Miller,2008-04-29

He was big the biggest of the litter big enough to wrestle bears and he did two maybe more but he killed many When he woke up in that black inky night he couldn t see thought he was blind and had a massive hangover from his Daddy s Cherry Jump moonshine A buzzard had died in his mouth and with it came rotten dog breath A headache like someone had hit him with a pole axe made him feel like he was dead dead as four o clock And did he smell Wow His torn bib overalls were soaked in sour mash Other than not knowing where he was he still thought he was alright and that too was a problem Was there any hope or any salvation Luckily he had been weather hardened by war He stood up and he tired to walk but ran into something It knocked him down When he fell he heard something rattle It was a trace chain attached to a leather dog collar around his neck But in the inky dark he couldn t see his hand in front of him He got up again and found the trace chain wrapped around a tree and locked Shocked he screamed out Goddamn I m chained to a tree then screamed louder They have chained me to a tree like a wild cur dog Now mad as hornet with his stinger busted he felt around and found something else about the tree This time he screamed even louder Son of a bitch It s my goddamn tree Who in the hell would chain me to my own tree He sat back down against the family tree stunned and then realized It s got to be my family Chained me like a goddamn cur dog to a tree But which one of them would have the nerve to do this to ME Then he realized it could be only one person He stood up and screamed Mama Then he fell down again pounded the ground cried

like his heart tore out He got up off the ground went into a wild man s rage then fainted with exhaustion Then he got sick tried to walk but threw up all over himself And the chain snatched him back and down into his vomit it was all over him like those bugs He pounded the ground with his fist wondering how in the world he had gotten here and where he was Again and again he got up Each time he tried to walk in another direction but the chain snatched him off his feet and back down on the ground and into his rotten vomit It didn t matter what direction he walked Finally exhausted he couldn t get back on his feet Still he kept asking himself Where in the hell am I and who in the hell put this collar on me All night he shouted and wallowed in his vomit like an itchy old fat hog taking a bath in new mud He heard no one come in the dark silent black night Thank God His vomit smell finally ran the goddamn bugs off his body and away

*Dynamics, Polarity and Quantification* Makoto Kanazawa, Christopher J. Piñón, 1994 The topics of the papers in this collection run the gamut from empirical coverage of polarity item systems in a variety of languages to results in metatheoretical reasoning about quantifier reducibility A recurrent theme throughout is the improvement or replacement of notions of quantificational scope in linguistic analysis by formally sophisticated analyses of the properties of quantifiers and their dynamic interpretations The authors have written to admirable standards of formalisation and clarity of exposition and their results deserve thoughtful consideration and incorporation into linguistic semantics

**Studies on Negation** Silvio Cruschina, Katharina Hartmann, Eva-Maria Remberger, 2016-12-05 Negation ist eine universelle Eigenschaft der menschlichen Sprache Als primäre  
 Disziplin der Logik tritt Negation in typologisch unterschiedlichsten Erscheinungsformen auf und spielt eine große Rolle für  
 die Syntax Semantik Schnittstelle Mit diesem Band soll die umfassende Forschungsliteratur zur Negation durch eine Reihe  
 von aktuellen Studien ergänzt werden Alle Beiträge beziehen sich auf Fragen oder Kontroversen die sich mit der Syntax  
 Semantik und Variation negativer Elemente befassen und gehen von der Annahme aus dass ein grundlegendes Verständnis  
 der verschiedenen Realisierungen der Negation zentral für unser Grammatikverständnis ist Die hier veröffentlichten Beiträge  
 berücksichtigen verschiedene Herangehensweisen und eine Vielfalt empirischer und analytischer Details Negation is a  
 universal feature of human language that is inherently logical in nature presents typologically diverse manifestations and  
 plays a fundamental role in the mapping between syntactic structure and semantic interpretation The aim of this volume is to  
 complement the vast body of research literature by offering a set of cutting edge studies on negation All the contributions are  
 related to recent questions bearing on the syntax and semantics of negative elements and the variation in their form and  
 follow the central assumption that a proper understanding of the multifaceted expression of negation is central to our  
 understanding of the grammar as a whole With this in mind different approaches and a variety of empirical and analytic  
 details have been included in this volume

*Pragmatics, Truth and Underspecification*, 2018-06-12 The concept of meaning since  
 Frege initiated the linguistic turn in 1884 has been the subject of numerous theories hypotheses methodologies and  
 distinctions One distinction of considerable strategic value relates to the location of meaning some aspects of meaning can be  
 found in language and are modelled with semantic values of various kinds some aspects of meaning can be found in

communicative processes and are modelled with pragmatic inferences of one sort or another One hypothesis of great heuristic utility concerns the relationship that is assumed between the semantic and the pragmatic This collection of especially commissioned papers examines current thinking on the plausible nature of the semantic the possible character of the pragmatic and the mechanics of their intersection

**Syntactic Change in Late Modern English** Erik Smitterberg,2021-11-25 Syntactic Change in Late Modern English presents a stability paradox to linguists despite the many social changes that took place between 1700 and 1900 the language appeared to be structurally stable during this period This book resolves this paradox by presenting a new idiolect centred perspective on language change and shows how this framework is applicable to change in any language It then demonstrates how an idiolect centred framework can be reconciled with corpus linguistic methodology through four original case studies These concern colloquialization the process by which oral features spread to writing and densification the process by which meaning is condensed into shorter linguistic units two types of change that characterize Modern English The case studies also shed light on the role of genre and gender in language change and contribute to the discussion of how to operationalize frequency in corpus linguistics This study will be essential reading for researchers in historical linguistics corpus linguistics and sociolinguistics
