Rational CHOICE and Political POWER

KEVIN M. DOWDLING

Rational Choice And Political Power

Alain Marciano, Jean-Michel Josselin

Rational Choice And Political Power:

Rational Choice and Political Power Keith Dowding, 2019-07-17 Featuring a substantial new introduction and two new chapters in the Postscript this new edition makes one of the most significant works on power available in paperback and online for the first time The author extensively engages with a body of new literature to elucidate and expand upon the original work using rational choice theory to provide An examination of how due to the collective action problem groups can be powerless despite not facing any resistance Timely engagement with feminist accounts of power An explanation of the relationship of structure and agency and how to measure power comparatively across societies This book s unique interaction with both classical and contemporary debates makes it an essential resource for anyone teaching or studying power in the disciplines of sociology philosophy politics or international relations Rational Choice and Political Power Keith M. Dowding, 2020 Featuring a substantial new introduction and two new chapters in the postscript this new edition makes a significant works on power The author extensively engages with a body of new literature to elucidate and expand upon the original work using rational choice theory to provide an examination of how due to the collective action problem groups can be powerless despite not facing any resistance timely engagement with feminist accounts of power an explanation of the relationship of structure and agency and how to measure power comparatively across societies **21st Century Political Science: A Reference Handbook** John T Ishiyama, Marijke Breuning, 2011 Offering full coverage of major subthemes and subfields within political science this reference handbook includes entries on topics from theory and methodology to international relations and institutions Essays on Evolutions in the Study of Political Power Giulio M. Gallarotti, 2021-11-24 This book deals with the most important developments in the study of political power over the last four decades From the writings of the great Greek philosophers of antiquity to the present the idea of power has been the major subject in the study of politics Indeed some would say it defines the very field of politics itself as a social science Penned by the leading scholars in the field this collection gives a broad overview of the most important issues in the study of political power tracing the evolution of scholarly thinking about them and in doing so revealing crucial innovations therein This will be a major contribution in the understanding of the concepts and practices of how power manifests itself across social and political contexts This book will be of great interest to scholars students and individuals who wish to understand the very foundations of social and political life The chapters in this book were originally published as a special issue of the Journal of Political Power volume 14 issue 1 2021 **The Palgrave Handbook of Kenyan History** Wanjala S. Nasong'o, Maurice N. Amutabi, Toyin Falola, 2023-01-25 This volume covers Kenya s history society culture economics politics and environment from precolonial times through the first years of independence The book comprises twenty one chapters divided into two parts Part I focuses on the long precolonial moment detailing the nature of precolonial Kenyan societies and their economics politics gender dynamics and social organization Part II examines Kenyan societies encounters with British colonialism

critically outlining the impact and implications of these encounters The volume concludes with an examination of political consolidation after the country's attainment of political independence and the subsequent foundations for political authoritarianism

Democracy, social resources and political power in the European Union Niilo Kauppi, 2018-02-28 In this book Kauppi develops a structural constructivist theory of the European Union and critically analyses through French and Finnish empirical cases the political practices that maintain the Union's democratic deficit Kauppi conceptualises the European Union as both an arena for political contention and a nascent political order In this evolving multi levelled European political field individuals and groups construct material and symbolic structures of political power grounded in a variety of social resources such as nationality culture and gender The author shows how the dominance of both executive political resources and domestic political cultures has prevented the development of European democracy Supranational executive networks have become more autonomous reinforcing the dominance of the resources they control At the same time national political cultures condition the political status of elected institutions such as the European parliament The book is particularly suited for undergraduate and graduate students in the fields of European Politics European Union Studies and International Relations

Foucault's Political Challenge Henrik Paul Bang, 2016-04-30 This book examines Foucault's political framework for connecting political authority with practices of freedom It starts from the older Foucault's claim that where there is obedience there cannot be government by truth Then it shows how this claim runs like a red thread through his entire life project

Understanding Public Policy Paul Cairney, 2019-11-08 The fully revised second edition of this textbook offers a comprehensive introduction to theories of public policy and policymaking The policy process is complex it contains hundreds of people and organisations from various levels and types of government from agencies quasi and non governmental organisations interest groups and the private and voluntary sectors This book sets out the major concepts and theories that are vital for making sense of the complexity of public policy and explores how to combine their insights when seeking to explain the policy process While a wide range of topics are covered from multi level governance and punctuated equilibrium theory to Multiple Streams analysis and feminist institutionalism this engaging text draws out the common themes among the variety of studies considered and tackles three key questions what is the story of each theory or multiple theories what does policy theory tell us about issues like evidence based policymaking and how universal are policy theories designed in the Global North This book is the perfect companion for undergraduate and postgraduate students studying public policy whether focussed on theory analysis or the policy process and it is essential reading for all those on MPP or MPM programmes New to this Edition New sections on power feminist institutionalism the institutional analysis and development framework the narrative policy framework social construction and policy design A consideration of policy studies in relation to the Global South in an updated concluding chapter More coverage of policy formulation and tools the psychology of policymaking and complexity theory Engaging discussions of punctuated equilibrium the advocacy coalition

