## **Nonsexist Research Methods A Practical Guide:**

**Nonsexist research methods : a practical guide** Margrit Eichler,1989      **Nonsexist Research Methods** Margrit Eichler,1991 In accessible and jargon free language Margrit Eichler provides a systematic approach to identifying eliminating and preventing sexist bias in social science research She begins with a general discussion of the problems and implications of sexism in research and then identifies four primary sources of bias androcentricity overgeneralization gender insensitivity and double standards Three derivative sources of bias sex appropriateness familism and sexual dichotism are also discussed Each chapter defines a problem and provides illustrative examples drawn from recently published work In the concluding chapter Eichler outlines a step by step approach to avoiding the introduction of sexist bias at each phase of the research process She also provides concrete suggestions for eliminating bias in titles language research design concepts research methods data interpretation and policy evaluations and recommendations The book includes a Nonsexist Research Checklist that is designed as a handy reference to be used during the research process Nonsexist Research Methods is appropriate to both quantitative and qualitative analysis Written specially with students in mind this book will prove invaluable to researchers and research methods courses in sociology political science economics psychology anthropology and women s studies

The Handbook of Social Work Research Methods Bruce Thyer,2001 This volume is the definitive resource for anyone doing research in social work It details both quantitative and qualitative methods and data collection as well as suggesting the methods appropriate to particular types of studies It also covers issues such as ethics gender and ethnicity and offers advice on how to write up and present your research

**Research Methods for the Social Sciences** Jerry Wellington,Marcin Szczerbinski,2007-12-18 Part of the Guides for the Perplexed series this title serves as a guide to research in the social and behavioural sciences It discusses its value its limitations and its uses It tackles difficult issues and concepts providing guidance and signposts to further reading

*Liberating Method* Marjorie L. DeVault,1999 *Liberating Method* reflects the conviction that feminist insights can and should contribute to a sounder more rigorous social science In this book one of the leading practitioners and teachers of feminist methodology examines profound questions about traditional and customary practices of social research Marjorie DeVault argues that established methods too often ignore social oppression as she charts her quest for approaches that will more adequately represent marginalized groups

Applied Social Research Timothy P. Hilton,Peter R. Fawson,Thomas J. Sullivan,Cornell R. DeJong,2024-04-29 Praise for earlier editions I have been using this textbook as a required reading for my research class since 2004 because I found the text s coverage of research concepts to be in depth and easy to read without the technicalities Ziblim Abukari PhD MSW Assistant Professor Department of Social Work Westfield State University *Applied Social Research* is thorough well organized and clear making it highly appreciated by my students Barry Loneck PhD School of Social Welfare SUNY Albany Discover the practical side of research in human services with this easy to follow classic Make research accessible relevant and practice

based This updated edition empowers students to confidently navigate the entire research process from problem identification to reporting outcomes with real life stories applied case vignettes and multimedia enhancements Highlights include podcast interviews and Technology in Research features What's New Extended chapter opening vignettes showing research in action Technology in Research and Research in Practice boxes explore tools and innovations Updated Instructor Manual with podcast based discussion questions and learning activities Aligned with CSWE 2022 EPAS standards for competency based education Key Features Clear explanations of the research process from problem solving to data analysis simplifies learning Explore real life stories via practitioner interviews and vignettes in every chapter All chapters close with bulleted main points key terms for review and several types of questions for evaluating competencies and self assessment Understand the link between research and improved services and develop logic based research skills **Social Work**

**Research and Evaluation** Richard M. Grinnell, Jr., Yvonne A. Unrau, 2010-08-26 Over thirty years of input from instructors and students have gone into this popular research methods text resulting in a refined ninth edition that is easier to read understand and apply than ever before Using unthreatening language and real world examples it introduces students to the key concepts of evidence based practice that they will use throughout their professional careers It emphasizes both quantitative and qualitative approaches to research data collection methods and data analysis providing students with the tools they need to become evidence based practitioners **Handbook of Feminist Research** Sharlene Nagy

