Nonviolence and Community Douglas Van Steere, Margery Post Abbott, Newton Garver, Robert Cushman Murphy, Eric Reitan, 1995 **This We Can Do** Sally Herzfeld, 2015-01-19 Quakers have had a big influence on the Alternatives to Violence Project AVP from its beginning in 1975 This is consistent with their emphasis on seeking that of God in everyone and their commitment to finding nonviolent ways to respond to conflict In this lecture drawing on long experience Sally Herzfeld outlines the remarkable development of AVP within prisons schools and social groups and its spread to 60 countries The philosophy and processes used in AVP workshops are explained in a way that makes it clear why this approach has changed many lives and helped build more peaceful communities *Security Challenges and Management in Modern Nigeria* Abimbola Adesoji, Ayodeji Olukoj, Oluyato Adesina, 2019-01-15 This collection of essays explores the critical and fluid nature of security challenges that have plagued Nigeria since colonial times Insecurity in diverse forms remains the bane of growth and progressive development in the country and has the capability to derail a society no matter how sophisticated What has generated insecurity at the macro and micro levels How has insecurity been tackled Why have security challenges escalated particularly in the post independence period What lessons could be learnt from the way security matters have been mis handled in the past This volume presents chapters on the historical roots and antecedents of security challenges and considers the nexus between the economy political leadership and development and its impacts on security in modern Nigeria It also explores the effectiveness of the strategies employed to address security challenges and discusses why some security challenges have lingered **Historical Dictionary of the Friends (Quakers)** Margery Post Abbott, 2011-12 The modern reputation of Friends in the United States and Europe is grounded in the relief work they have conducted in the presence and aftermath of war Friends also known as Quakers have coordinated the feeding and evacuation of children from war zones around the world They have helped displaced persons without regard to politics They have engaged in the relief of suffering in places as far flung as Ireland France Germany Ethiopia Egypt China and India Their work was acknowledged with the award of the Nobel Peace Prize in 1947 to the American Friends Service Committee AFSC and the Friends Service Council of Great Britain More often however Quakers live worship and work quietly without seeking public attention for themselves Now the Friends are a truly worldwide body and are recognized by their Christ centered message of integrity and simplicity as well as their nonviolent stance and affirmation of the belief that all people women as well as men may be called to the ministry The expanded second edition of the Historical Dictionary of the Friends Quakers relates the history of the Friends through a chronology an introductory essay an extensive bibliography and over 700 cross referenced dictionary entries on concepts significant figures places activities and periods This book is an excellent access point for scholars and students who will find the overviews and sources for further research provided by this book to be enormously helpful *The Acorn* , 2000 *Spirituality: New Reflections on Theory, Praxis and Pedagogy* , 2020-04-28 The contemporary study of

spirituality encompasses a wide range of interests often founded on inter and multidisciplinary approaches **Stories from Kenya** Thomas J. Gates, Tom Gates, Liz Gates, 1995 **A Living Education** Lynn Allison Englund, 2005 Forging Solidarity Astrid von Kotze, Shirley Walters, 2017-04-13 Animating this book is a twofold question In what ways are adult and popular educators responding to various harsh economic political cultural and environmental conditions In doing so are they planting seeds of hope for and imaginings of alternative futures which can connect individuals and communities locally and globally to achieve economic ecological and social justice The book illustrates how transformative politics of solidarity often involve actors across vastly different backgrounds Solidarity is therefore a political relationship that is forged through particular struggles situated in place and time across power differentials The authors put popular education to work by describing and analysing their strategies and approaches They do so using accessible language and engaging styles Popular education is a medium for dreaming for imagining other futures It is also essential for countering the wilful spreading of fake news and propagation of ignorance Pedagogies of solidarity are necessary to building connections amongst people at a time when competitive individualism and alienation are rampant Forging solidarity with and amongst communities is a means towards that end and indeed an end in itself Corporate mines and agribusiness poison the water we drink the air we breathe and the food we eat Together with their political proxies they destroy the earth and her peoples too many are killed because of their military economic religious and information wars How do we stand up for ourselves and the earth that nourishes us against this global system Forging Solidarity shares inspiring stories that feed our deep connection and power Pregs Govender Author of Love and Courage A Story of Insubordination Forging Solidarity is a critical and timely collective intervention that ponders prods pokes and plays in the most generative ways In so doing it invites us to continue deepening our engagements with questions of responsibility and justice in relation to education everywhere Richa Nagar author of Muddying the Waters Co authoring Feminisms across Scholarship and Activism This book inspires people to realize that not fighting against socio economic injustices is to side with oppressors Ntombi Nyathi Programme Director of Training for Transformation **Wittgenstein and Approaches To Clarity** Newton Garver, 2006-01-30 The principal goal of this collection of stimulating essays is clarity about Wittgenstein's work in general and about his conception of clarity in particular This in depth clearly presented study by an internationally recognised scholar of Wittgenstein will be of great interest to philosophers and students of 20th century thought *Subject Guide to Books in Print*, 1996 Connecting Contemporary African-Asian Peacemaking and Nonviolence Luigi Esposito, Vidya Jain, 2018-10-12 This collection brings together accomplished and emerging scholars who are researching and working for grassroots social change throughout Africa and Asia The essays within are sourced from a series of seminars held during the founding African Peace Research and Education Association Conference at the Economic Community of West African States Parliament in Abuja Nigeria The book draws strategic lines of connection between diverse peoples on the two most populous continents Looking at contemporary

