Players in the Public Policy Process H. Bryce, 2012-06-14 This book carefully develops the perspective of nonprofit organizations as social capital assets and agents of public policy within a principal agent framework It shows the practical as well as managerial and marketing advantages of such an approach one that can lead to serious questions about many of the existing views that all nonprofits result from market or government failure Bryce provides a more positive cross national and inclusive perspective on these organizations that applies across all of their disciplines and in developed or developing countries alike

Third Sector Management William B. Werther, Evan M. Berman, 2001 Trying to do good deeds does not guarantee that a nonprofit organization will succeed The organization must do good deeds well This textbook offers a blueprint for nonprofit success adopting a strategic perspective that assumes vision mission strategy and execution as the pillars upon which success is built While many experts on nonprofits argue that fundraising is the single key to success William B Werther Jr and Evan M Berman show that effective fundraising depends largely on how the nonprofit is positioned and how it performs They address such issues as leadership and board development strategic planning staffing fundraising partnering productivity improvement and accountability Emphasizing the context of nonprofits and detailing improvements than can be made by managers at all levels the book strikes a balance between policy discussion and practical usefulness Written for use in graduate courses in nonprofit management Third Sector Management will also be invaluable to directors staff volunteers and board members of nonprofit organizations
