**Searching for Sam** Timothy S. Johnson, 2000      Shadows of Tyranny Ken McGoogan, 2024-08-24 Bestselling historian and author Ken McGoogan delves into dictatorships of the twentieth century to sound this crucial alarm about the possibility of democratic collapse in the United States and its implications for Canada Twentieth century novels such as George Orwell's 1984 and Margaret Atwood's *The Handmaid's Tale* produced visions of future dystopia that rang with echoes of past tyrannies Always implied was a warning that history's worst chapters are never truly closed and that we must not fail as many of our forebears did to recognize that the threat of totalitarianism cannot simply be wished away *Awakening to Invasion* an alarming and engrossing work of non fiction from acclaimed Canadian author Ken McGoogan draws on this sense of looping history to show how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century Calling not only on Orwell and Atwood but also on H G Wells Yevgeny Zamyatin Jack London and Hannah Arendt McGoogan traces the ways democracy succumbed to paranoia polarization scapegoating and demagoguery less than a hundred years ago These same forces he argues are now driving a far right movement in the United States that seems devoted to using Trump's warped charisma as a wrecking ball to clear the way for autocracy that closely resembles the dictatorships that stoked the Second World War With this prospect McGoogan's central questions become all the more pressing How should Canadians respond officially and individually to the possibility of democratic collapse in our powerful neighbour to the south Is talk of manifest destiny from right wing American firebrands like Tucker Carlson just chatter for the sake of notoriety Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism and that may one day point the American military machine in our direction on the pretext of liberating us In the cautionary spirit of earlier visionary works *Awakening to Invasion* offers a galvanizing image of a dark possible future as well as an urgent call to act in the belief that we still have the time and ability to ward it off      **The Search for Sam Goldwyn** Carol Easton, 2014-05-05 Sam Goldwyn's career spanned almost the entire history of Hollywood He made his first film *The Squaw Man* in 1913 and he died in 1974 at the age of ninety one In the many years between he produced an enormous number of films including such classics as *Wuthering Heights* *Street Scene* *Arrowsmith* *Dodsworth* *The Little Foxes* and *The Best Years of Our Lives* and worked with many luminaries Gary Cooper Ronald Colman Laurence Olivier George Balanchine Lillian Hellman Howard Hawks John Ford Eddie Cantor Busby Berkeley Danny Kaye Merle Oberon and Bob Hope among them When Samuel Goldfish was born in the Warsaw ghetto he was penniless when Sam Goldwyn died in Los Angeles he was worth an estimated 19 million *The Search for Sam Goldwyn* locates the real Sam Goldwyn and shatters the hostile conspiracy of silence that protected his legend In writing Goldwyn's story Carol Easton has given us a fine examination of the civilization known as Hollywood and how Goldwyn himself shaped that culture      Aldous Huxley and the Search for Meaning Ronald T. **Masculinity and the Search for (Father) Self in American Film** Susan Mackey-Kallis,Brian Johnston,2023-12-12

Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture The book concludes with a discussion of Joseph Campbell s interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them Scholars of film gender studies American studies cultural studies gender studies and psychology will find this book of particular interest **In Search of the Bear's Path** Pasquale De Marco, In In Search of

*Search for Holographic Mind* Chester Litvin PhD, 2019-11-13 A psychologist explores the human psyche's tendency toward fragmentation and a plan to restore a healthy self In this debut book Litvin argues that the human psyche tends often as a response to trauma to shatter into disjointed parts This can be a normal and even salutary psychological mechanism especially when employed to defensively sequester the mind from overwhelming pain But the mind can overreact to distress leading to a self so addled with internal fissures that unhappiness anxiety confusion and a deficit of self-esteem can ensue Fortunately the author contends the splintering of one's self can be remedied by establishing a dialogue between the parts hence producing a congruence that results in the harmony of a Utopian collective The solid identity is a unique structure of the psyche where the fragments are aligned together in common goals and attitude In order to illustrate his chief points Litvin concocts a fictional case study that chronicles the life of soldier Stepan Kryvoruchko who fled the authoritarian ideology of the Soviet Union and suffered from a shattered identity as a consequence The author vividly personifies the scattered shards of Stepan's mind and the process whereby he heals destructive splitting through a reconstructive unification Litvin compellingly assesses the political dimension of his theory and the virus of radicalization that can infect both individuals as well as body politics Author also includes helpful literary analogies drawing a connection between critique of totalitarian collectivism and Dostoyevsky's novelistic dissection of the issue This volume also expands upon the author's idea of sailing as a metaphor for introspective search and provides a broader account of the nature of individual equilibrium these concrete illustrations are of great instructional value     In Search of a Straight Line Stephen Peterson, 2015-02-13 The true life story of Stephen Peterson provided in order let the world know what really happened from 1985 to 2013 This will

Girgus,2014-01-08 The steady rise of Clint Eastwood's career parallels a pressing desire in American society over the past five decades for a figure and story of purpose meaning and redemption Eastwood has not only told and filmed that story he has come to embody it for many in his public image and film persona Eastwood responds to a national yearning for a vision of individual action and initiative personal responsibility and potential for renewal An iconic director and star for his westerns urban thrillers and adventure stories Eastwood has taken film art to new horizons of meaning in a series of masterpieces that engage the ethical and moral consciousness of our times including *Unforgiven* *Million Dollar Baby* and *Mystic River* He revolutionized the war film with the unprecedented achievement of filming the opposing sides of the same historic battle in *Flags of Our Fathers* and *Letters from Iwo Jima* using this saga to present a sharply critical representation of the new America that emerged out of the war a society of images and spectacles This timely examination of Clint Eastwood's oeuvre against the backdrop of contemporary America will be fascinating reading for students of film and popular culture as well as readers with interests in Eastwood's work American film and culture      **In Search of Jonathan** Lena-Sofia Tiemeyer,2023 In *In Search of Jonathan* offers a new reading of the character of Jonathan in biblical and modern literature Lena Sofia Tiemeyer uses an intertextual approach to reveal how modern literary works highlight transform and subvert aspects of the biblical text      *In Search of Jerusalem* Gretl K. Hatina,2002-10-01 In this book the author explores how contexts determine the meaning of embedded scripture texts in the Gospel of Mark Many historical critics base their readings on a context that is external to Mark's story world be it a reconstructed socio religious setting of the evangelist a Jewish exegetical tradition or some earlier stage in the development of the gospel What is common to these readings is the neglect for the context of the story world the very context in which scripture quotations and allusions are embedded The author proposes a method of reading these embedded texts that is sensitive to the story world though not at the expense of the historical setting in which the gospel was written Jesus' announcement in 1:15 concerning the kingdom of God serves as the point of entrance into Mark's story world      **Filmography of American History** Grant Tracey,2001-11-30 Containing over 200 films this resource is ideal for students teachers and other viewers who are interested in using films to enhance their knowledge of American historical events and periods Along with traditional historical categories such as the two World Wars the Civil War and the Great Depression the book emphasizes immigrant multicultural and women centered films to portray the fullness of the American experience It also analyzes representations of people and events across different films for a variety of viewpoints and considers how films reconfigure a past era through the issues of the day in which they were
