Religion And Radical Empiricism Suny Series In Religious Studies:

Religion and Radical Empiricism Nancy K. Frankenberry, 1987-07-01 Rarely in modern times has religion been associated with empiricism except to its own peril This book represents a comprehensive and systematic effort to retrieve and develop the tradition of American religious empiricism for religious inquiry Religion and Radical Empiricism offers a challenging account of how and why reflection on religious truth claims must seek justification of those claims finally in terms of empirical criteria Ranging through many of the major questions in philosophy of religion the author weaves together a study of the varieties of empiricism in all its historical forms from Hume to Quine She finds in James and Dewey in Wieman Meland and Loomer of the Chicago School in Whitehead and in Abhidharma Buddhism constructive elements of a radically empirical approach to the controversial topic of religious experience This work provides a strong counter argument to critics of revisionary theism to caricatures of philosophy as conversation and to any collapse of the category of experience into its linguistic forms

Defining Religion Robert Cummings Neville, 2018-01-17 In this collection of essays written over the past decade Robert Cummings Neville addresses contemporary debates about the concept of religion and the importance of the comparative method in theology while advancing and defending his own original definition of religion Neville s hypothesis is that religion is a cognitive existential and practical engagement of ultimate realities five ultimate conditions of existence that need to be engaged by human beings The essays which range from formal articles to invited lectures develop this hypothesis and explore its ramifications in religious experience philosophical theology religious studies and the works of important thinkers in philosophy of religion Defining Religion is an excellent introduction to Neville s work especially to the systematic philosophical theology presented in his magisterial three volume set Philosophical Theology William James and the Metaphysics of Experience David C. Lamberth, 1999-05-20 William James is frequently considered one of America s most important philosophers as well as a foundational thinker for the study of religion Despite his reputation as the founder of pragmatism he is rarely considered a serious philosopher or religious thinker In this new interpretation David Lamberth

argues that James's major contribution was to develop a systematic metaphysics of experience integrally related to his developing pluralistic and social religious ideas. Lamberth systematically interprets James's radically empiricist world view and argues for an early dating 1895 for his commitment to the metaphysics of radical empiricism. He offers a close reading of *Varieties of Religious Experience* and concludes by connecting James's ideas about experience pluralism and truth to current debates in philosophy, the philosophy of religion and theology, suggesting James's functional experiential metaphysics as a conceptual aid in bridging the social and interpretive with the immediate and concrete while avoiding naive realism.

Historicism Sheila Greeve Davaney, No other movement or insight has challenged Christian theology so steeply in the modern period as historicism. The two hundred year old notion that concepts, ideas and theories all are influenced or occasioned by historical circumstances is today a commonplace in all fields. Davaney's authoritative text traces with clarity and skill the history of historicism and its various meanings for the German Enlightenment through its Continental and distinctly American developments to its contemporary postmodern incarnations. **BOOK JACKET** *Hidden Circles in the Web* Constance Wise, 2008-05-16 As one of the fastest growing Pagan traditions, Feminist Wicca appeals to many through its emphasis on the deep interconnectedness of life and its focus on the woman's religious experience. In *Hidden Circles in the Web*, scholar and practitioner Constance Wise explores Feminist Wicca through the lens of process thought, developing a new thealogy of feminist spirituality that can enrich and deepen the religious practice. Although the twentieth century philosophy of process thought is often portrayed as a complex and inaccessible system, Wise explains its concepts in simple language and illustrates her points with accessible examples from life. Wise invites readers into the hidden wisdom of Feminist Wicca and process thought, proposing statements of Feminist Wiccan beliefs and practices in six areas: history, anthropology, epistemology, ethics, cosmology and thealogy. While the focus of the book is on Feminist Wicca, her insights into process thought apply to an array of traditions and will interest a range of practitioners and scholars across the religious spectrum.

Constructing a Relational Cosmology Paul O. Ingram, 2006-08-01 This collection of five essays is both a dialogical engagement with and critical assessment of Nancy R. Howell's book *Constructing a Relational Cosmology*. The collection includes three essays written from a Whiteheadian process perspective by Marit A. Trelstad, Kathlyn A. Breazeale and Marjorie Hewitt Suchocki, one from the perspective of narrative theology, Lisa Stenmark, and one from the Soto Zen Buddhist perspective, Stephanie Kaza. Howell, responding as a Whiteheadian feminist philosopher of religion, takes the critiques and suggestions of her dialogical partners with the utmost seriousness as her foundation for suggesting new directions for ecofeminist thought, an example of what Whiteheadians call the process of creative transformation. *American Religious Empiricism* William Dean, 1986-01-01 In nineteenth century France, parents abandoned their children in overwhelming numbers, up to 20 percent of live births in the Parisian area. The infants were left at state-run homes and were then transferred to rural wet nurses and foster parents. Their chances of survival were slim, but with alterations in state policy,

economic and medical development and changing attitudes toward children and the family their chances had significantly improved by the end of the century br Rachel Fuchs has drawn on newly discovered archival sources and previously untapped documents of the Paris foundling home in order to depict the actual conditions of abandoned children and to reveal the bureaucratic and political response This study traces the evolution of French social policy from early attempts to limit welfare to later efforts to increase social programs and influence family life Abandoned Children illuminates in detail the family life of nineteenth century French poor It shows how French social policy with respect to abandoned children sought to create an economically useful and politically neutral underclass out of a segment of the population that might otherwise have been an economic drain and a potential political threat Journal of the History of Philosophy ,1988 **Dictionary**

