Matching Minds with Sondheim Barry Joseph, 2025-10-02 By near universal consensus Stephen Sondheim was the greatest musical theater composer of his generation celebrated among other things for the wit sophistication and intricacy of shows from West Side Story to Sunday in the Park with George But a less well known avenue for his brilliance was his lifelong fascination with designing and constructing intricate puzzles and games from treasure hunts to crosswords to parlor and board games Matching Minds with Sondheim is a journey into this rich but largely unmapped aspect of the composer s creative life illuminating how Sondheim s playful designs delivered moments of clarity and connection for friends colleagues and anyone who s ever been captivated by his genius This book opens for the first time the door into what Sondheim called his puzzler s mind helping readers to better understand the man his work and if they accept the challenge themselves Gaming expert Barry Joseph draws from over eighty years of Sondheim s activities including extremely rare and never publicly seen puzzles and game designs scores of original interviews with the celebrity friends who played them archival deep dives and illuminating analysis from both puzzle designers and theater professionals from around the world Packed with illustrations and insights this book does more than describe Sondheim s life in puzzles It allows readers to match minds with the maestro by attempting to solve his puzzles and bring Sondheimian games into their own homes
