Second Language Learning:

Foreign and Second Language Learning William Littlewood, 1984-04-26 The relevance of language acquisition to the day to day concerns of teaching and learning languages

New Perspectives on Transfer in Second Language Learning Liming Yu, Terence Odlin, 2016 When people attempt to learn a new language the language s they already know can help but also hinder their understanding or production of new forms This phenomenon known as language transfer is the focus of this book The collection offers new theoretical perspectives some in the empirical studies and some in other chapters and consists of four sections considering lexical syntactic phonological and cognitive perspectives The volume provides a wealth of studies on the influence of Chinese on the acquisition of English but also includes studies involving Finnish French Hindi Korean Persian Spanish Swedish and Tamil It will be of great interest to researchers and students working in the areas of crosslinguistic influence in second language acquisition language pedagogy and psycholinguistics

Conditions for Second Language Learning Bernard Spolsky, 1989 Spolsky here examines the conditions under which languages are learned and how learning related to teaching His theory set out in the form of a preference model emphasizes the need to be precise and clear on the nature of the goals and outcomes of learning and to recognize the complexity of the concept of knowing a second language

Usage-Based Perspectives on Second Language Learning Teresa Cadierno, Søren Wind Eskildsen, 2015-10-16 This edited volume brings together perspectives that find mutual kinship in a view of language as an embodied semiotic symbolic tool used for communicative and interactional purposes and an understanding of language use as the preeminent condition for language learning perspectives that we conjoin under the umbrella term of usage based perspectives

AFFECT IN FOREIGN LANGUAGE AND SECOND LANGUAGE LEARNING Dolly J. Young, 1999 Affect in Foreign Language and Second Language Learning offers high school and college university second language teachers or teachers in training practical suggestions for creating activities that take into account learner anxieties frustrations or discomfort in the language learning process The objective of the book is to offer concrete instructional approaches for language learning that are rooted in second language acquisition research and at the same time that promote a low anxiety classroom environment The authors of each chapter are specialists in specific areas of language learning and their essays composed specifically for this volume lay the groundwork for continued research on affect in language learning This text is part of the McGraw Hill Second Language Professional Series edited by James F Lee and Bill VanPatten

First Language Use in Second and Foreign Language Learning Miles Turnbull, Jennifer Dailey-O'Cain, 2009 This book focuses on the use of the first language in communicative or immersion type classrooms Through the intersection of theory practice curriculum and policy the volume calls for a reconceptualization of code switching as something that both proficient and aspiring bilinguals do naturally and as a practice that is inherently linked with bilingual code switching

Brave New Digital Classroom Robert J. Blake, Gabriel Guillén, 2020-02-20 Robert Blake now with Gabriel Guillén updates his successful book 1st

ed 2008 2nd ed 2013 on how to teach foreign languages using technology Brave New Digital Classroom touches on all of the key concepts and challenges of teaching with technology focusing on issues specific to FLL or L2 learning and CALL Originally referred to as computer assisted language learning CALL has come to encompass any kind of learning that uses digital tools for language learning This edition reframes the conversation to account for how technology has been integrated into our lives Blake and Guill n address the ways technology can help with L2 how to choose the right digital tools how to use those tools effectively and how technology can impact literacy and identity The book is primed for use in graduate courses terminology is in bold and a comprehensive glossary is included each chapter finishes with a short list of references for further reading on the topic and discussion questions The authors provide short interview videos free via GUP website to enhance discussions on each chapter s topic

Second Language Acquisition and Second Language Learning Stephen D. Krashen, 1981 On the Monitor Theory of adult second language acquisition

The Age Factor in Second Language Acquisition David Michael Singleton, Zsolt Lengyel, 1995-01-01 This book takes a hard look at some of the assumptions that are customarily made concerning the role of age in second language acquisition The evidence and arguments the contributors present run counter to the notion that an early start in second language learning is of itself either absolutely sufficient or necessary for the attainment of native like mastery of a second language Another theme of the book is a doubt that there is a particular stage of maturity beyond which language learning is no longer fully possible In short the book presents a challenge to those who take it as given that second language learning is inevitably different in its essential nature from language acquisition in the childhood years and that second language knowledge acquired beyond the critical period is in all circumstances and in all respects doomed to fossilize at a non native like level

Tasks in Second Language Learning Virginia Samuda, Martin Bygate, 2007-11-27 Tasks in Second Language Learning aims to re centre discussion of the ways in which language learning tasks can help offer a holistic approach to language learning and to explore the research implications It relates the broad educational and social science rationale for the use of tasks to the principles and practices of their classroom use The authors provide a balanced review of research as a basis for exploring a broader research agenda Throughout the book offers telling illustration of the contributions of a range of specialists in research teaching methodology and materials development and of the authors own argument

Introduction to Instructed Second Language Acquisition Shawn Loewen, 2025-03-10 Now in its third edition Introduction to Instructed Second Language Acquisition continues to present a structured comprehensive introduction to ISLA s theoretical empirical and pedagogical themes as well as a range of key issues in research and practice Designed for ease of teaching the text includes separate sections for empirical evidence and pedagogical implications in order to demonstrate how research findings can successfully be

implemented in the classroom Activities and discussion questions as well as points for reflection facilitate discursive learning and critical thinking This third edition has been thoroughly updated to reflect the latest developments in the field along with new chapters on psychological cognitive and social individual differences respectively This is an essential core text for courses on ISLA and recommended reading for classes in Language Acquisition more broadly

Learning a Second Language through Interaction Rod Ellis,1999-12-15 This book examines different theoretical perspectives on the role that interaction plays in second language acquisition The principal perspectives are those afforded by the Interaction Hypothesis Socio Cultural Theory and the Levels of Processing model Interaction is therefore defined broadly it is seen as involving both intermental and intramental activity The theoretical perspectives are explored empirically in a series of studies which investigate the relationship between aspects of interaction and second language acquisition A number of these studies consider the effects of interaction on the acquisition of vocabulary word meanings by both adult and child L2 learners In addition the effects of language aptitude on input processing are considered Further studies consider the contribution that interaction makes to the acquisition of grammatical knowledge These studies provide clear evidence that social and intermental interaction are major forces in the acquisition of an L2 Finally the book considers a number of pedagogic specifications In particular the importance of discourse control as a means of learners obtaining the quality of interaction likely to foster acquisition is discussed
