

Luis Alberto Urrea

nobody's son

notes from an american life

"A brilliant, poignant memoir . . . Urrea's personal
experience with his mother's adventures as a homeless and undocumented
immigrant is a beautiful and deeply moving story. The author's prose is clear and
powerful." —*Booklist* (starred review)

 Jamie Martinez Wood, 2014-05-14 Provides short biographies of Latino American writers and journalists and information on
 their works **Footsteps in the Dark** George Lipsitz, 2007 Most pop songs are short lived They appear suddenly and if they
 catch on seem to be everywhere at once before disappearing again into obscurity Yet some songs resonate more deeply often
 in ways that reflect broader historical and cultural changes In Footsteps in the Dark George Lipsitz illuminates these secret
 meanings offering imaginative interpretations of a wide range of popular music genres from jazz to salsa to rock Sweeping
 changes that only remotely register in official narratives Lipsitz argues can appear in vivid relief within popular music
 especially when these changes occur outside mainstream white culture Using a wealth of revealing examples he discusses
 such topics as the emergence of an African American techno music subculture in Detroit as a contradictory case of digital
 capitalism and the prominence of banda merengue and salsa music in the 1990s as an expression of changing Mexican
 Dominican and Puerto Rican nationalisms Approaching race and popular music from another direction he analyzes the Ken
 Burns PBS series Jazz as a largely uncritical celebration of American nationalism that obscures the civil rights era's challenge
 to racial inequality and he takes on the infamous campaigns to censor hip hop and the radical black voice in the early 1990s
 Teeming with astute observations and brilliant insights about race and racism deindustrialization and urban renewal and
 their connections to music Footsteps in the Dark puts forth an alternate history of post cold war America and shows why in
 an era given to easy answers and clichéd versions of history pop songs matter more than ever George Lipsitz is professor of
 black studies and sociology at the University of California Santa Barbara Among his many books are Life in the Struggle
 Dangerous Crossroads and American Studies in a Moment of Danger Minnesota 2001 Border Transits Ana María
 Manzanás Calvo, 2007 What Constitutes A Border Situation How translatable and portable is the border What are the borders
 of words surrounding the border In its five sections Border Transits Literature and Culture across the Line intends to address
 these issues as it brings together visions of border dynamics from both sides of the Atlantic Ocean The volume is of interest
 for scholars and researchers in the field of Border studies Chicano studies Ethnic Studies as well as American Literature and
 Culture **BOOK JACKET** **Blood Oranges** Timothy P. Bowman, 2016-05-15 Blood Oranges traces the origins and legacy of

racial differences between Anglo Americans and ethnic Mexicans Mexican nationals and Mexican Americans in the South Texas borderlands in the twentieth century Author Tim Bowman uncovers a complex web of historical circumstances that caused ethnic Mexicans in the region to rank among the poorest least educated and unhealthiest demographic in the country The key to this development Bowman finds was a modern colonization movement a process that had its roots in the Mexican American war of the nineteenth century but reached its culmination in the twentieth century South Texas in Bowman s words became an internal economy just inside of the US Mexico border Beginning in the twentieth century Anglo Americans consciously transformed the region from that of a culturally Mexican space with an economy based on cattle into one dominated by commercial agriculture focused on citrus and winter vegetables As Anglos gained political and economic control in the region they also consolidated their power along racial lines with laws and customs not unlike the Jim Crow system of southern segregation Bowman argues that the Mexican labor class was thus transformed into a marginalized racial caste the legacy of which remained in place even as large scale agribusiness cemented its hold on the regional economy later in the century Blood Oranges stands to be a major contribution to the history of South Texas and borderland studies alike

Collective Identity and Cultural Resistance in Contemporary Chicana/o Autobiography Juan Velasco,2016-07-28

