Searching For A Better Way

**Raghubir Dayal, Peter Zachariah, Kireet
Rajpal**

Searching For A Better Way:

Searching for Eden James Still, 2006 As one critic wrote about *Searching for Eden* In the beginning and throughout the play here was laughter And the audience found it good More than a hundred years after Mark Twain wrote his own short stories about Adam and Eve James Still combines those stories for Act One of *Searching for Eden* and then imagines Adam and Eve in the present day for Act Two to create this completely original and contemporary play about the world's first love story Act One takes place at the dawn of time in the Garden of Eden In the imaginations of Still and Twain the Garden of Eden is a place where the battle of the sexes begins where language is deliciously invented and where loneliness and heartbreak are poignantly discovered After intermission we jump forward to the present day but Adam and Eve have only aged into their 40s and are dealing with middle age and the distractions of high power careers Adam has surprised Eve with this trip back to Eden a last minute vacation package Adam found on the Internet as an anniversary gift The first couple returns to present day Eden now an upscale resort simply called E in an attempt to recapture the primal passions of their youth While Act One is about childhood discovery and new love Act Two is about middle age rediscovery and trying to make old love new again At its heart *Searching for Eden* is about the pleasures and terrors of knowing one person and being known by that person for a long long time Publisher's website

Spatial Information in Local Knowledge (Penerbit USM) Tarmiji Masron, Mohd Azam Osman, 2015-12-30 This book is an eclectic collection of articles written in English that explores the assimilation of spatial information technology SIT such as remote sensing global positioning system geographic information system and maps to enhance and sustained the local knowledge The goal to SIT integration is to make the invisible knowledge visible and beneficial to be used by others It is a technology that transfers the local knowledge from owners into the form of maps and analysis The maps play a key role in locating the presence of different local knowledge thus help stakeholders in future planning development and resource allocation The editors have chosen topics to embody the SIT in multidisciplinary nature of local knowledge in this region Exploiting Agility for Advantage David L. Francis, 2020-09-07 Many argue that all organisations should strive to be agile Exploiting Agility for Advantage takes a radically different view The author s research shows that requisite agility is required meaning not too much not too little of the right type and delivering wanted agility deliverables This is a book for managers who want their enterprise to be intelligently agile but don t know how to achieve this Part One shows why agility is a strategic option for commercial and not for profit enterprises Part Two describes in detail a seven step agility orientated development programme for work groups or entire organisations Part Three provides academic underpinning on organisational agility for researchers and students of management Agility isn t easy and developing it is going to need much more than a simple slogan This book offers very helpful insights into the detailed mechanisms that underpin this capability and practical guidance around how to build and embed them Prof John
