*Norman Mailer; the Man and His Work* Robert Francis Lucid,1971      *Norman Mailer; the Man and His Work* Robert Francis Lucid,1971 The Mailer debate continues Does he as Professor Leavis remarked of the Sitwells belong to the history of publicity rather than the history of literature or is he a public artist conducting his triumphs and failures in the full glare of the marketplace resolutely testing the existential truth of himself and his times The essays here not surprisingly make no clear case Indeed they often seem contradictory The best essays deal impressively with Mailer s moral radicalism his changing ideologies the fierceness of his concerns with collectivism and individualism God and the Devil the sort of philosophical hipsterism which was so prevalent in the 50 s and early 60 s when these essays were first published Such later effusions as *An American Dream* and *Why Are We in Vietnam* or the superb reportage about the Pentagon and Miami are also discussed though with much less clarity and conclusiveness Mailer remains of course a complex presence on the literary scene But it is surely indicative of his career that even his admirers tend to speak of him in terms of promise rather than fulfillment      *Norman Mailer; the Man and His Work* ,1971      *The 20th Century Go-N* Frank N. **Eminent Jews** David Denby, 2025-04-08 Leonard Bernstein Mel Brooks Betty Friedan and Norman Mailer Brilliant brash yet soulful they were 100 percent Jewish and 100 percent American They upended the restrained culture of their forebears and changed American life They worked in different fields and apart from clinking glasses at parties now and then they hardly knew one another But they shared a historical moment and a common temperament For all four their Jewish heritage was electrified by American liberty The results were explosive As prosperity for Jews increased and anti-Semitism began to fade after World War II these four creative giants stormed through the latter half of the twentieth century altering the way people around the world listened to music defined what was vulgar comprehended the relations of men and women and understood the American soul They were not saints they were turbulent and self dissatisfied intellectuals who fearlessly wielded their own newly won freedom to charge up American culture Celebratory yet candid at times fiercely critical David Denby presents these four figures as egotistical and generous larger than life all of them yet vulnerable even heartbreaking in their ambition ferocity and pride

**Masculinity and the Paradox of Violence in American Fiction, 1950-75** Maggie McKinley, 2016-10-20 An examination of the relationship between violence and masculinity in works by Richard Wright Norman Mailer Saul Bellow

James Baldwin and Philip Roth highlighting the inherent paradox whereby masculinity in this fiction is both asserted and undermined by acts of aggression      *The Cinema of Norman Mailer* Justin Bozung,2017-09-07 The Cinema of Norman Mailer Film is Like Death not only examines the enfant terrible writer's thoughts on cinema but also features interviews with Norman Mailer himself The Cinema of Norman Mailer also explores Mailer's cinema through previously published and newly commissioned essays written by an array of film and literary scholars enthusiasts and those with a personal philosophical connection to Mailer This volume discusses the National Book Award and Pulitzer Prize winning author and filmmaker's six films created during the years of 1947 and 1987 and contends to show how Mailer's films can be best read as cinematic delineations that visually represent many of the writer's metaphysical and ontological concerns and ideas that appear in his texts from the 1950s until his passing in 2007 By re-examining Mailer's cinema through these new perspectives one may be awarded not just a deeper understanding of Mailer's desire to make films but also find a new alternative vision of Mailer himself Norman Mailer was not just a writer but more he was one of the most influential Postmodern artists of the twentieth century with deep roots in the cinema He allowed the cinema to not only influence his aesthetic approach but sanctioned it as his easiest crafted analogy for exploring sociological imagination in his writing Mailer once suggested Film is legitimately more interesting than books and with that in mind readers of Norman Mailer might begin to rethink his oeuvre through the viewfinder of the film medium as he was equally as passionate about working within cinema as he was about literature itself

**Coppola's Monster Film** Steven Travers,2016-06-21 In 1975 after his two Godfather epics Francis Ford Coppola went

to the Philippines to film *Apocalypse Now*. He scrapped much of the original script, a jingoistic narrative of U.S. Special Forces winning an unwinnable war. Harvey Keitel originally cast in the lead role was fired and replaced by Martin Sheen, who had a heart attack. An overweight Marlon Brando paid a huge salary, did more philosophizing than acting. It rained almost every day, and a hurricane wiped out the set. The Philippine government promised the use of helicopters but diverted them at the last minute to fight communist and Muslim separatists. Coppola filmed for four years with no ending in the script. The shoot threatened to be the biggest disaster in movie history. Providing a detailed snapshot of American cinema during the Vietnam War, this book tells the story of how *Apocalypse Now* became one of the great films of all time. *Murder, in Fact* Lana A. Whited, 2020-11-09

With the 1965 publication of *In Cold Blood*, Truman Capote declared he broke new literary ground. But Capote's nonfiction novel belongs to a long Naturalist tradition originating in the work of 19th-century French novelist Emile Zola. Naturalism offers a particular response to the increasing problem of violence in American life and its sociological implications. This book traces the origins of the fact-based homicide novel that emerged in the mainstream of American literature with works such as Frank Norris's *McTeague* and flourished in the twentieth century with works such as Theodore Dreiser's *An American Tragedy* and Richard Wright's *Native Son*. At their heart is a young man isolated from community who acts out in desperate circumstances against someone who reflects his isolation. A tension develops between how society views this killer and the way he is viewed by the novelist. The crimes central to these narratives epitomize the vast gap between those who can aspire to the so-called American dream and those with no realistic chance of achieving it. *Mailer's Search for a Hero* Morris Wei-hsin Tien, 1977
