Religions in Practice

An Approach to the Anthropology of Religion

John R. Bowen

Religion In Practice

**Giuseppe Giordan, William H. Swatos,
Jr.**

Religion In Practice:

Lived Religion Meredith B McGuire, 2008-08-22 How can we grasp the complex religious lives of individuals such as Peter an ordained Protestant minister who has little attachment to any church but centers his highly committed religious practice on peace and justice activism Or Hannah a devout Jew whose rich spiritual life revolves around her women s spirituality group and the daily practice of meditative dance Or Laura who identifies as Catholic but rarely attends Mass and engages daily in Buddhist style meditation at her home altar arranged with symbols of Mexican American popular religion Diverse religious practices such as these have long baffled scholars whose research often starts with the assumption that individuals commit or refuse to commit to an entire institutionally framed package of beliefs and practices Meredith McGuire points the way forward toward a new way of understanding religion She argues that scholars must study religion not as it is defined by religious organizations but as it is actually lived in people s everyday lives Drawing on her own extensive fieldwork as well as recent work by others McGuire explores the many seemingly mundane ways that individuals practice their religions and develop their spiritual lives By examining the many eclectic and creative practices of body mind emotion and spirit that have been invisible to researchers she offers a fuller and more nuanced understanding of contemporary religion

Religions in Practice John R. Bowen, 2011 *Religions in Practice* John Richard Bowen, 1998

Religion and the Individual Dr Abby Day, 2013-05-28 What does religion mean to the individual How are people religious and what do their beliefs practices and identities mean to them The individual s place within studies of religion has tended to be overlooked recently in favour of macro analyses Religion and the Individual draws together authors from around the world to explore belief practice and identity Using original case studies and other work firmly placed in the empirical contributors discuss what religious belief means to the individual They examine how people embody what religion means to them through practice considering the different meanings that people attach to religion and the social expressions of their personal understandings and the ways in which religion shapes how people see themselves in relation to others This work is cross cultural with contributions from Asia Europe and North America

What Happens When We Practice Religion? Robert Wuthnow, 2020-05-19 An exploration of the interdisciplinary methods used to understand religious practice Religion is commonly viewed as something that people practice whether in the presence of others or alone But what do we mean exactly by practice What approaches help to answer this question What Happens When We Practice Religion delves into the central concepts arguments and tools used to understand religion today Throughout the past few decades the study of religion has shifted away from essentialist arguments that grandly purport to explain what religion is and why it exists Instead using methods from anthropology psychology religious studies and sociology scholars now focus on what people do and say their daily religious habits routines improvisations and adaptations Robert Wuthnow shows how four intersecting areas of inquiry situations intentions feelings and bodies shed important light on religious practice and he explores such topics as the role of

religious experiences in sacred spaces gendered social relationships educational settings the arts meditation and ritual Suitable for undergraduate and graduate courses What Happens When We Practice Religion provides insights into the diverse ways that religion manifests in ordinary life Summarizes the latest theories and empirical methods of religious practice Shows how the study of religion has changed Includes chapters on theory situations intentions feelings and bodies Draws from anthropology psychology religious studies and sociology Accessible for undergraduate and graduate courses

Religion, Spirituality and Everyday Practice Giuseppe Giordan, William H. Swatos, Jr., 2011-08-14 The current generation of young adults at least in the Western world has shown a marked tendency toward a preference for describing themselves as spiritual as contrasted to religious This book seeks to examine the possible meanings and consequences associated with this contrast in terms of the similarities and differences that affect those who use these terms with respect to the everyday practices that they themselves employ or believe should follow from being self defined as religious or spiritual or not The several chapters in this volume take up the religious spiritual contrast specifically through investigations into practice In what ways do people who claim to be religious or spiritual define these self images as manifest in their own lives How on a daily basis does a person who considers himself or herself religious or spiritual live out that self image in specific ways that she or he can describe to others even if not share with others Are there ways that being spiritual can involve religion or ways that being religious can involve spirituality and if so how do these differ from concepts in prior eras e g Ignatian spirituality Orthodox spirituality Anglican spirituality etc We also explore if there are institutions of spiritual practice to which those who term themselves spiritual turn or if the difference implied by these terms may instead be between institutionalized and de institutionalized expressions of practice including but not limited to self spiritualities

