Nobody Road:

Nobody's Road, 2022-01-19 n 2045 America is ruled by The Brain It s a country of dried up rivers computer project educations holographs and robots Most species have died off and even fresh air is scarce Children don t form bonds and therefore can t love They become drones dangerous killers The answer lies on a road in Pindar Corners but to find it is to risk the loss of your soul In need of a hero Harry Erin Cooper steps up to the plate and along with his wife Adina they restore what should have been

Nobody's Home Scott Kennedy, 2024-03-15 The scourge of the monster house affects communities all across Canada so while the Toronto neighbourhood of York Mills is not unique in this respect it has suffered more than most owing to the generous size of its residential lots in what has now become the centre of the city York Mills was still a rural community until after the Second World War when a post war population boom created a housing boom that gobbled up the local woods and farmland By 1960 most of this land had been sacrificed for housing and by the mid 1970s it was all gone Then a strange thing began to happen Developers who had the money to outbid legitimate home buyers started tearing down perfectly liveable post war homes to build monster houses Today over fifty years later this destructive practice continues The environmental costs have been devastating as affordable houses are demolished their remains dumped in landfills and mature trees are cut down to facilitate the new construction construction that demands copious amounts of wood cement and other new building materials The social cost has been equally damaging as affordable homes are destroyed and replaced by multi million dollar houses that are out of reach of families who once called these neighbourhoods home The three hundred colour photos in this book recall but a fraction of the homes we have lost in this one community alone The text tells their stories stories that take us back to a time when houses were places to live not get rich quick schemes

Nobody's Home Arnold Weinstein, 1993-03-11 Nobody s Home is a bold view of the American novel from its beginnings to the contemporary scene Focusing on some of the deepest instincts of American life and culture individual liberty freedom of speech constructing a life Arnold Weinstein brilliantly sketches the remarkable career of the American self in some of the major works of the past one hundred fifty years Weinstein contends that American writers are haunted by the twin specters of the self as a mirage as Nobody and by the brutal forces of culture and ideology that deny selfhood to people on the basis of money sex and color of skin His central thesis is that language makes possible freedoms and accomplishments that are achievable in no other realm and that American fiction is a fascinating record of the human fight against coercion of the kinds of maneuvering room that we may find in life and in art This study is unique in several respects it offers some of the keenest readings of major American texts that have ever been written including some of the most significant works of the past decades and it fashions a rich and supple view of the American novel as a writerly form of freedom in sharp contrast to today s critical emphasis on blindness and co option

Nobody's Son Mark Slouka, 2016-10-18 I have never before read anything except Nabokov s Speak Memory that so relentlessly and shrewdly exhausted the kindness and cruelty of

recollection s shaping devices Geoffrey Wolff Born in Czechoslovakia Mark Slouka s parents survived the Nazis only to have to escape the Communist purges after the war Smuggled out of their own country the newlyweds joined a tide of refugees moving from Innsbruck to Sydney to New York dragging with them a history of blood and betrayal that their son would be born into From World War I to the present Slouka pieces together a remarkable story of refugees and war displacement and denial admitting into evidence memories dreams stories the lies we inherit and the lies we tell in an attempt to reach his mother the enigmatic figure at the center of the labyrinth Her story the revelation of her life long burden and the forty year love affair that might have saved her shows the way out of the maze *Nobody's Kingdom* T.J. Winnifrith,2021-05-05 The Roman Byzantine and Ottoman Empires foreign invasion communism and tribal conflict these have been the realities of life in Northern Albania for centuries In this rich and comprehensive history Tom Winnifrith examines the many different elements that have shaped this independent and little known region of the Balkans He explores the fundamental division between the South of Albania and its mysterious romantic North more feudal more tribal more Catholic and more prone to Austrian and Italian influence It is also a region less affected by Greece both ancient and modern and by medieval Byzantium or the Orthodox faith Northern Albania with a terrain and climate much harsher than the south of the country has traditionally had little respect for law and authority while its inhabitants remain in thrall to an ancient honour code the kanun demanding blood feuds and terrible revenge Nobody s Kingdom traces the history of this ruggedly beautiful region frequently disturbed by both invaders and internal strife yet retaining a distinct national identity and character From its origins in the ancient kingdom of Illyria and the Roman province of Illyricum through Byzantine and Ottoman rule the granting of Albanian independence in 1912 the rise and fall of communism to its current fragile democracy Northern Albania can be seen as a cultural crossroads especially remarkable given its mountainous and difficult landscape This book both scholarly and readable is the first modern comprehensive history of Northern Albania and is a timely and accessible introduction to a remote and inaccessible region *Nobody's Fault* Jonathan Pearce,2006 Twelve year old Tery Ordway takes a reporter s job under an overbearing editor on Balona High School s summer newspaper the Korndogger The subject of her article is 105 year old Junior Kuhl a survivor of the fearsome 1906 San Francisco earthquake and fire **Water / Music** Peter Filkins,2021-04-06 Water Music embraces and celebrates life s mystery and the soul s repose amid talismans at twilight the whirl of birds Nobody's Cuter than You Melanie Shankle,2015-04-07 There is nothing as precious in life as a friend who knows you and loves you in spite of yourself Yet over the last couple of decades we ve substituted the joy of real friendship with cheap imitations We settle for community on Facebook and Twitter and a series of text messages that allow us to communicate with someone without the commitment We like each other s beautifully filtered photos on Instagram and delude ourselves into believing we have a community But real friendship requires effort It s showing up laughing loud and crying hard It s forgiving and loving and giving the benefit of the doubt It s making a casserole doing a carpool pickup and

making sure she knows those cute shoes are 50 percent off Written in the same comedic style as the New York Times bestsellers *Sparkly Green Earrings* and *The Antelope in the Living Room* *Nobody's Cuter than You* is a laugh out loud look at the special bond that exists between friends and a poignant celebration of all the extraordinary people God had the good sense to bring into our lives at exactly the right moments From the friendships we develop over a lifetime to the ones that wounded us and the ones that taught us to love better Melanie Shankle reveals the influence our friends have on who we were who we are and who we will become And on a day when our jeans feel too tight our chins have decided to embrace hormone related acne reminiscent of our teen years and our kids have tested the limits of our sanity they are the ones who will look at us and say *Nobody's cuter than you*
