The Washingtons. Volume 5, Part 2 Justin Glenn,2014-09-05 This is the fifth volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations Volume Two highlighted notable family members in the next eight generations of John and Anne Washington s descendants including such luminaries as General George S Patton the author Shelby Foote and the actor Lee Marvin Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe

Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington's descendants. Volume Five now presents Generation Nine including more than 10 000 descendants. Future volumes will trace generations ten through fifteen making a total of over 63 000 descendants. Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country. ADVANCE PRAISE I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century it is surprising that no comprehensive family history has been published. Justin M Glenn's *The Washingtons A Family History* finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants. This is truly a family history not a mere tabulation of names and dates providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County Virginia in 1657. Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate. John Frederick Dorman editor of *The Virginia Genealogist* 1957-2006 and author of *Adventurers of Purse and Person* Decades of reviewing Civil War books have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail many of them Confederates of interest and importance. Robert K Krick author of *The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain* **Sensual for Life** George L. Redmon, 2002-11 Provides advice for achieving peak sexual performance for both men and women covering such topics as Viagra sexual dysfunction sexual disorders natural stimulants and diet and exercise **Debrett's Illustrated Peerage and Baronetage, Titles of Courtesy and the Knighthood**, 1911 Includes an unpaginated appendix royal warrant holders and 19 a war honours supplement Debrett's Peerage, Baronetage, Knighthood, and Companionage, 1884 **Visitation of England and Wales** Joseph Jackson Howard, Frederick Arthur Crisp, 1895
