Bertocci, 2013-12-19 This is Volume I of seven in a collection on the Philosophy of Religion Originally published in 1970 What is the nature of the person The revival of interest in this question in learned circles literary philosophical theological psychological sociological and political is manifested not only in the range of pertinent knowledge but also in the probing for better methods of studying persons and their mutual relations This book focuses on the nature of the person finite and divine *The Courage of Our Confusions* Deane W. Ferm, 2004-08-04 It was once said of Ben Franklin that in the final decade of his life he had reached the age when life slopes to an end So here I am in my 8th decade sliding down that slippery slope It has been a great ride During my life as an author of 8 books I have written about other people and what they believed A Christian Century reviewer of my *Contemporary American Theologies A Critical Survey* gave his assessment Ferm s greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole A landmark of clarity This is what I have tried my best to do Here however as I slide down the slippery slope I express my own views which never seem to settle down but keep changing with the challenge of new experiences My lifetime mentor has been America s greatest philosopher William James whose writings have taught me to be aware of the varieties of religious experience and the right to believe about the things that matter the most In this book I confront such important issues as the meaning of religion faith and doubt the elusive inner self God Jesus the bible the church the life to come and I end with a challenge to senior citizens to get on with their unfinished doubts and lives My deepest conviction is that the more I know the less I know that life continues to be a bewildering Mystery I will continue investigating the central claims of religion while discarding the old myths with new realities Let us make these claims our religious act The greatest risk is not taking one Let us always have the courage of our confusions Deane William Ferm **A Companion to Philosophy of Religion** Charles Taliaferro, Paul Draper, Philip L.
