Crime and Spy Jazz on Screen Since 1971 Derrick Bang, 2020-04-16 Henry Mancini s Peter Gunn theme Lalo Schiffrin s Mission Impossible theme Isaac Hayes theme from Shaft These iconic melodies have remained a part of the pop culture landscape since their debuts back when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents private detectives cops spies and heist minded criminals Hundreds of additional films and television shows made from the mid 1950s and beyond have been propelled by similarly swinging title themes and underscores many of which have undeservedly faded into obscurity This meticulously researched book begins with Hayes game changing music for Shaft and honors the careers of traditional jazz composers who as the 1970s gave way to the 80s and beyond resolutely battled against the pernicious influx of synth jukebox scores and a growing corporate disinterest in lavish ensembles Fans frustrated by the lack of attention paid to jazz soundtrack composers including Mort Stevens Laurie Johnson Mike Post Earle Hagen David Shire Elmer Bernstein and many many others will find solace in these pages along with all the information needed to enhance one s music library But this is only half the story the saga s origins are discussed in this book s companion volume *Crime and Action Jazz on Screen 1950 1970*

The Drive-In Guy Barefoot, 2023-11-16 *The Drive In* meaningfully contributes to the complex picture of outdoor cinema that has been central to American culture and to a history of US cinema based on diverse viewing experiences rather than a select number of films Drive in cinemas flourished in 1950s America in some summer weeks to the extent that there were more cinemagoers outdoors than indoors Often associated with teenagers interested in the drive in as a passion pit or a venue for exploitation films accounts of the 1950s American drive in tend to emphasise their popularity with families with young children downplaying the importance of a film programme apparently limited to old low budget or independent films and characterising drive in operators as industry outsiders They retain a hold on the popular imagination *The Drive In* identifies the mix of generations in the drive in audience as well as accounts that articulate individual experiences from the drive in as a dating venue to a segregated space Through detailed analysis of the film industry trade press local newspapers and a range of other primary sources including archival records on cinemas and cinema circuits in Arkansas California New York State and Texas this book examines how drive ins were integrated into local communities and the film industry and reveals the importance and range of drive in programmes that were often close to that of their indoor neighbours
