happy contented nuclear family remains inherent within the ideological subtexts of children's literature Using 1818 as a starting point Alston investigates families in children's literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston's study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children's literature The Family in English Children's Literature sheds light on who maintains control who behaves and how significant children's literature is in shaping our ideas about what makes a family good **Being Nobody, Going Nowhere**