Religion in Practice Swami Prabhavananda, 1968 Religious Reading Paul J. Griffiths, 1999 In examining and analyzing these practices Griffiths develops a picture of the intellectual and moral commitments involved in being a religious person Griffiths favorably contrasts the practices and pedagogies of traditional religious cultures with those of our own fragmented and secularized culture and insists that religious reading should be preserved He concludes with the controversial proposal that the modern university should make room for traditional scholastics **BOOK JACKET** Religion Online August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 Religion Online provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media faith communities and practices of all sorts Recent research on Apple users video games virtual worlds artificial intelligence digital music and sports as religion supports the idea that media and religion once considered separate entities are in many cases the same thing New media and religious practice can no longer be detached this two volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization autonomous religious worship millennials affinity for new media and the rise of fundamentalism in the global south While other works describe case studies this book explains how new

media are interwoven into the very fabric of religious belief behavior and community Chapters break down the past present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements The book also examines the impacts of digital media on beliefs and practices around the world In exploring these subjects it calls on the study of culture namely anthropology to conceptualize a technological period as significant as the industrial revolution

Rationality in Science, Religion, and Everyday Life Mikael Stenmark,2016-09-15 Mikael Stenmark examines four models of rationality and argues for a discussion of rationality that takes into account the function and aim of such human practices as science and religion

On the Significance of Religion for the SDGs Christine Schliesser,2023-03-29 This timely volume addresses the rising interest in the role of religion in global issues worldwide The ambitious Agenda 2030 and the 17 Sustainable Development Goals SDGs serve as the framework for this exploration discussing questions such as What role does religion play in poverty and poverty alleviation How does religion inspire people in combatting gender inequality What is religion s role in fueling conflict and which resources can religion offer for peace and reconciliation Based on the conviction that not one single faith tradition or discipline can adequately address the complexity of current global issues this book brings in the perspectives of different faith traditions and different disciplines Combining cutting edge research with case studies and concrete implications for academics policymakers and practitioners this concise and easily accessible volume helps to build bridges between these different actors and their engagement It serves as the introductory volume to the series Religion Matters On the Significance of Religion in Global Issues The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license

Brands of Faith Mara Einstein,2007-09-14 Through a series of fascinating case studies of faith brands marketing insider Mara Einstein has produced a lively account of the book in the commercialization of religion

Religion and Everyday Life and Culture: Religion in the practice of public life Richard D. Hecht,Vincent F. Biondo,2010 This intriguing three volume set explores the ways in which religion is bound to the practice of daily life and how daily life is bound to religion

Religion and Humor as Emancipating Provinces of Meaning Michael Barber,2017-07-26 This book illustrates how non pragmatic finite provinces of meaning emancipate one from pragmatic everyday pressures Barber portrays everyday life originally as including the interplay between intrinsic and imposed relevances the unavoidable pursuit of pragmatic mastery and the resulting tensions non pragmatic provinces can relieve But individuals and groups also inevitably resort to meta level strategies of hyper mastery to protect set ways of satisfying lower level relevances strategies that easily augment individual anxiety and social pathologies After creatively interpreting the Schutzian dialectic between the world of working and non pragmatic provinces Barber describes the experience of reality in the finite provinces of religion and humor Schutz who only mentioned these provinces laid out the six features of the cognitive style that characterize any finite province of meaning This book is the first

to follow up on these suggestions and depict two new finite provinces of meaning beyond those in *On Multiple Realities* While entrance into these provinces reduces everyday life tensions it does not suffice since pragmatic relevances infiltrate the provinces as when one uses humor to belittle competing cultural groups or one deploys religion only as an instrument to ensure crop productivity Instead liberation from anxieties and pathologies is brought to completion when the ego agens the 0 point of all its coordinates discovers its value in relation to the transcendent even if it fails to realize its pragmatic purposes or when one becomes comical to oneself through the eyes of another different from oneself This book aimed at advanced undergraduate graduate or scholarly audiences presents stimulating analyses of the religious appresentative mindset or of the healing potential of interracial humor Drawing heavily on interdisciplinary resources the book also illustrates the relevance of phenomenological methods and concepts for concrete human experience Barber offers a fresh understanding of pragmatic everyday life original descriptions of the religious and humorous provinces of meaning and a picture of how the overarching intentional stances of meaning provinces along with exposure to another perspective can diminish the pressures everyday life engenders

