T. Harrell, 2009-01 Seldom if ever has a writer been given access to a former major drug dealer in the Mafia underworld and three generations of family members that followed After nearly two years of interviews and subsequent research it has been discovered that a close relative of the family was one of the most powerful figures in the Mafia from the 1940s to the mid 1990s yet his identity until now has never been revealed He was the consigliere for all of the American Mafia The book tells in detail the life and times of a family who escaped the threat of Fascism in Sicily at the turn of the century and the rise of one of the children to a major figure in the Mob Another sibling returned from a tragic life in an orphanage only to become an adept criminal He ultimately spent twenty years off and on in prison with the Who's Who of the Mafia men who became friends and had secret stories to tell After prison he became one of the pioneers of Off Off Broadway in NYC and later was responsible for the regeneration of Little Italy in the Lower East Side of NYC The book details the influence and protection afforded later generations of the family to this day It offers a unique insight into the real life of people during this 100 year period Myths about the Mob are disclosed and inaccuracies in the history of the Mafia are corrected It is a very compelling epic true story It is a book you will not be able to put down Look on www.mafiasecretjudge.com for further details **Dissoi Logoi: Introduction, Critical Text, Translation, and Commentary** Sebastiano Molinelli, 2024-10-16 This new critical edition of Dissoi Logoi starts from a codicological analysis that is unprecedented in scope the studied codices are twenty six and depth their material dimensions transmitted works provenance date scribe first possessors and current place of conservation are considered On this basis a new stemma codicum and a new Greek critical text with parallel English translation are offered The extensive introduction reconstructs the manuscript and printed transmission of the text and sheds new light on its nature and its reception in antiquity Dissoi Logoi appears to have been written between 355 and 338 BCE in an Eastern form of Doric by a sophist who aimed to promote his course It likely worked as a source for Sextus Empiricus which contributes to explaining the work's collocation at the end of Sextus codices The third and final part of the book consists in a two level commentary First the Structural Commentary looks into blocks of chapters from a rhetorical and philosophical perspective Then the Lemmatic Commentary delves into the most salient lemmas of the text covering textual linguistic literary and historical issues as well **Risorgimento in Modern Italian Culture** Norma Bouchard, 2005 The renewed attention to the origin and shape of

nationalist discourses has promoted many excellent studies devoted to examining the rich storehouse of cultural responses produced during and after Risorgimento the political events that from 1859 to 1870 led Italy from being a fragmented peninsula to an independent and unified nation state However the assessment of Risorgimento and its myths from the post World War II era to the present remains for the most part unexplored While it is undeniable that the dramatic economic social and political transformations that have characterized Italy from the second half of the twentieth century to the present have altered the role and function of nationalist narratives it remains equally true that interest in the Risorgimento in modern Italian culture has not diminished Philip II of Spain and the Architecture of Empire Laura