Hesse-Biber, 2012 The second edition of the Handbook of Feminist Research Theory and Praxis presents both a theoretical and practical approach to conducting social science research on for and about women The Handbook enables readers to develop an understanding of feminist research by introducing a range of feminist epistemologies methodologies and methods that have had a significant impact on feminist research practice and women's studies scholarship The Handbook continues to provide a set of clearly defined research concepts that are devoid of as much technical language as possible It continues to engage readers with cutting edge debates in the field as well as the practical applications and issues for those whose research affects social policy and social change It also expands on the wealth of interdisciplinary understanding of feminist research praxis that is grounded in a tight link between epistemology methodology and method The second edition of this Handbook will provide researchers with the tools for excavating subjugated knowledge on women's lives and the lives of other marginalized groups with the goals of empowerment and social change *Assessing Community Telecentres* Anne V.

T. Whyte, International Development Research Centre (Canada), 2000 Assessing Community Telecentres **Feminist Art Education Archival Research** Linda Hoeptner Poling, Karen Keifer-Boyd, 2025-07-11 Feminist Art Education Archival Research C H U T N E Y Power explores the National Art Education Association's NAEA Women's Caucus histories of trailblazing feminist art education research leadership and policy activism From archival research specifically delving into the NAEA Women's Caucus Archive at The Pennsylvania State University this led to interviews with feminist activists in art

education The book draws attention to the activism of the NAEA Women's Caucus contextualized within tenets of critical race feminism which calls for organizational accountability from critical examination of hegemonic structures and practices that privilege white patriarchal colonialism and serves as a structure to deconstruct interrogate disrupt and reimagine inequities that exist in art education and all of education Feminist Art Education Archival Research C H U T N E Y Power is a unique text ideal for feminist organizations gender studies research and art educators at all levels of teaching from preK to higher education and is an ideal companion text for post secondary art education women's studies leadership and other related areas

*Cross-Cultural Psychology* Kenneth D. Keith, 2019-04-01 Explains and explores the important areas of psychology through a cultural perspective This book addresses key areas of psychology placing them in cultural perspective via a comprehensive overview of current work integrating culture across the major subfields of psychological science Chapters explore the relation of culture to psychological phenomena starting with introductory and research foundations and moving to clinical and social principles and applications It covers the subfields that are of most importance to undergraduates and beginning graduates such as consciousness development cognition intelligence personality research methods statistics gender personality health and well being Cross Cultural Psychology Contemporary Themes and Perspectives 2nd Edition is richly documented with research findings and examples from many cultures illuminating the strengths and limitations of North American psychology while also highlighting the diversity and vitality of this fascinating field The book offers many new chapters in addition to fully updated ones from the previous edition Starting with basic concepts in the subject the book offers chapters covering ethnocentrism diversity evolutionary psychology and development across cultures It also examines education dreams language and communication issues sex roles happiness attractiveness and more Provides a comprehensive overview of current work integrating culture across major subfields of psychological science Offers introductory chapters on topics such as cultural psychology and ethnocentrism which provide a foundation for more specialized chapters in development education cognition and beyond Features new chapters in areas such as cultural competence culture and dreams education across cultures abnormality across cultures and evolutionary psychology Presents chapters by some of the leading contributors to the fields of cultural and cross cultural psychology Cross Cultural Psychology Contemporary Themes and Perspectives 2nd Edition is an ideal book for undergraduate and graduate courses in cultural or cross cultural psychology

*Social Work Research with Minority and Oppressed Populations* Miriam Potocky, Antoinette Y Rodgers Farmer, 2014-02-04 Learn the latest and most effective strategies and ideas so you can accurately research oppressed and minority populations Social Work with Minority and Oppressed Populations Methodological Issues and Innovations provides social workers social work researchers and graduate students with new methodologies for researching topics related to minority and oppressed populations You will learn how to conduct research with such special populations as ethnic and racial minorities elders women and gay and bisexual men utilizing proven techniques that will yield more precise

data and help retain participants in the research program A must for anyone involved in the field of social work Social Work with Minority and Oppressed Populations tackles the unique challenges you may face in conducting research with cross culture populations This valuable text offers innovative and practical techniques for this type of research including methodological issues addressed within the framework of operationalization and conceptualization measurement research design data collection and data analysis how using the anonymous enrollment technique can be applied to intervention research to engage and retain respondents in case studies how Rasch Analysis a statistical method may discern differences in the subjective experiences of members of different racial groups specific examples of how constituent involvement in research projects enhances access to respondents and increases the validity of data why social work practitioners as well as social work researchers must evaluate their knowledge attitudes and skills when dealing with cross cultural populations Discussions on ethical and political issues This compilation of research on methodological issues not only introduces you to new techniques for working with oppressed or minority populations but also creates new questions and areas of study such as how to develop culture specific instruments that better measure depression and its expression among African American and white populations Social Work with Minority and Oppressed Populations will provide you with the correct methods and strategies to research cross culture populations and enable you to address specific problems that different ethnic groups and minorities face     *The Challenge of the Social and the Pressure of Practice* Martin Carrier, Don Howard, Janet A.

Kourany, 2008-01-20 In *The Challenge of the Social and the Pressure of Practice* philosophers sociologists and historians of science offer a multidisciplinary view of the complex interrelationships of values in science and society in both contemporary and historic contexts They analyze the impact of commercialization and politicization on epistemic aspirations and conversely the ethical dilemmas raised by practically relevant science in today's society For example much scientific research over the past quarter century has been guided by the financing that supports it What effect has this had on the quality of research produced and the advancement of real knowledge The contributors reveal how social values affect objectivity theory and the direction of inquiry and examine the byproducts of external value systems in topics such as expertise and socially robust knowledge among others They view science's own internal value systems the earlier disconnection of societal values from the scientific process and the plausibility of value free science *The Challenge of the Social and the Pressure of Practice* presents an in depth analysis that places the role of values at the center of philosophical debate and raises questions of morality credibility and the future role of values in scientific inquiry     *Research Design for Social Work and the Human Services* Jeane W. Anastas, 2000-01-28 *Research Design for Social Work and the Human Services* integrates a range of research techniques into a single epistemological framework and presents a balanced approach to the teaching of research methods in the helping professions Jeane W Anastas begins with a discussion of the different philosophical perspectives within which social research occurs and continues with problem formulation research design and methodological issues influencing data

collection analysis and dissemination She presents both fixed quantitative and flexible qualitative methods of research granting legitimacy value utility and relevance to both styles of inquiry Utilizing complete case studies to illustrate different methodological approaches Research Design for Social Work and the Human Services integrates material on women and people of color and draws attention to the ways racism heterosexism sexism and classism affect the conceptualization and conduct of research Anastas not only exposes these biases but actively addresses the experiences needs and concerns of clients of both genders and different races ethnicities sexual orientations cultures and classes

**Gender, Race, and Nation** Vanaja Dhruvarajan, Jill Vickers, 2002-01-01 Dhruvarajan and Vickers call into question feminism's presumed universality of gender analysis and bring to the foreground the voices of marginalized women in Western society and of women outside of the western world