The Routledge Handbook of Language and Religion Stephen Pihlaja, Helen Ringrow, 2023-12-14 The Routledge Handbook of Language and Religion is the first ever comprehensive collection of research on religion and language with over 35 authors from 15 countries presenting a range of linguistic and discourse analytic research on religion and belief in different discourse contexts The contributions show the importance of studying language and religion and for bringing together work in this area across sub disciplines languages cultures and geographical boundaries The Handbook focuses on three major topics Religious and Sacred Language Institutional Discourse and Religious Identity and Community Scholars from a variety of different disciplinary backgrounds investigate these topics using a range of linguistic perspectives including Cognitive Linguistics Discourse Analysis Sociolinguistics Pragmatics and Conversation Analysis The data analysed in these chapters come from a variety of religious backgrounds and national contexts Linguistic data from all the major world religions are included with sacred texts conversational data and institutional texts included for analysis The Handbook is intended to be useful for readers from different subdisciplines within linguistics but also to researchers working in other disciplines including philosophy theology and sociology Each chapter gives both a template for research approaches and suggestions for future research and will inspire readers at every stage of their career

Handbook of the Christian Religion for the Use of Advanced Students and the Educated Laity Wilhelm Wilmers, 1891 **A Faith that Enquires** Sir Henry Jones, 1922 Discoursing the Post-secular Péter Losonczi, Aakash Singh, 2010 This collection of fresh and lively essays analyzes the Habermasian post secular turn as it has been evolving over the last decade triggering intensive debates in social and political theory but at the same time aims to situate the arising postsecular discourse s within the larger intellectual environment shaped by the complex influence of the alleged return of religion or the religious The volume includes studies from as diverse fields as cultural theory social theory

political philosophy and theory of religion as well as theology and bioethics Key issues such as tolerance the nature and challenges of modernity pluralism knowledge and faith human dignity ritual idolatry or transcendence are brought into the discussion in an inventive way and Habermas's work is reflected upon in comparison with figures like Levinas Vattimo and Agnes Heller **Annual Review of the Sociology of Religion. Volume 7 (2016)** Roberto Cipriani, Franco

Garelli, 2016-06-27 Recent studies show that atheism is increasing The reasons for this development have not as yet been examined thoroughly Many atheists continue to be residual groups in surveys on religiosity making it difficult to examine who they are and why they have chosen to be atheists Moreover they are minority groups in most countries former Soviet bloc countries are left out of discussion many do not identify with any organized groups of atheists or agnostics Atheist groups and ideologies then represent a wide range of attitudes behaviour and ways of acting towards religion The lack of a clear definition of what being atheist or an unbeliever means today invites us to study the issue in greater depth This volume represents a first attempt at understanding and scrutinizing atheism Thanks to all contributors it provides both a global perspective and specific insights into specific cases *The Routledge Handbook of Religion, Mass Atrocity, and Genocide* Sara E. Brown, Stephen D. Smith, 2021-11-22 The Routledge Handbook of Religion Mass Atrocity and Genocide explores the many and sometimes complicated ways in which religion faith doctrine and practice intersect in societies where mass atrocity and genocide occur This volume is intended as an entry point to questions about mass atrocity and genocide that are asked by and of people of faith and is an outstanding reference source to the key topics historical events and heated debates in this subject area The 39 contributions to the handbook by a team of international contributors span five continents and cover four millennia Each explores the intersection of religion faith and mainly state sponsored mass atrocity and genocide and draws from a variety of disciplines This volume is divided into six core sections Genocide in Antiquity and Holy Wars The Genocide of Indigenous Peoples Religion and the State The Role of Religion during Genocide Post Genocide Considerations Memory Culture Within these sections central issues historical events debates and problems are examined including the Crusades Jihad and ISIS colonialism the Holocaust desecration of ritual objects politics of religion Shinto nationalism attacks on Rohingya Muslims the Genocide against the Tutsi in Rwanda responses to genocide gender based atrocities ritualicide in Cambodia burial sites and mass graves transitional justice forgiveness documenting genocide survivor memory narratives post conflict healing and memorialization The Routledge Handbook of Religion and Genocide is essential reading for students and researchers with an interest in religion and genocide religion and violence and religion and politics It will be of great interest to students of theology philosophy genocide studies narrative studies history and international relations and those in related fields such as cultural studies area studies sociology and anthropology

Embracing the Tune of Phrase: An Emotional Symphony within **Religion In Practice**

In some sort of used by screens and the ceaseless chatter of quick conversation, the melodic splendor and mental symphony produced by the prepared term usually diminish in to the background, eclipsed by the persistent noise and disturbances that permeate our lives. But, situated within the pages of **Religion In Practice** a charming fictional prize overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that interesting masterpiece conducts visitors on an emotional trip, skillfully unraveling the hidden songs and profound impact resonating within each carefully constructed phrase. Within the depths of this touching analysis, we can explore the book is key harmonies, analyze its enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
