Noble Experiment:

They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said You cannot fool all the people all the time Thomas Jefferson never said That government is best which governs least And Horace Greeley never said Go west young man In They Never Said It Paul F Boller Jr and John George examine hundreds of misquotations incorrect attributions and blatant fabrications outlining the origins of the quotes and revealing why we should consign them to the historical trashcan Many of the misquotes are quite harmless Some are inadvertent misquotes that have become popular Shakespeare actually said The best part of valor is discretion others the inventions of reporters embellishing a story Franklin Roosevelt never opened a speech to a DAR group with the salutation My fellow immigrants But some of the quotes such as Charles Darwin s supposed deathbed recantation of evolution falsify the historical record with their blatant dishonesty And other chillingly vicious ones filled with virulent racial and religious prejudices completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln An entertaining and thought provoking book They Never Said It covers a great deal of history and sets it right Going beyond a mere catalog of popular misconceptions Boller and George reveal how rightists and leftists and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends The ultimate debunking reference it perfectly complements handbooks of quotations *The "noble Experiment,"* Irving Fisher, Herbert Bruce Brougham, Alcohol Information Committee, 1930 Published under the auspices of the Alcohol Information Committee List of authors titles and publishers pages 459 464 *Dewdroppers, Waldos, and Slackers* Rosemarie Ostler, 2005-09-29 Lists the meanings and backgrounds of thousands of twentieth century catch phrases slang terms and buzzwords many of which have fallen out of use in a volume complemented by historical and sociological essays **Hearings** United States. Congress. House. Committee on the Judiciary, 1930 **Hearings** United States. Congress. House, 1955 *AFPTRC-TN.*, 1957 **Revisiting the Foundations of Relativistic Physics** Ashtekar, 2011-06-28 This book is for physicists historians and philosophers of physics as well as students seeking an introduction to ongoing debates in relativistic and quantum physics This title is unique in that it comprises contributions by leading physicists philosophers and historians of science it covers the recent debates on the emergence of relativity and quantum theory it includes chapters with an introductory character comprehensible to students and science teachers it can be used in graduate level courses in the history and philosophy of science it strengthens the bonds between the communities of scientists historians and philosophers **SPIN**, 1995-02 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the

energy of today's most innovative sounds Whether covering what's new or what's next SPIN is your monthly VIP pass to all that rocks

Dry Manhattan Michael A. Lerner, 2009-06-30 In 1919 the United States made its boldest attempt at social reform Prohibition This noble experiment was aggressively promoted and spectacularly unsuccessful in New York City In the first major work on Prohibition in a quarter century and the only full history of Prohibition in the era's most vibrant city Lerner describes a battle between competing visions of the United States that encompassed much more than the freedom to drink

In Their Own Words Fred Erisman, 2021-01-15 Amelia Earhart's prominence in American aviation during the 1930s obscures a crucial point she was but one of a closely knit community of women pilots Although the women were well known in the profession and widely publicized in the press at the time they are largely overlooked today Like Earhart they wrote extensively about aviation and women's causes producing an absorbing record of the life of women fliers during the emergence and peak of the Golden Age of Aviation 1925-1940 Earhart and her contemporaries however were only the most recent in a long line of women pilots whose activities reached back to the earliest days of aviation These women too wrote about aviation speaking out for new and progressive technology and its potential for the advancement of the status of women With those of their more recent counterparts their writings form a long sustained text that documents the maturation of the airplane aviation and women's growing desire for equality in American society *In Their Own Words* takes up the writings of eight women pilots as evidence of the ties between the growth of American aviation and the changing role of women Harriet Quimby 1875-1912 Ruth Law 1887-1970 and the sisters Katherine and Marjorie Stinson 1893-1977 1896-1975 came to prominence in the years between the Wright brothers and World War I Earhart 1897-1937 Louise Thaden 1905-1979 and Ruth Nichols 1901-1960 were the voices of women in aviation during the Golden Age of Aviation Anne Morrow Lindbergh 1906-2001 the only one of the eight who legitimately can be called an artist bridges the time from her husband's 1927 flight through the World War II years and the coming of the Space Age Each of them confronts issues relating to the developing technology and possibilities of aviation Each speaks to the importance of assimilating aviation into daily life Each details the part that women might and should play in advancing aviation Each talks about how aviation may enhance women's participation in contemporary American society making their works significant documents in the history of American culture

