A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Allied Sciences Albert Henry Buck,1887 The Remains of War Thomas M. Hawley,2005-07-13 An exploration of how US efforts to sacralize and repatriate the remains of some 2 000 soldiers killed in action in the Vietnam War might indicate some lingering corporeal and ontological uncertainties in the post Vietnam era Branham Automobile Reference Book ,1926 **Supplement to Vietnam 1964-1973** ,2005 **Grunts** Kyle Longley,2015-01-28 This book provides a fresh approach to understanding the American combat soldier s experience in Vietnam It integrates such topics as the political culture the experiences of training the actual Vietnam experience and the homecoming and offers a remarkable overview of the 870 000 grunts who bore the brunt of the fighting in the jungles and highlands of South Vietnam and eventually Cambodia and Laos The book addresses many of the stereotypes of the Vietnam combat veteran that have been perpetrated in popular culture and also considers how Vietnam veterans have been commemorated through memorials and other means and how the veterans remember each other The coverage also includes women who served in or near the front lines as well as on the home front The author draws on memoirs and oral histories including his personal interviews with veterans but the book conveys a picture of the Vietnam combat soldier s experience far more powerful than what individual memoirs can provide **Vietnam and the United States** Le Thuy Trang,2021-12-27 This book examines the unfolding new relationship between Vietnam and the United States US since the end of the Cold War discussing how the relationship has emerged as one of the most intriguing facets of the regional geopolitical landscape and how the two countries turned from staunch adversaries to partners within the span of four decades after the end of the Vietnam War It explains in particular the interplay between international relations factors such as the US rivalry with China and domestic factors in both countries which the book argues are crucial to understanding the changing relationship Overall the book provides many insights into Vietnamese foreign policy and a rich context for those seeking to understand the prospects of closer Vietnam US ties or actually trying to broaden the vistas of bilateral cooperation between Hanoi and Washington Supplement to Vietnam 1964-1973 Elwood L. White,2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium
