Noble Privilege M. L. Bush, 1983 The European Nobility: Noble privilege M. L. Bush,1983 The European Nobility: Rich noble, poor noble M. L. Bush, 1983 The Fight for Status and Privilege in Late Medieval and Early Modern Castile, 1465-1598 Michael J. Crawford, 2020-05-01 In The Fight for Status and Privilege in Late Medieval and Early Modern Castile 1465 1598 Michael Crawford investigates conflicts about and resistance to the status of hidalgo conventionally understood as the lowest most heavily populated rank in the Castilian nobility It is generally accepted that legal privileges were based on status and class in this premodern society Crawford presents and explains the contentious realities and limitations of such legal privileges particularly the conventional claim of hidalgo exemption from taxation He focuses on efforts to claim these privileges as well as opposing efforts to limit and manage them Although historians of Spain acknowledge such conflicts especially lawsuits associated with this status none have focused a study on this extraordinarily widespread phenomenon This book analyzes the inevitable contradictions inherent in negotiation for and the implementation of privilege scrutinizing the many jurisdictions that intervened in these struggles and debates including the crown judiciary city council and financial authorities Ultimately this analysis imparts important insights about the nature of sixteenth century Castilian society with wide ranging implications about the relationship between social status and legal privileges in the early modern period as a **The European Nobility, 1400-1800** Jonathan Dewald, 1996-05-16 The English Aristocracy M. L. Bush, 1984 whole Monarchy, Aristocracy and State An authoritative and accessible survey of the European nobility over four centuries in Europe 1300-1800 Hillay Zmora, 2002-01-04 Monarchy Aristocracy and the State in Europe 1300 1800 is an important survey of the relationship between monarchy and state in early modern European history Spanning five centuries and covering England France Spain Germany and Austria this book considers the key themes in the formation of the modern state in Europe The relationship of the nobility with the state is the key to understanding the development of modern government in Europe In order to understand the way modern states were formed this book focusses on the implications of the incessant and costly wars which European governments waged against each other which indeed propelled the modern state into being Monarchy Aristocracy and the State in Europe 1300 1800 takes a fascinating thematic approach providing a useful survey of the position and role of the nobility in the government of states in early modern Europe The Continuity of Feudal Power Tommaso Astarita, 2002-06-03 The Continuity of Feudal Power is the first modern study of an aristocratic family in the kingdom of Naples the largest Italian state during the period of Spanish rule 1503 1707 Social Orders and Social Classes in Europe Since 1500 M. L. Bush, 2014-07-15 This pioneering survey evaluates the notions of class and order throughout European history since 1500 After a general theoretical section on the concept of orders and class the book provides discussions and case studies of the nobility the clergy the middle classes and the rural and urban proletariat The studies are drawn from all over Europe from early modern Castile to late Tsarist Russia Contributors include Peter Burke Stuart Woolf A

Estate Landscapes in Northern Europe Signe Boeskov, Jonathan Finch, Mikael A Thompson and Joseph Bergin Frausing, 2019-07-01 Estate Landscapes in Northern Europe is the first study of the role of the landed estate as an agent in the shaping of landscapes and societies across northern Europe over the past five centuries Leading us into the fascinating variations of manorial worlds the present volume seeks to open the field to include a broader perspective on estate landscapes Estate or manorial landscapes were distinctive elements within the historic landscape and created their own character Marked by larger scale fields associated with the home or demesne farm as well as a higher proportion of woodland and timber trees the landscapes reflected the scale of the resources available to the landowner and the control they exerted over the local communities But they also represented the performative aspects of life for the elite such as their engagement with hunting While existing works have tended to emphasize the economic and agricultural aspect of estate landscapes this volume draws out the social cultural and political impact of manors and estates on landscapes throughout northern Europe The chapters provide insights into a broad range of histories such as the social worlds of burghers and nobility in the Dutch Republic or the relationship between the distribution of land and the agitation for electoral reform in nineteenth century England Elsewhere in Scandinavia the impact of the reformation and conquest in Norway is balanced against the continuity of ownership in Sweden where developing the natural resources for industrial enterprise such as ironworks and sawmills brought in new owners Estate Landscapes in Northern Europe is the first product of the collaboration of researchers from Norway Germany Sweden the United Kingdom Denmark and the Netherlands joined together in the European Network for Country House and Estate Research ENCOUNTER From Lord to Patron John Malcolm William Bean, 1989 Rich Noble, Poor Noble M. L. Bush, 1988 **Aristocracy: A Very Short Introduction** William Doyle, 2010-11-25 This engaging introduction shows how ideas of aristocracy originated in ancient times were transformed in the middle ages and have only fallen apart over the last two centuries The Oxford Handbook of Early Modern European History, 1350-1750 Hamish Scott, 2015-07-23 This Handbook re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic

developments and religion including chapters on Orthodoxy Judaism and Islam Early Modern Europe Mark Konnert, 2008-08-23 A tour de force Vladimir Steffel Ohio State University The Birth of Nobility David Crouch, 2015-10-23 For 300 years separate and mutually uncomprehending English and French historiographies have confused the history of medieval aristocracy Unpicking the basic assumptions behind both national traditions this book explains them reconciles them and offers entirely new ways to take the study of aristocracy forward in both England and France The Birth of Nobility analyses the enormous international field of publications on the subject of medieval aristocracy breaking it down into four key debates noble conduct noble lineage noble class and noble power Each issue is subjected to a thorough review by comparing current scholarship with what a vast range of historical source material actually says It identifies the points of divergence in the national traditions of each of these debates and highlights where they have been mutually incomprehensible For students studying medieval Europe <u>Urban Societies in East-Central Europe, 1500-1700</u> Jaroslav Miller, 2016-02-11 Whilst much has been written about early modern urban history the majority of this work has focussed on Western Europe with relatively little available in English on towns and cities in the former communist East However in recent years urban scholars have increasingly looked to a much more inclusive picture of Europe that compares and contrasts development across the whole continent Dealing primarily with Bohemia Hungary and the Polish Lithuanian Commonwealth this book provides an insight into a number of key issues concerning the economic social and demographic trends in early modern East Central European urban history Taking a supra national perspective across a long time span it examines the effects of migration Reformation state building and economic change on the transformation of medieval urban communities into early modern societies Drawing on a wealth of primary sources particularly the registers of new citizens kept by many towns and cities a fascinating picture of urban development and social structure is reconstructed that not only tells us much about East Central Europe but adds to our knowledge of the whole continent An Eoraip: Gaelic Ireland in Medieval and Early Modern Europe ,2025-08-14 Medieval and early modern Irish scholars thought of themselves as Europeans As an expression of territorial association this belief reflects both their familiarity with the geographical traditions of Antiquity and the integration of their society into economic cultural and political networks that spanned the continent But it was also an articulation of a perceived cultural affinity often denied in modern scholarship The chapters in this volume examine the many and various ways that Gaelic Ireland was integrated into the broader European world focusing on literature and learning real world politics economics and travel and questions of identity Contributors are Rachel Brody Michael Clarke Simon Egan Deborah Hayden Brendan Kane Victoria L McAlister Ken Donnchu Patricia Palmer Brian Stone and Patrick Wadden
