American Historical Fiction Lynda G. Adamson, 1998-10-21 This publication will fill a gap in the bibliographic reference shelf by identifying historical novels for both adult and young adult readers. Recreating the Past Lynda G. Adamson, 1994-06-30 Spanning grades 1-10, this annotated bibliography of 970 recommended American and world titles published through early 1994 includes adult titles suitable for young readers. At least 200 of the titles are award winners. In support of interdisciplinary English and social studies curricula, librarians and teachers can easily assemble a basic list of books on a geographical place and time period. Geographical sections are divided into historical time periods within which entries are organized alphabetically by author. Each entry contains both reading and interest grade levels, a short incisive annotation about the historical event, setting, plot, protagonist, and theme, current publication availability, and awards won. Seven reference appendices allow for easy searching. These helpful appendices and an authors' titles and an illustrators' index help to make this volume a critical professional tool.