framework and multiple streams analysis

The Philosophy and Methods of Political Science Keith

Dowding, 2015-11-23 This original account of the role of philosophy and methodology in political science gets back to the basics of studying politics Cutting through long standing controversies across different theoretical camps within the discipline Dowding provides an innovative and pluralistic argument for the benefits and drawbacks of different approaches He offers an analysis of and a counterbalance to debates over causal explanation defending a scientific realist perspective that is open to entirely different methods Following an introduction to the major isms of modern political science and international relations the book takes an incisive look at the nature of explanations and generalizations theory testing mechanisms causation process tracing interpretation and conceptual analysis It enables students of political science methodologies and related disciplines to apply sharp analysis and in depth philosophical understanding to their study of political events and structures Concluding with chapters on normative political philosophy and the vocation of the political scientist this is a thought provoking and wide ranging text that will make essential reading and will undoubtedly shape the field

A New Handbook of Political Science Robert E. Goodin, Hans-Dieter Klingemann, 1998 Aimed at political scientists A New Handbook of Political Science provides the definitive survey of new developments over the last 20 years assessed in the context of historical trends in the field

The Oxford Handbook of Political Leadership R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is nigh endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLas the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020-07-30 Political executives have been at the centre of public

and scholarly attention long before the inception of modern political science In the contemporary world political executives have come to dominate the political stage in many democratic and autocratic regimes The Oxford Handbook of Political Executives marks the definitive reference work in this field Edited and written by a team of world class scholars it combines substantive stocktaking with setting new agendas for the next generation of political executive research *Widening the European Union* Bernard Steunenberg, 2003-08-27 The proposed enlargement of the European Union to include countries from Central and Eastern Europe has become an important political issue Widening the European Union focuses on those institutional reforms of the Union that may be necessary to make the enlargement possible The institutional structure originally designed for the Union of just six states might not be suitable for a EU of twenty seven or more member states An overview of current rational choice theories of institutional change is provided before the volume focuses on several aspects of institutional reforms in the Union Widening the European Union contains contributions from a distinguished team of European academics This book is a valuable resource to students of the European Union with an interest in its politics and policy enlargement and institutional reform *Social Networks* John Scott, 2002 This collection brings together the principal sources in the development of the techniques of social network analysis from early metaphorical statements in Simmel and Radcliffe Brown through the more systematic explorations in sociology and social anthropology to contemporary formalizations A new introduction explores the history of Social Networks and highlights the arguments of those who treat social network analysis as a loose qualitative approach as well as those who see its potential in technical mathematical uses The thematically organized coverage includes Part I Conceptualizing Social Networks Part II Topics and Developments in Graph Theory Part III Further Mathematical Models for Networks Part IV Applications Family and Community Part V Applications Corporate Power and Economic Structures Part VI Applications Political Protest and Policy Networks Part VII Applications Knowledge Reputation and Diffusion *Introducing Comparative Politics* Stephen Orvis, Carol Ann Drogus, 2023-10-20 Organized thematically around important questions in comparative politics the Sixth Edition of *Introducing Comparative Politics* integrates a set of extended case studies that vividly illustrate issues in cross national context for 11 countries The cases are placed within the chapters where they make the most sense not separated from the theory or in a separate volume helping students make connections between theory and practice earlier in the semester and giving them a more holistic view of comparative politics *Political Science* William J. Crotty, 1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works *The Handbook of Political Sociology* Thomas Janoski, Robert R. Alford, Alexander M. Hicks, Mildred A. Schwartz, 2005-05-23 This Handbook provides a complete survey of the vibrant field of political sociology Part I explores the theories of political sociology Part II focuses on the formation transitions and regime structure of the state

