forgotten Le Nain brothers a trio of 17th century French master painters who specialized in portraiture religious subjects
and scenes of everyday peasant life In France in the 17th century the brothers Antoine c 1598 1648 Louis c 1600 1605 1648
and Mathieu 1607 1677 Le Nain painted images of everyday life for which they became posthumously famous They are
celebrated for their depictions of middle class leisure activities and particularly for their representations of peasant families
who gaze out at the viewer The uncompromising naturalism of these compositions along with their oddly suspended action
imparts a sense of dignity to their subjects Featuring more than sixty paintings highlighting the artists full range of
production including altarpieces private devotional paintings portraits and the poignant images of peasants for which the
brothers are best known this generously illustrated volume presents new research concerning the authorship dating and