Catalog of Official Publications of the State of New York ,1986 *Buddhist-Christian Dialogue as Theological Exchange* Ernest M. Valea,2015-04-14 This book is intended to encourage the use of comparative theology in contemporary Buddhist Christian dialogue as a new approach that would truly respect each religious tradition s uniqueness and make dialogue beneficial for all participants interested in a real theological exchange As a result of the impasse reached by the current theologies of religions exclusivism inclusivism and pluralism in formulating a constructive approach in dialogue this volume assesses the thought of the founding fathers of an academic Buddhist Christian dialogue in search of clues that would encourage a comparativist approach These founding fathers are considered to be three important representatives of the Kyoto School Kitaro Nishida Keiji Nishitani and Masao Abe and John Cobb an American process theologian The guiding line for assessing their views of dialogue is the concept of human perfection as it is expressed by the original traditions in Mahayana Buddhism and Orthodox Christianity Following Abe s methodology in dialogue an Orthodox contribution to comparative theology proposes a reciprocal enrichment of traditions not by syncretistic means but by providing a better understanding and even correction of one s own tradition when considering it in the light of the other while using internal resources for making the necessary corrections *Books in Print Supplement* ,1988 American Journal of Theology & Philosophy ,1994 **American Philosophers Before 1950** Philip Breed Dematteis,Leemon B. McHenry,2003 Essays on important figures in American philosophy that began or ended their careers elsewhere Most of these philosophers were influenced by or reacted against the mainstream of thought in Great Britain and continental Europe Discusses the two dominant approaches to philosophy analytic and postmodern Discusses the classical period of American philosophy as well as the rise of logical positivism and various forms of linguistic and conceptual analysis **A Religion of Nature** Donald A. Crosby,2002-08-01 An eloquent case for regarding nature itself as the focus of religion as the metaphysical ultimate deserving religious commitment **International Philosophical Quarterly** ,1999 *Participation and the Mystery* Jorge N. Ferrer,2017-04-12 A groundbreaking and hopeful new look at contemporary spirituality transpersonal psychology integral education and religious diversity and pluralism Participation and the Mystery is both an introduction to and expansion of

Jorge N Ferrer's groundbreaking work on participatory spirituality which holds that human beings are active cocreators of spiritual phenomena worlds and even ultimates After examining the impact of his work since the publication of *Revisioning Transpersonal Theory* Ferrer discusses the relationship between science and transpersonal psychology the nature of a fully embodied spirituality and the features of integral spiritual practice The book also introduces a participatory philosophy of education and applies it to the academic teaching of mysticism and a novel approach to embodied spiritual inquiry Critically engaging the influential work of Stanislav Grof Ken Wilber and A H Almaas Ferrer concludes with an original solution to the problem of religious pluralism that affirms the ontological richness of religious worlds while avoiding the extremes of perennialism and contextualism offering a hopeful vision for the future of world religion *Participation and the Mystery* is an invaluable resource to anyone seeking to deepen their understanding of participatory approaches to transpersonal psychology integral and contemplative education contemporary spirituality and religious studies In *Participation and the Mystery* we are given the opportunity to dive into the engaging provocative and stunningly erudite thought of Jorge N Ferrer arguably one of the premier transpersonal theorists of our time Building on the key essays written after the publication of his seminal work *Revisioning Transpersonal Theory* Ferrer shows us how his compelling and extremely fertile participatory model can be applied with intriguing and rewarding results to multiple highly distinct fields of discourse Read this book if you want your worldview to be both challenged and enriched G William Barnard author of *Living Consciousness The Metaphysical Vision of Henri Bergson* Ferrer is a leading figure in transpersonal psychology His participatory perspective explains both the deep commonalities and the creative diversity of spiritual traditions It provides a way to understand the general phenomenon of spirituality without falling prey to ideological dogmatism or the tendency to privilege one's own spiritual tradition or practice over others Ferrer's work deserves to be widely read Michael Washburn author of *Transpersonal Psychology in Psychoanalytic Perspective* This is an important collection of essays from one of the leading contemporary thinkers in transpersonal studies Ferrer's participatory approach represents the most significant development in transpersonal theory and practice to have emerged this century and this book is the ideal introduction to Ferrer's work It will become required reading for all students of transpersonal psychology as well as for anyone seeking to deepen their understanding of transformational practice transpersonal education spirituality and religion Michael Daniels author of *Shadow Self Spirit Essays in Transpersonal Psychology* Rich and thought provoking this book ranges widely through Ferrer's reflections on the participatory worldview in relation to psychology education and religion Andrew O Fort Texas Christian University [Books in Series](#) ,1985 Vols for 1980 issued in three parts Series Authors and Titles **Subject Guide to Books in Print** ,2001 **Whitaker's Books in Print** ,1998

Unveiling the Magic of Words: A Review of "**Religion And Radical Empiricism Suny Series In Religious Studies**"
