*Seas and Inland Journeys* James Applewhite, 1985-01      *Elements* Casey Clabough, 2002 *Elements* The Novels of James Dickey draws upon previously undiscussed manuscripts and notes to articulate Dickey's fictional vision as it appears in his three published novels while also examining his early unpublished fiction and post-deliverance screenplays The book's thesis follows Dickey's philosophical and verbal theory for his published fiction the practice of merging illustrating the multifaceted and layered manner in which it functions encompassing protagonist and environment and reader and text Just as Ed Gentry Joel Cahill and Muldrow assume the essence of their respective environments the reader is subtly asked to become a part of the text while retaining cognitive independence to blend in the place you're in but with a mind to do something To the White Sea 273 Having explored the connective qualities of Dickey's published novels the book's final chapter turns to a summary of Dickey's unpublished and largely unknown fiction Discussing a novel manuscript four short stories three screenplays and five screenplay prospects the chapter seeks to summarize these heretofore undiscussed works while also tracing their similarities with the published texts      **Riverbank and Seashore in Nineteenth and Twentieth**

**Century British Literature** Gillian Mary Hanson, 2005-11-17 The waters of river and sea represent a kind of freedom a liberty which as Iris Murdoch writes enables man to exist sanely without fear and to perceive what is real As settings in fiction the riverbank and seashore are rich in potential offering a sense of destiny and suggesting the possibility of self truth and self knowledge In British literature the rural coastal setting shadowed by cliffs tugged by the constant movement of the sea becomes the site of revelation and generates the energy that brings characters to a new level of self awareness The river's embankments bridges and tunnels often mark specific stages of revelation and movement in plot Entrapment and isolation contingency and communication are themes that seem born of such settings This book examines the ways in which 21 modern and postmodern writers from Tennyson to Ted Hughes from Jane Austen to Jane Gardam have made use of the physical environment of riverbank and seashore in their work It considers how each author employs the physical settings in the service of plot and character development and how those settings are used to connect with some of the major intellectual concerns of the late 19th and 20th centuries Appendices offer significant quotations from the texts under discussion arranged according to the location they describe the rural river the urban river river into sea the rural shore and the urban shore

*Jacques Derrida (Routledge Revivals)* William Schultz, Lewis L.B. Fried, 2016-06-17 First published in 1992 this book represents the first major attempt to compile a bibliography of Derrida's work and scholarship about his work It attempts to be comprehensive rather than selective listing primary and secondary works from the year of Derrida's Master's thesis in 1954 up until 1991 and is extensively annotated It arranges under article type a huge number of works from scholars across numerous fields reflecting the interdisciplinary and controversial nature of Deconstruction The substantial introduction and annotations also make this bibliography in part a critical guide and as such will make a highly useful reference tool for those

studying his philosophy      **Rivermen** Frederic S. Colwell,1989-09-01 Rivermen examines the mythic context and psychological dimensions of the river and its source through an investigation of the recurring motifs associated with the source in classical and English literature the heroic quest the river journey and the naiad or muse Frederic Colwell focuses on the writings of those redoubtable rivermen the English Romantic poets He explores poems by Wordsworth Coleridge Keats and Shelley showing that the image of the river is used in their work as a compelling archetype and a metaphor for the nature and process of the creative impulse From the preface Unlike the rhythms of oceans rivers have direction and a purposive flow The river s will is always its own not laid down by man for whom the river passage demands a surrender to its will its currents and eddies To move with the flow is to course with time and change to stand astride or view it from a height offers the prophetic stance by which we contemplate its entire passage its past present and the brightening waters or rippling shoals ahead      *Writing Fiction and Poetry* Sally Sullivan,1997-12 Our meddling intellect misshapes the beauteous forms of things we murder to dissect Wordsworth cautioned at the dawning of a new age of science and technology It is a caution that in addition to applying to the study of art and nature might also apply to our investigation of the creative process which has engaged the meddling minds of many OC the process involved in literary creation in particular has fascinated many ordinary people as well as a great many psychologists and philosophers from Plato onOC The variety of approach and style in *Writing Fiction and Poetry* extends also to gender and experience The book contains essays and interviews of 12 internationally known North Carolina writers For an author bio and photo reviews and a reading sample visit bosonbooks.com      **Southern Writers** Joseph M. Flora,Amber Vogel,2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a matter for debate Editors Joseph M Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have emerged in the quarter century since the dictionary s original publication as well as older talents previously unknown or unacknowledged For almost every writer found in the previous edition a new biography has been commissioned Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners Southern Writers is an indispensable reference book for anyone intrigued by the subject      *Towers of Myth and Stone* Deborah Fleming,2015-09-15 In this critical study of the influence of W B Yeats 1865 1939 on the poetry and drama of Robinson Jeffers 1887 1962 Deborah Fleming examines similarities in imagery

landscape belief in eternal recurrence use of myth distrust of rationalism and dedication to tradition Although Yeats's and Jeffers's styles differed widely *Towers of Myth and Stone* examines how the two men shared a vision of modernity rejected contemporary values in favor of traditions some of their own making and created poetry that sought to change those values Jeffers's well known opposition to modernist poetry forced him for decades to the margins of critical appraisal where he was seen as an eccentric without aesthetic content Yet both Yeats and Jeffers formulated social and poetic philosophies that continue to find relevance in critical and cultural theory Engaging Yeats's work enabled Jeffers to develop a related though distinct sense of what themes and subject matter were best suited for poetic endeavor His connection to Yeats helps to explain the nature of Jeffers's poetry even as it helps to clarify Yeats's influence on those who followed him Moreover Fleming argues Jeffers's interest in Yeats suggests that critics misunderstand Jeffers if they take his rejection of modernism as exemplified by Wallace Stevens William Carlos Williams and Ezra Pound as a rejection of contemporary poetry or the process by which modern poetry came into being