*Safe Spaces* Cornelia Roux, 2012-10-26 This book examines the crucial issues affecting Human Rights Education in contexts of culture religious and societal diversity It exhibits an impressive scholarly achievement capturing and combining the insights of both established academics and emerging researchers Each author succeeds in distilling the knowledge of their particular fields of interest as well as conveying the essence of their intuitive understanding and the richness of the context This book considers a variety of connected content and methodological issues in three major sections Philosophical and policy perspectives Gender discourses diverse perspectives and Discourses on narratives as safe spaces The Edition is further strengthened by allowing international reviewers the opportunity of engaging with the contributors in the Introduction and Conclusion an innovative departure from conventional formats and which will provide a global perspective to the readers The focus of the various chapters succeeds in establishing both a foundation and platform for dialogue surrounding human rights and human rights education in modern policy and governance Aptly named Safe Spaces the Edition offers in depth and credible safe nuances spaces in terms of the somewhat reified concept of human rights at a time when human rights remains a highly topical and contested international issue As such the book imparts an immense scope of theoretical and empirical perspectives reflected by the distinguished intellectuals who navigate the terrain of their respective disciplines with profound erudition This book represents a collaborative effort of immeasurable value This exemplary edition is both timeless and will prove timeless

**Feminist Dilemmas In Fieldwork** Diane L. Wolf, 2018-03-05 Fieldwork poses particular dilemmas and contradictions for feminists because of the power relations inherent in the process of gathering data and implicit in the process of representation Although most feminist scholars are committed to seeking ethical ways to analyze women and gender these dilemmas are especially acute in fieldwork where research often entails working with those who are in less privileged positions than the researcher Despite attempts by feminist scholars to conduct more interactive and egalitarian research they have rarely been able to disrupt the hierarchies of power This book offers an interdisciplinary exploration of the kinds of dilemmas feminist researchers have confronted in the field both in the United States and in Third World countries Through experientially based writings the authors unravel the contradictions stemming

from their multiple positions as insiders outsiders or both and from attempts to equalize the research relationship and in some cases to ameliorate the situation of those studied The introductory essay includes an extensive review of the literature

The Health Project Book Dr Neil Wood, Neil Wood, 2002-04-12 A practical handbook already tried and tested on students Based on the considerable experience of the author s work in guiding and supervising students Material covers up to date research methods such as the Internet and CD ROM facilities Long term sales potential both UK and internationally

**Business and Management Research** Erica Hallebone, Jan Priest, 2017-09-16 Business and Management Research combines the philosophy and practicalities of research into one accessible volume 3 popular approaches are demonstrated through case studies and reliable mental models providing readers with applied knowledge a crucial advantage when undertaking high profile projects Key Features Detailed graphics life cycle illustrations and helicopter treatment of key ideas make this the ideal starting point to a research project Case studies demonstrate the concepts and methodologies of research Strong focus on methodology a central aspect of successful research design *The Critical Turn in Tourism Studies* Irena Ateljevic, Annette Pritchard, Nigel Morgan, 2007-03-15 New approaches to tourism study demonstrate a notable critical turn a shift in thought that emphasises interpretative and critical modes of tourism inquiry The chapters in this volume reflect this emerging critical school of tourism studies and represent a coordinated effort of tourism scholars whose work engages innovative research methodologies Since such work has been dispersed across a variety of tourism related and other research fields this book responds to a pressing need to consolidate recent advances in a single text Adopting a broad definition of criticality the contributors seek to find fresh ways of theorising tourism by locating the phenomenon in its wider political economic cultural and social contexts The collection addresses the power relations underpinning the production of academic knowledge presents a range of qualitative data collection methods which confront the field s dominant post positivist approaches foregrounds the emotional dynamics of research relations and explores the personal the political and the situated nature of research journeys The book has been divided into two parts with the essays in the first part establishing a context specific framework for engaging philosophical and theoretical debates in contemporary tourism enquiry The second set of essays then present discuss and critique specific methodologies research techniques methods of interpretation and writing strategies all of which are in some sense illustrative of critical tourism research Contributors range from postgraduate students to established academics and are drawn from both the geopolitical margins and the powerbases of the tourism academy Their various relationships with the English speaking academy thus range from relative outsider to well positioned insider and as a result their essays are reflective of a range of locations within the complexly spun web of academic power relations and social divisions

## The Enigmatic Realm of **Nonsexist Research Methods A Practical Guide**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Nonsexist Research Methods A Practical Guide** a literary masterpiece penned with a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.
