of racial slavery in a broader comparative context In recent years an extensive public dialogue regarding the long shadow of racism in the United States has pushed Americans to confront the insidious history of race based slavery and its aftermath with 1619 the year that the first recorded enslaved persons of African descent arrived in British North America taking center stage as its starting point Yet this dialogue has inadvertently narrowed our understanding of slavery race and their repercussions to the U S context *Beyond 1619* showcases the fruitful results when scholars examine and put into conversation multiple empires regions peoples and cultures to get a more complete view of the rise of racial slavery in the Americas Painting racial slavery's emergence on a hemispheric canvas and in one compact volume provides historical context beyond the 1619 moment for discussions of slavery racism antiracism freedom and lasting inequalities In the process this volume shines new light on these critical topics and illustrates the centrality of racial slavery and contests over its rise in nearly every corner of the early modern Atlantic World Contributors John N Blanton Jesse Cromwell Erika Denise Edwards Rebecca Anne Goetz Rana Hogarth Chloe L Ireton Marc H Lerner Paul J Polgar Brett Rushforth Casey Schmitt Jenny Shaw James Sidbury

**New Directions in the Study of African American Recolonization** Beverly Tomek, Matthew J. Hetrick, 2022-10-18 Beginning in 1816 the American Colonization Society worked to send American blacks to resettle in Africa From inception however its foundational ethos has been debated These debates continued long after the effective end of the ACS during WWI through the Civil Rights movement to today when even historians among the Press's own authors respectfully hold opposing views In this volume Beverly Tomek and Matthew Hetrick gather essays from scholars with different opinions and divergent methodologies offering not only new research to address some of the old questions about American colonization and missionary activities but also new questions to spur further debate

**Journey of Hope** Kenneth C. Barnes, 2005-10-12 Liberia was founded by the American Colonization Society ACS in the 1820s as an African refuge for free blacks and liberated American slaves While interest in African migration waned after the Civil War it roared back in the late nineteenth century with the rise of Jim Crow segregation and disfranchisement throughout the South The back to Africa movement held great new appeal to the South's most marginalized citizens rural African Americans Nowhere was this interest in Liberia emigration greater than in Arkansas More emigrants to Liberia left from Arkansas than any other state in the 1880s and 1890s In *Journey of Hope* Kenneth C Barnes explains why so many black Arkansas sharecroppers dreamed of Africa and how their dreams of Liberia differed from the reality This rich

narrative also examines the role of poor black farmers in the creation of a black nationalist identity and the importance of the symbolism of an ancestral continent Based on letters to the ACS and interviews of descendants of the emigrants in war torn Liberia this study captures the life of black sharecroppers in the late 1800s and their dreams of escaping to Africa

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the Encyclopedia of African American History 1619 1895 documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The Encyclopedia covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia s alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness **Martin R.**

**Delany** Robert S. Levine, 2003-11-20 Martin R Delany 1812 85 has been called the Father of Black Nationalism but his extraordinary career also encompassed the roles of abolitionist physician editor explorer politician army officer novelist and political theorist Despite his enormous influence in the nineteenth century and his continuing influence on black nationalist thought in the twentieth century Delany has remained a relatively obscure figure in U S culture generally portrayed as a radical separatist at odds with the more integrationist Frederick Douglass This pioneering documentary collection offers readers a chance to discover or rediscover Delany in all his complexity Through nearly 100 documents approximately two thirds of which have not been reprinted since their initial nineteenth century publications it traces the full sweep of his

fascinating career Included are selections from Delany s early journalism his emigrationist writings of the 1850s his 1859 62 novel *Blake* one of the first African American novels published in the United States and his later writings on Reconstruction Incisive and shrewd angry and witty Delany s words influenced key nineteenth century debates on race and nation addressing issues that remain pressing in our own time *Through a Glass Darkly* Ronald Hoffman, Mechal Sobel, Fredrika J. Teute, 2012-12-01 These thirteen original essays are provocative explorations in the construction and representation of self in America s colonial and early republican eras Highlighting the increasing importance of interdisciplinary research for the field of early American history these leading scholars in the field extend their reach to literary criticism anthropology psychology and material culture The collection is organized into three parts Histories of Self Texts of Self and Reflections on Defining Self Individual essays examine the significance of dreams diaries and carved chests murder and suicide Indian kinship and the experiences of African American sailors Gathered in celebration of the Institute of Early American History and Culture s fiftieth anniversary these imaginative inquiries will stimulate critical thinking and open new avenues of investigation on the forging of self identity in early America The contributors are W Jeffrey Bolster T H Breen Elaine Forman Crane Greg Denning Philip Greven Rhys Isaac Kenneth A Lockridge James H Merrell Donna Merwick Mary Beth Norton Mechal Sobel Alan Taylor Laurel Thatcher Ulrich and Richard White **"We Will Be Satisfied With Nothing Less"** Hugh Davis, 2011-08-15 Historians have focused almost entirely on the attempt by southern African Americans to attain equal rights during Reconstruction However the northern states also witnessed a significant period of struggle during these years Northern blacks vigorously protested laws establishing inequality in education public accommodations and political life and challenged the Republican Party to live up to its stated ideals In *We Will Be Satisfied With Nothing Less* Hugh Davis concentrates on the two issues that African Americans in the North considered most essential black male suffrage rights and equal access to the public schools Davis connects the local and the national he joins the specifics of campaigns in places such as Cincinnati Detroit and San Francisco with the work of the National Equal Rights League and its successor the National Executive Committee of Colored Persons The narrative moves forward from their launching of the equal rights movement in 1864 to the end of Reconstruction in the North two decades later The struggle to gain male suffrage rights was the centerpiece of the movement s agenda in the 1860s while the school issue remained a major objective throughout the period Following the ratification of the Fifteenth Amendment in 1870 northern blacks devoted considerable attention to assessing their place within the Republican Party and determining how they could most effectively employ the franchise to protect the rights of all citizens **Generations of Captivity** Ira Berlin, 2004-09-30 Berlin traces the history of African American slavery in the U S from its beginnings in the 17th century to its fiery demise nearly 300 years later He offers a major reinterpretation in which slavery was made and remade by successive generations of Africans and African Americans *Romantic Reformers and the Antislavery Struggle in the Civil War Era* Ethan J. Kytte, 2014-08-11 On the cusp of the American Civil War a new generation

of reformers including Theodore Parker Frederick Douglass Harriet Beecher Stowe Martin Robison Delany and Thomas Wentworth Higginson took the lead in the antislavery struggle Frustrated by political defeats a more aggressive Slave Power and the inability of early abolitionists like William Lloyd Garrison to rid the nation of slavery the New Romantics crafted fresh often more combative approaches to the peculiar institution Contrary to what many scholars have argued however they did not reject Romantic reform in the process Instead the New Romantics roamed widely through Romantic modes of thought embracing not only the immediatism and perfectionism pioneered by Garrisonians but also new motifs and doctrines including sentimentalism self culture martial heroism Romantic racialism and Manifest Destiny This book tells the story of how antebellum America s most important intellectual current Romanticism shaped the coming and course of the nation s bloodiest and most revolutionary conflict
