Stiffler,2009-10-15 It did not start out that way what began as a simple letter mailed to a few friends has now emerged as this book taking the form of practical spiritual thoughts and actions that center around the seasons of the church and calendar year Encouragement came like so many birds filling the sky singing to lift the dawn that I might see a new day Their music lifted my soul Words of interest asking when this material would be published became the incentive for publication Years of celebration involving the seasons that touch our lives so deeply moved within me The high seasons and holy days never failed to provide a deep inspiration in my soul It is from these moments that I compose the words and images that are found in this book Following Spiritual Pathways A pathway to spiritual growth is open to those who seek in quiet moments an awareness of the Divine Here the mind will inform the heart and the heart will illuminate the mind forming a spiritual circle that gives balance to life Each page invites you to enter an experience expressed in poetic form along with a guided imagery that can turn these quiet moments into a meaningful life experience This pathway reflects my personal journey of meditation that began in 1977 under the guidance of Sister Virginia Mary Barta of Marionjoy in Wheaton Illinois and the urging of Rev Dean Williams the Chaplain Since then I have shared what I experience as my mind informs my heart and my heart illuminates my mind Soul Pathways Paul Williamson,2002-11 As souls before we are born we agree to take on certain

challenges during our incarnations on Earth Meeting these challenges may prove to be very demanding and testing for our character We can be confronted with situations where we feel rejection guilt isolation loss of trust and many other difficult emotions It may seem easier to seek to escape or avoid what our soul has set out for us to do Yet when we can ask for help and reach within to learn about our inner truth we can feel stronger We may still need to endure suffering and come to terms with experiences where we feel that we have fallen short of what may have been wise and right However by being open to discover what is within even when this may be uncomfortable this may begin a process of healing and finding peace In this his third book Paul Williamson has gathered some very frank and open accounts of people s life stories These express through intimate personal sharing details of fundamental human problems which are common to us all By exploring the underlying conditions of these problems Paul has tried to communicate thoughts and ideas that people may use to gain understanding of their own dilemmas Sensitively written this book is intended to help readers to find their own soul pathway so that they can emerge from experiences of inner darkness in their lives to a life that is happier richer and filled with hope