Part III takes up various aspects of the state that respond to pressures from civil society *The Evolution of Political Knowledge* American Political Science Association. Meeting, Edward D. Mansfield, Richard Sisson, 2004 Over the course of the last century political scientists have been moved by two principal purposes First they have sought to understand and explain political phenomena in a way that is both theoretically and empirically grounded Second they have analyzed matters of enduring public interest whether in terms of public policy and political action fidelity between principle and practice in the organization and conduct of government or the conditions of freedom whether of citizens or of states Many of the central advances made in the field have been prompted by a desire to improve both the quality and our understanding of political life Nowhere is this tendency more apparent than in research on American politics a field in which concerns for the public interest have stimulated various important insights This volume systematically analyzes the major developments within the broad field of American politics over the past three decades Each chapter is composed of a core paper that addresses the major puzzles conversations and debates that have attended major areas of concern and inquiry within the discipline These papers examine and evaluate the intellectual evolution and natural history of major areas of political inquiry and chart particularly promising trajectories puzzles and concerns for future work Each core paper is accompanied by a set of shorter commentaries that engage the issues it takes up thus contributing to an ongoing and lively dialogue among key figures in the field Democracy, Freedom and Coercion Alain Marciano, Jean-Michel Josselin, 2007-01-01 Democracy Freedom and Coercion is a welcome addition to the public choice literature It steps outside of the often used contractarian perspective and recognizes that all governments are ultimately based on coercion the volume s chapters make important contributions that should be of interest to public choice scholars engaged in this research program Benjamin Powell Public Choice The big picture here is the tension between coercion and freedom within democracy Each essay offers a view of this big picture through a different lens empirical theoretical comparative etc and also offers a different focus on the conceptualisation and measurement of power the legitimacy of economic democracy the identification of the developing pattern of democracy the impact of political violence etc But the essays combine well so that together they illuminate the big picture from a variety of perspectives Thought provoking and challenging an excellent read for anyone interested in the more detailed analysis of the issues that make up the big picture Alan Hamlin University of Manchester UK So much of the academic analysis of democracy focuses on agreement and ignores the fact that all government action ultimately is backed by coercion This volume offers a thoughtful examination of the inherent tensions between liberty and coercion that are an inevitable part of democratic government Randall G Holcombe Florida State University US States need to be strong in order to enforce private property rights yet this very strength can cause problems as representatives of the state can misuse it for their individual goals This dilemma of the strong state has been occupying political philosophers for centuries In this volume to which economists but also political scientists have contributed a number of new and unexpected variations on the topic are

explored This makes the volume an exciting read Stefan Voigt University of Marburg Germany The contribution covers the niche between law and economics and the political theory of the state and its constitution Now we can integrate traditional political theory into our doctoral seminars in law and economics a long overdue step ahead J rgen G Backhaus Erfurt University Germany The essence of democratic power lies in the capacity to protect individual freedom while organizing the necessary coercion associated with any form of government Yet as the authors of this book maintain developing coercion in order to protect freedom and containing coercion in order to further protect freedom is an arduous task and one that faces any democratic Leviathan The aim of this book is to explore this paradox and to analyse the intricate balance of freedom and coercion in developing states In so doing it considers the legal and institutional conditions under which coercion and violence are admitted and or permitted and how these conditions should be organized in order to preserve and develop freedom as far as possible Democracy Freedom and Coercion comprehensively covers both private and public law both applied and theoretical issues and will therefore be of great interest to students studying law and economics It will also serve as a reference tool to those academics in the field of legal competition especially from the perspective of European issues

Ideas about Agriculture in the Political Economy of Japan James M. Brady, 2021-02-01 A major paradox in the political economy of Japan is why an enduring majority of citizens as voters consumers and taxpayers has explicitly supported or implicitly consented to a policy regime of agricultural protection that reduces material welfare and limits consumer choice This book goes beyond standard political economy approaches that focus on self interest pursuit by policy actors to contend that ideational factors are an important explanatory variable shaping the policy preferences of individuals towards agriculture and agricultural policy in Japan The book traces the historical origins of ideas about agriculture particularly those associated with the n honshugi tradition and offers an original taxonomy classifying the development of agrarian thought from the Tokugawa era until the 1930s It then analyses postwar media portrayals of agriculture in public policy debates around the 1961 and 1999 agricultural basic laws charting the evolution of both economic and non economic ideas in those periods Finally it investigates the predominant ideas held about agriculture by individuals today as evidenced through public opinion survey data and demonstrates that concerns about health and food safety food self sufficiency and the environment strongly outweigh economic welfare considerations The study concludes by examining developments in agricultural policy under the Abe administration in the context of these predominant ideas and considers how those ideas could be operationalised in agricultural policy responses to major crises including the coronavirus pandemic and climate change

This is likewise one of the factors by obtaining the soft documents of this **Rational Choice And Political Power** by online. You might not require more time to spend to go to the book commencement as skillfully as search for them. In some cases, you likewise pull off not discover the declaration Rational Choice And Political Power that you are looking for. It will utterly squander the time.

However below, later than you visit this web page, it will be so agreed simple to get as well as download guide Rational Choice And Political Power

Rational Choice And Political Power Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rational Choice And Political Power PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze.

This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rational Choice And Political Power PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rational Choice And Political Power free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
