Literary Magazines and British Romanticism Mark Parker,2001-02-22 In this study Mark Parker proposes that literary magazines should be an object of study in their own right He argues that magazines such as the London Magazine Blackwood's Edinburgh Magazine and the New Monthly Magazine offered an innovative and collaborative space for writers and their work indeed magazines became one of the pre eminent literary forms of the 1820s and 1830s Examining the dynamic relationship between literature and culture which evolved within this context Literary Magazines and British Romanticism claims that writing in such a setting enters into a variety of alliances with other contributions and with ongoing institutional concerns that give subtle inflection to its meaning The book provides an extended treatment of Lamb's Elia Essays Hazlitt's Table Talk Essays Noctes Ambrosianae and Carlyle's Sartor Resartus in their original contexts and should be of interest to scholars of cultural and literary studies as well as Romanticists

King of the Lobby Kathryn Allamong Jacob,2021-04-27 A biography of the influential and engaging character who courted Congress with food wine and gifts in the post Civil War era The Washington Post Book World King of the Lobby tells the story of how one man harnessed delicious food fine wine and good conversation to become the most influential lobbyist of the Gilded Age Scion of an old and honorable family best friend of Henry Wadsworth Longfellow and charming man about town Sam Ward held his own in an era crowded with larger than life personalities Living by the motto that the shortest route between a pending bill and a congressman's aye was through his stomach Ward elegantly entertained political elites in return for their votes At a time when waves of scandal washed over Washington the popular press railed against the wickedness of the lobby and self righteous politicians predicted that special interests would cause the downfall of democratic government Sam Ward still reigned supreme By the early 1870s he had earned the title King of the Lobby cultivating an extraordinary network of prominent figures and a style that survives today in the form of expensive golf outings extravagant dinners and luxurious vacations Kathryn Allamong Jacob's account shows how the king earned his crown and how this son of wealth and privilege helped to create a questionable profession in a city that then as now rested on power and influence Her extensive research is reflected in her recounting of Ward's life successfully putting it into the context of the history of lobbying will appeal to American history buffs Publishers Weekly

Lessenich, 2012-08-15

Romanticism was not only heterogeneous and disunited It also had to face the counter movements of the Enlightenment and Augustan Neoclassicism which were still gaining momentum in the decades around the French Revolution Neoclassicists regarded Romanticism as a heretical amalgam of dissenting new schools threatening the monopoly of the Classical Tradition Acrimonious debates in aesthetics and politics were conducted with the traditional strategies of the classical *ars disputandi* on both sides Under the duress of the heaviest satirical attacks Romanticism began to gradually see itself as one movement giving rise to the problematic opposition of Classical with Romantic This construction however was indispensable for the clarification of different positions among the hubbub of conflicting voices It has also proved critical in literary and cultural studies The Classical Tradition emerges as an ongoing event from Greek and Latin antiquity via Neoclassicism and Romanticism to our time **Book-prices Current**, 1903 **Book-prices Current** John Herbert Slater, William Roberta, F. Partridge, 1903 **Sickert** Wendy Baron, Walter Sickert, 2006-01-01 Walter Richard Sickert 1860 1942 was an artist of prodigious creativity For sixty years in his roles as painter teacher and polemicist he was a source of inspiration and influence to successive generations of British painters With his roots in the Victorian era Sickert broke all taboos He was uncompromisingly truthful revealing beauty in the squalid as in the sublime in cockney music halls the crumbling streets of Dieppe the grand sites of Venice and the low life of Camden Town Decades before Warhol he exploited the potential of photo based imagery and of studio production lines to create iconic portraits of the grandees of theatrical social and political life This catalogue is divided into two parts essay chapters describe Sickert's chronology in terms of stylistic and technical development and a fully illustrated catalogue presents more than 2800 drawings and paintings many of which have never been published before **Blackwood's Magazine, 1817-25, Volume 1** Nicholas Mason, John Strachan, Anthony Jarrells, Tom Mole, Mark Parker, 2023-01-06 Contextualizes and annotates the influential scandalous and entertaining texts which appeared in the Blackwood's Magazine between 1817 and 1825 This title features a detailed general introduction volume introductions and endnotes providing the reader with an understanding of the origins and early history of Blackwood's Magazine *Romantic Periodicals in the Twenty-First Century* Nicholas Mason, 2020-09-04 This book pioneers a subfield of Romantic periodical studies distinct from its neighbours in adjacent historical periods [Victorian Women and the Economies of Travel, Translation and Culture, 1830-1870](#) Judith Johnston, 2016-02-24 Both travel and translation involve a type of journey one with literal and metaphorical dimensions Judith Johnston brings together these two richly resonant modes of getting from here to there as she explores their impact on culture with respect to the work of Victorian women Using the metaphor of the published journey whether it involves actual travel or translation Johnston focusses particularly on the

relationships of various British women with continental Europe At the same time she sheds light on the possibility of appropriation and British imperial enhancement that such contact produces Johnston's book is in part devoted to case studies of women such as Sarah Austin Mary Busk Anna Jameson Charlotte Guest Jane Sinnett and Mary Howitt who are representative of women travellers translators and journalists during a period when women became increasingly robust participants in the publishing industry Whether they wrote about their own travels or translated the foreign language texts of other writers Johnston shows women were establishing themselves as actors in the broad business of culture In widening our understanding of the ways in which gender and modernity functioned in the early decades of the Victorian age Johnston's book makes a strong case for a greater appreciation of the contributions nineteenth century women made to what is termed the knowledge empire