Gandhian Chinese armed guerrilla insurrectionist state supported and civil resistance movements each essay reviews recent attempts at peace building while also placing modern efforts in traditional historic indigenous contexts **Forget Them Not** Joanne M. Hemenway, 2010-07-09 To witness effectively and powerfully to Christian testimonies of care and compassion of justice and mercy of healing and wholeness it is necessary to foster awareness of the realities of the present system of retributive justice if there is to be any hope of transformation to a system of justice which is restorative Forget Them Not provides a history of the prison system as a means of punishment contrasting it with the relatively recent but growing practice of restorative justice Joanne Hemenway explores the concept of disconnection as radical evil as a separation from God who is the source of our being and shows how our present approach to punishment fosters this evil The present system with its motif of retributive justice generates shame rejection and loneliness which stokes the fires of anger and rage This breeds deep disconnection which only serves to fuel further cycles of violence Hemenway presents three vignettes designed to help explore forgiveness in the context of both retributive and restorative justice To promote healing and connection Forget Them Not introduces compassionate witnessing in prison ministry as a way to develop awareness and empowerment

Restoring Justice Daniel W. Van Ness, Karen Heetderks Strong, Jonathan Derby, L. Lynette Parker, 2022-05-30 Restoring Justice An Introduction to Restorative Justice Sixth Edition offers a clear and convincing explanation of restorative justice a movement within criminal justice with ongoing worldwide influence The book explores the broad appeal of this vision and offers a brief history of its roots and development as an alternative to an impersonal justice system focused narrowly on the conviction and punishment of those who break the law Instead restorative justice emphasizes repairing the harm caused or revealed by criminal behavior using cooperative processes that include all the stakeholders The book presents the theory and principles of restorative justice and discusses its four cornerpost ideas Inclusion Encounter Repair and Cohesion Multiple models for how restorative justice may be incorporated into criminal justice are explored and the book proposes an approach to assessing the extent to which programs or systems are actually restorative in practice The authors also suggest six strategic objectives to significantly expand the use and reach of restorative justice and recommended tactics to make progress towards the acceptance and adoption of restorative programs and systems **Intimate Partner Violence in**

Mennonite Life, 1996 One Barrel At A Time Jack Carmichael, 2013-08 In April 2005 two days after my 76th birthday I became the Protestant Chaplain at California Correctional Center in Susanville California The warden hired me for the job of creating a Faith Based Rehabilitation Program taught by inmates supported by unpaid Outside Volunteers It was anticipated that it could be a rehabilitation program for the twenty six State Prisons in California as well a challenge for the

myriad jails and prisons throughout the United States To overcome the warehousing model of incarcerating and housing inmate in prisons throughout most prison systems it is imperative that inexpensive programs be developed to counteract the chilling effect of sparse and ineffective free time support for the inmate population California recidivism rates in state prisons exceed 80% It is expected that is much the same across the United States Something needs to be done to counteract this and the CCC model is one attempt to do it Included in this book are anecdotal examples and testimonies which point to this possibility The challenges or barrels related in this attempt to change the recidivism rate at one institution tell us it won t be easy New ideas are hard to come by in prison the old and tried and failed to often have the upper hand As you follow my story you will see how and who are the advocates and foes of change in the way prisons are operated The story told here can benefit the families of the more than 1 000 000 inmates in the prisons and jails in America It can provide insights into the prison life for the students in the Correctional Curriculums in the colleges and universities of America If the book were read by the personnel in the Administration of State Prisons they might be challenged to work to change the climate in their jails and prisons Whether any of the above read it isn t as important as if you read it Read it Encyclopedia of Violence, Peace, and Conflict ,2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world The Wiley Handbook of What Works in Correctional Rehabilitation Leam A.