The first book length study of this genre Collective Identity and Cultural Resistance in Contemporary Chicana o Autobiography facilitates new understandings of how people and cultures are displaced and reinvent themselves Through the examination of visual arts and literature Juan Velasco analyzes the space for self expression that gave way to a new paradigm in contemporary Chicana o autobiography By bringing together self representation with complex theoretical work around culture ethnicity race gender sex and nationality this work is at the crossroads of intersectional analysis and engages with scholarship on the creation of cross border communities the liberatory dimensions of cultural survival and the reclaiming of new art fashioned against the mechanisms of violence that Mexican Americans have endured **Autobiographical**

of the Great Depression however the Southwest suddenly became integrated into a much larger economic and cultural system Audrey Goodman examines how since that time these southwestern landscapes have come to reveal the resulting fragmentation of identity and community Through analyzing a variety of texts and images Goodman illuminates the ways that modern forces such as militarization environmental degradation internal migration and an increased border patrol presence have shattered the perception of a secure homeland in the Southwest The deceptive natural beauty of the Southwest deserts shields a dark history of trauma and decimation that has remained as a shadow on the region's psyche The first to really synthesize such wide ranging material about the effects of the atomic age in the Southwest Goodman realizes the value of combined visual and verbal art and uses it to put forth her own original ideas about reconstructing a new sense of homeland Lost Homelands reminds us of the adversity and dislocation suffered by people of the Southwest by looking at the ways that artists photographers filmmakers and writers have grappled with these problems for decades In assessing the ruin of the region however Goodman argues that those same artists and writers have begun to reassemble a new sense of homeland from these fragments

American English(es) Anna Belladelli, Roberto Cagliero, 2013-05-24 American English es focuses on the manifold nature of a macro regional variety of English which is better described in the plural form thus enhancing the endless contribution of most diverse ethnic groups such as those kidnapped from Africa to be employed as slaves survivors of native American tribes systematically exterminated in the past and later on European Jews escaping from pogroms Europeans and Asians escaping from poverty and more recently Central and South Americans mostly Spanish speakers emigrating to the USA in search of supposedly better living conditions By tackling the notions of minority variety and dialect this book singles out three language related phenomena which are currently relevant to the academic and cultural debate concerning US society namely the obsolescent representation of minority vs hegemonic varieties of English the latest developments of the Spanish vs English controversy and the increasing exposure of slang in public contexts The multiple points of view on American Englishes offered by the essays included in the present volume draw on diverse and often contrasting approaches ranging from corpus linguistics to cultural studies from lexicography lexicology to discourse analysis

Contemporary Travel Writing of Latin America Claire Lindsay, 2010-02-15 This book takes a new approach to travel writing about Latin America by examining domestic journey narratives that have been produced by travellers from the continent itself and largely in Spanish Historically travel writing about Latin America has been written primarily from the perspective of the foreign often European traveller As such and following the large influx of military scientific and leisure travellers in the region since its colonisation much of this foreign travel writing has depicted the continent in predominantly exoticist and or imperialist terms Lindsay explores how Latin American travellers have conceived and constructed narratives about travel at home and considers how such texts many of them available in English translation or with subtitles function to counter or corroborate long standing myths about the continent Through a series of regionally and thematically oriented case studies that engage with key issues themes and debates in both Latin American and travel studies Lindsay provides the first

sustained interdisciplinary study of contemporary domestic travel narratives about the region and will also comprise an important intervention into methodological debates about travel and travel writing

Writing Arizona, 1912-2012 Kim Engel-Pearson, 2017-09-28 From the year of Arizona's statehood to its centennial in 2012 narratives of the state and its natural landscape have revealed and reconfigured the state's image Through official state and federal publications newspapers novels poetry autobiographies and magazines Kim Engel Pearson examines narratives of Arizona that reflect both a century of Euro American dominance and a diverse and multilayered cultural landscape Examining the written record at twenty five year intervals Writing Arizona 1912 2012 shows us how the state was created through the writings of both its inhabitants and its visitors from pioneer reminiscences of settling the desert to modern stories of homelessness and from early twentieth century Native American as told to autobiographies to those written in Natives own words in the 1970s and 1980s Weaving together these written accounts Engel Pearson demonstrates how government leaders and boosters promotion of tourism often at the expense of minority groups and the environment was swiftly complicated by concerns about ethics representation and conservation Word by word story by story Engel Pearson depicts an Arizona whose narratives reflect celebrations of diversity and calls for conservation yet at the same time a state whose constitution declares only English words official She reveals Arizona to be constructed understood and inhabited through narratives a state of words as changeable as it is timeless