Congress. House. Committee on the Judiciary,1930 **President Herbert Hoover** Donald W. Whisenhunt,2007 Herbert Clark Hoover 10 August 1874 20 October 1964 the 31st President of the United States 1929 1933 was a successful mining engineer the people's icon and administrator He showed the Efficiency Movement component of the Progressive Era arguing there were other solutions to all social and economic problems a position that was challenged by the Great Depression that began while he was President Hoover had a distinguished public service career before becoming president at a time of great religious and social turmoil He had the misfortune to arrive at the presidency at the same time as the Stock Market Crash of 1929 and the outset of the Great Depression and his legacy to this day carries that stigma He nevertheless is generally ranked in the middle of the pack of effective presidents **Bulletin of the National Research Council** National Research Council (U.S.),1922 **Bad Medicine** Milton Silverman,Mia Lydecker,Philip Lee,1992-05-01 The pharmaceutical industry has long and vehemently insisted that it has the willingness the dedication and the ability to police itself to insure that the public will not be unnecessarily harmed or defrauded As the record shows with painful clarity however virtually no industry or professional group has ever adequately policed itself and the pharmaceutical industry is no exception Where the most flagrant abuses have been exposed and corrected major credit must probably be divided among the media that publicized the situation consumer groups that applied pressure government officials who took actions that were often unpopular and individual members of the pharmaceutical industry who had the courage to face up to their social responsibilities In this book the authors turn their attention to what happened in Third World countries when because of worldwide pressures the multinational drug companies largely corrected their notorious abuses On the basis of painstaking research much of it conducted in a great many Third World countries the authors conclude that a plethora of small local firms have filled the dishonest sales channels vacated by the multinationals The authors show in great detail how local drug firms in the Third World have taken advantage of loose regulatory practices and unscrupulous behavior on the part of regional and national health care professionals to promote the sale of dangerous or worthless drugs as remedies for diseases for which they were

never intended Warnings of bad side effects are omitted from promotional literature drugs are sold that have not had proper trials and drug firms have often bribed government officials doctors and hospital administrators in order to gain favorable treatment in the importation and sale of their products Among the many topics treated in this book are the controversy over inexpensive generic drugs including disclosures of fraud and bribery in the U S Food and Drug Administration the actions of consumer groups and the key role of government in preventing abuses by drug firms The authors describe a remarkable attempt in Bangladesh one of the poorest of all the developing countries to develop a high quality local drug industry They also present as case histories reports on three extremely important drug products or groups the dipyrones for control of pain and fever high dosage estrogen progesterone hormone products for use in pregnancy tests and clioquinol or Enterovioform for treatment of diarrhea all of which were or still are centers of worldwide heated controversy *Advanced*

Electromagnetism And Vacuum Physics Patrick Cornille,2003-07-07 This book is aimed at a large audience scientists engineers professors and students wise enough to keep a critical stance whenever confronted with the chilling dogmas of contemporary physics Readers will find a tantalizing amount of material calculated to nurture their thoughts and arouse their suspicion to some degree at least on the so called validity of today s most celebrated physical theories **Basic Relativity**

Richard A. Mould,2001-11-01 This comprehensive textbook develops in a logical and coherent way both the formalism and the physical ideas of special and general relativity Part one focuses on the special theory and begins with the study of relativistic kinematics from three points of view Part two begins with a chapter introducing differential geometry Subsequent chapters cover rotation the electromagnetic field and material media A second chapter on differential geometry provides the background for Einstein s gravitational field equation and Schwarzschild s solution The book is aimed at advanced undergraduates and beginning graduate students in physics or astrophysics *A Collar Well Worn* Rev. Paul F.

McDonald,2017-04-29 *A Collar Well Worn* is the work of an ninety year old Catholic priest who spent more than thirty years each in civilian ministry and another thirty years as an Air Force chaplain Rev Paul F McDonald has knitted together sixty years of events from the 20th century by describing stories about those periods the geography and history of places where he lived and served some of the notable people he had known during fifteen assignments and a few dozen temporary duty assignments in Western Europe the Pacific region and the United States He served the Catholic Church and his Country during and after the dynamic times of the Second Vatican Council 1962 65 during this time he listened to his people in a collaborative ministry in bringing about the necessary pastoral and liturgical changes Such reforms and others continue to shape a revitalized church and a resilient people who feel empowered as the people of God to work with all people of good will Surely such an abundance of experiences provide a panorama of a life s journey in the service of God Church and Country during which time he was proud to wear *A Collar Well Worn* **THE HISTORY OF MAJOR LEAGUE BASEBALL**
