Nomer Odin Ili V Sadakh Drugikh Vozmozhnostei Roman:

The Prose of Life Benjamin M. Sutcliffe, 2009-04-13 Both before and after the collapse of the Soviet Union everyday life and the domestic sphere served as an ideological battleground simultaneously threatening Stalinist control and challenging traditional Russian gender norms that had been shaken by the Second World War The Prose of Life examines how six female authors employed images of daily life to depict women's experience in Russian culture from the 1960s to the present By a term connoting both the everyday and its many petty problems is an enduring yet neglected theme in Russian literature its very ordinariness causes many critics to ignore it Benjamin Sutcliffe's study is the first sustained examination of how and why everyday life as a literary and philosophical category catalyzed the development of post Stalinist Russian women's prose particularly since the collapse of the Soviet Union A focus on the representation of everyday life in women's prose reveals that a first generation of female writers Natal'ia Baranskaia Irina Grekova both legitimated and limited their successors Liudmila Petrushevskiaia Tat'iana Tolstaia Liudmila Ulitskaia and Svetlana Vasilenko in their choice of literary topics The Prose of Life traces the development and intriguing ruptures of recent Russian women's prose becoming a must read for readers interested in Russian literature and gender studies 2009 Outstanding Academic Title Choice Magazine *A History of Russian Literature* Andrew Kahn, Mark Naumovich Lipovetskiĭ, Irina Reyfman, Stephanie Sandler, 2018 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that contribute to the notion of a national literature The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary

politics literary theory and literary innovation *New Women's Writing in Russia, Central and Eastern Europe* Rosalind Marsh, 2020-12-07 Since the late 1980s there has been an explosion of women's writing in Russia Central and Eastern Europe greater than in any other cultural period This book which contains contributions by scholars and writers from many different countries aims to address the gap in literature and debate that exists in relation to this subject We investigate why women's writing has become so prominent in post socialist countries and enquire whether writers regard their gender as a burden or on the contrary as empowering We explore the relationship in contemporary women's writing between gender class and nationality as well as issues of ethnicity and post colonialism Russian Studies in Literature ,2008
