Nobel Lecture Literature 1901-1967, 1969 **Literature 1901-1967** Horst Frenz, 1969 Nobel lectures including presentation speeches and laureates biographies The Nobel Prize and the Formation of Contemporary World Literature Paul Tenngart, 2023-10-05 An exploration of the history ambitions and impact of the Nobel Prize in literature as it gained a central position in 20th century global literary culture Few scholars would deny that the Nobel Prize is the most prestigious literary award in the world But what mechanisms made it possible for 18 Swedish intellectuals to become the world's most influential literary critics Paul Tenngart argues that the Nobel Prize in literature has become a special kind of international canonization exerted from a non central semi peripheral position the award sometimes confirms and reinforces hierarchical relations between literary languages and cultures and sometimes disturbs established patterns of dominance and dependence Drawing from a wide range of contemporary theories and methods this multifaceted history of the Nobel Prize questions how the Swedish Academy has managed to keep the prize's global status through all the violent international crises of the last 120 years how the selection of laureates shaped the idea of universal literary values and defined literary quality across languages and cultures and what impact the prize has had on the distribution and significance of particular works literatures and languages The Nobel Prize and the Formation of Contemporary World Literature explores the history and impact of the Nobel Prize in literature from the first award in 1901 through recent controversies involving Bob Dylan and MeToo arguing that the prize is a unique performative act that has been and still is central in our continual and collective construction of world literature Nobel Lectures, Including Presentation Speeches and Laureates' Biographies Horst Frenz, 1969

Quicklet on Ernest Hemingway's To Have and Have Not LeAnne Bagnall, 2012-04-04 ABOUT THE BOOK Based on his personal experiences and observations from living in Key West and Cuba Hemingway composed the non stop adventures of the indefatigable yachtsman Harry Morgan an ex policeman struggling to survive the Great Depression in the depths of Cuban revolutionary waters The Morgan story was originally intended to be published in three separate short stories Baker xvi a narrative genre which Hemingway himself was redefining at the time Hemingway had already published the first and second stories of Harry Morgan in Cosmopolitan and Esquire magazines 1934 1935 and decided to revise all the tales into one novel Yet the melding of the three stories along with the intervening story of Richard Gordon created a novel

lacking in unity Hemingway even admitted that *To Have and Have Not* was a procedural error Baker xv and his least gratifying book Baker 205 The novel was crafted during a time in Hemingways life that experts describe as an interim period of artistic regression between his better glory days Baker xvi The start of the Spanish Civil War also influenced Hemingways time and focus on the novel in that the main character as an individual comes to share the same fate as the oppressed proletarians of his society Meyers 267 Hemingway worked and reworked with the manuscript even relying on the unbiased editorial eyes of trusted friends Mellow 485 until its final publication by Scribner in 1937 It opened to critical reviews which considered the work to be an anti capitalist stance against the U S government with Marxist undertones and as a novel divided against itself telling multiple stories which just didnt cohere as a single novel Mellow 488 Baker 205 206

EXCERPT FROM THE BOOK You know how it is there early in the morning in Havana with the bums still asleep against the walls of the buildings before even the ice wagons come by with ice for the bars Most likely you do not know and could not possibly even know what it would be like to see this scenario yet this is the world into which Hemingway plunges his reader at the start of *To Have and Have Not* The novel is ultimately about the perils of the Haves and Have Nots trying to survive the economic crisis of the Great Depression within the locale of Key West and Havana It is a tumultuous political and social climate the desperate and helpless population especially those Cubans running their political revolution are forced to take any means of income available to them including the black market murder robbery and smuggling This is the world to which Harry Morgan the storys main character belongs as well Harry is a tough bold cynical and exceptionally smart yachtsman with a wife and three daughters living in Key West Harry is forced to run contraband as well as human smuggling on his boat to make a living and survive the societal decay of the region

CHAPTER OUTLINE Quicklet on Ernest Hemingway s *To Have and Have Not* About the Book About the Author Overall Summary Chapter by Chapter Summary and much more Ernest Hemingway s *To Have and Have Not* [The Child That Haunts Us](#) Susan Hancock, 2016-02-04 *The Child That Haunts Us* focuses on the symbolic use of the child archetype through the exploration of miniature characters from the realms of children s literature Jung argued that the child archetype should never be mistaken for the real child In this book Susan Hancock considers how the child is portrayed in literature and fairytale and explores the suggestion from Jung and Bachelard that the symbolic resonance of the miniature is inversely proportionate to its size We encounter many instances where the

miniature characters are a visibly vulnerable other yet often these occur in association with images of the supernatural as the desired or feared object of adult imagination In *The Child That Haunts Us* it is emphasised that the treatment by any society past or present of its smallest and most vulnerable members is truly revealing of the values it really holds This original and sensitive exploration will be of particular interest to undergraduate and postgraduate students as well as academics engaged in Jungian studies children's literature childhood studies and those with an interest in socio cultural constructions of childhood

The Collective Edge Colin M. Fisher, 2025-08-28 Essential reading for creators builders and leaders DANIEL H PINK author of *Drive* A deep dive into the dynamics of successful teams ADAM GRANT author of *Think Again* A phenomenal science backed guide KATY MILKMAN author of *How to Change* We live in an age of unprecedented individualism We seek individualistic solutions to our problems but we can rarely explain failures and

successes by looking at one person's actions or fix things entirely on our own. Our lives are shaped by groups as wide ranging as work teams, friends and families, nationalities and religions, and our tendency toward cooperation is the foundation of human accomplishment. Nearly every scientific discovery, world changing business, desert island musical album, and legendary sports team has a great group at its core. In his revelatory book, Dr. Colin Fisher, a foremost expert on group dynamics, demonstrates how to harness the amazing power of groups to achieve great things under the right conditions. Fisher skilfully weaves together the latest science with vivid storytelling. He demonstrates how to build happy groups that cooperate effectively, how to harness the motivating power of competition without getting embroiled in conflict, and avoid the pitfalls of conformity. *The Collective Edge* is a ground breaking book that will transform your understanding of human behaviour. Whether you want to change yourself, your team, or the world you need to work with the invisible forces of group dynamics rather than being unwittingly pushed around by them. By doing so, you can learn to make better decisions, form happier groups that are more than the sum of their parts, and improve the quality of your interactions with others forever, changing how you live and work for the better.

Escape Into the Future John Stroup, Glenn W. Shuck, 2007. *Escape into the Future* analyzes the power of pessimism, showing links between present day religious pessimism and the nihilism of popular culture. Stroup and Shuck rummage through an interesting and eclectic body of pop culture from *Fight Club* to *X-Files* to the *Left Behind* series, pointing out the presence of pessimistic themes throughout. This volume identifies and illuminates the religious language used in these works to articulate America's need to escape from its present cultural path and ultimately provide hope that it might do so.

Möbian Nights Sandor Goodhart, 2017-08-24. *I died at Auschwitz*. French writer Charlotte Delbo asserts, and nobody knows it. Möbian Nights: Reading Literature and Darkness develops a new understanding of literary reading that, in the wake of disasters like the Holocaust, death remains a premise of our experience rather than a future. Challenging customary aesthetic assumptions that we write in order not to die, Sandor Goodhart suggests, with Kafka, we write to die. Drawing upon analyses developed by Girard, Foucault, Blanchot, and Levinas, along with examples from Homer to Beckett, Möbian Nights proposes that all literature works autobiographically, which is to say, in the wake of disaster, with the credo, *I died, therefore I am*, and for which the language of topology, for example, the Möbius strip, offers a vocabulary for naming the deep structure of such literary, critical, and scriptural sacrificial and anti-sacrificial dynamics.
