**Religion, Intergroup Relations, and Social Change in South Africa** HSRC Investigation into Intergroup Relations. Work Committee: Religion, Gerhardus Cornelis Oosthuizen, 1985      **Religion, Intergroup Relations, and Social Change in South Africa** G. C. Oosthuizen, 1988 A complex and unpredictable factor in the explosive South African conflict the Christian churches will almost certainly play a key role in its ultimate resolution This book which is based on a four year research project explores the possible dimensions of that role through a systematic examination of the connections between religion and the social political and economic life of the nation Focusing on critical issues in the current debate the authors look at how religion and religious attitudes function in facilitating or restraining social change and what consequences this may hold for South Africa s future The authors begin by describing the social role fo religion in South Africa together with the particular issues that have drawn churches into the debate They provide comprehensive profiles of the patterns of religious affiliation and attitudes that characterize contemporary South Africa Next they assess the social impact of various denominations and movements including Afrikaner civil religion the Black indigenous churches and pietistic religious groups Ongoing theological debates on human rights racial equality the power structure of society and the question of violence are considered in detail The concluding chapter integrates the findings of the study and considers religious values as an instrument for developing social consciousness and a commitment to universal justice This authoritative analysis of the broader dimensions of religion in South Africa makes a significant contribution to our understanding of religion as a factor in contemporary social and political processes It will be of interest to students and specialists in African studies and to scholars concerned with the role of religion in the modern world      Religion, Intergroup Relations, and Social Change in South Africa G. C. Oosthuizen, 1988 A complex and unpredictable factor in the explosive South African conflict the Christian churches will almost certainly play a key role in its ultimate resolution This book which is based on a four year research project explores the possible dimensions of that role through a systematic examination of the connections between religion and the social political and economic life of the nation Focusing on critical issues in the current debate the authors look at how religion and religious attitudes function in facilitating or restraining social change and what consequences this may hold for South Africa s future The authors begin by describing the social role fo religion in South Africa together with the particular issues that have drawn churches into the debate They provide comprehensive profiles of the patterns of religious affiliation and attitudes that characterize contemporary South Africa Next they assess the social impact of various denominations and movements including Afrikaner civil religion the Black indigenous churches and pietistic religious groups Ongoing theological debates on human rights racial equality the power structure of society and the question of violence are considered in detail The concluding chapter integrates the findings of the study and considers religious values as an instrument for developing social consciousness and a commitment to universal justice This authoritative analysis of the broader dimensions of religion in

South Africa makes a significant contribution to our understanding of religion as a factor in contemporary social and political processes. It will be of interest to students and specialists in African studies and to scholars concerned with the role of religion in the modern world.

**Study of Religion in Southern Africa** Johannes Smit, Pratap Kumar, 2018-08-14 This collection of essays is brought together in the honour of Gerhardus Cornelis Pippin Oosthuizen on his eighty third birthday. Pippin has been one of the most significant religion researchers and prolific Humanities publishers South Africa has ever produced. Among his friends and colleagues are some of the most important scholars of religion in South Africa and elsewhere. With his critical acumen and insightful understanding of the ebb and flow of the South African socio political landscape of the last fifty odd years he has been a distinguished leader in research and has been honoured with Honorary doctorates from South Africa's leading universities. This collection constitutes a small token of appreciation for his more than fifty years in academia and his academic leadership.

Hermeneutics and Social Transformation Bernard Lategan, 2016-01-15 In a South African context condemning apartheid is not enough. To make a non racial democratic inclusive society viable and enduring much more is required of which creative and imaginative theological thinking is not the least. Fundamental theological values and their implications for all the facets of society must be thought through not as an academic exercise but as a grass roots undertaking and the greatest challenge is to act in terms of this new understanding of society. Bernard Lategan. Some implications of the family concept in New Testament texts.

**Christianity Amidst Apartheid** Martin Prozesky, 1990-03-15 This book contains chapters by 14 prominent figures offering information on key issues concerning the Christian faith in South Africa. Three quarters of South Africans regard themselves as Christians. The story of the gospel of love and its interplay with politics is the theme pursued here.

**Religious Conversion** Christopher Lamb, M. Darroll Bryant, 1999-10-01 Conversion has been an important issue for most of the universal religions those usually associated with a founder such as Christianity Buddhism Islam and Judaism which have a mission to spread their message. Other religions have been less concerned with conversion except in so far as it has been a negative force for them to confront. This study explores how conversion has been understood by different religions during different eras and includes a survey of the textual legal ritual historic and experiential dimensions of the phenomenon of conversion.

**The Church Struggle in South Africa** John W. De Gruchy, 2005 No more heartrending yet hopeful case study in Christian ethics exists than in the story of South African apartheid and its recent decisive transformation. John de Gruchy's authoritative and newly updated account of Christian complicity with and then resistance to one of the world's most notoriously repressive regimes holds indispensable lessons and dangerous memories for all concerned about evil justice and racial reconciliation.

*Race, Class and Christianity in South Africa* Ibrahim Abraham, 2021-07-31 This book explores the relationship between race and class among middle class Christians in South Africa. The book provides a theoretically sophisticated and empirically rich study of middle class Christians in contemporary South Africa as they seek to live good lives and build a good society. Focused on the

city of Cape Town drawing upon ethnographic research in conservative and progressive multiracial Protestant churches furnished with critical analysis of South African literature and popular culture this timely study explores expressions of ambition and anxiety that are both spiritual and material Building upon debates over middle class identity and morality from sociology anthropology and cultural studies this book analyses congregational attempts at social unity through worship music and creative youth ministry discussions on white privilege and shame and the impact of middle class black activism in South African churches and society This book will be of interest to researchers of South African culture and society religion anthropology and sociology      **New Media and the Mediatisation of Religion** Gabriel Faimau, William O. Lesitaokana, 2018-10-01

New media including digital and social media play a central role in producing and reproducing socio cultural and religious practices Its presence has not only resulted in changes to the ways in which religious beliefs are practiced but has also altered the way religious meanings are expressed How has new media technology informed and influenced religious engagement and participation In what ways has new media technology enabled religious groups to practice and preach their religious beliefs to a broader audience To what extent has the emergence of social media and social networking sites shaped religious discourses and religious practices This volume offers a unique Africa centred perspective in response to these questions While presenting new scholarly developments in the fields of media religion and culture in Africa this book also provides empirical and theoretical insights into the intersection between new media and religion

**Religious Plurality in Africa** Jacob K. Olupona, Sulayman S. Nyang, 2013-03-01 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series      *Religion and Ethnocentrism* Dave Dean Capucão, 2010 Within the context of the Dutch civil religion and the diverse reactions to it by contemporary Catholic believers this book investigates the extent to which religious attitudes i e attitudes towards God Jesus Spirit salvation and church have an effect on ethnocentrism      A Future South Africa Peter L. Berger, 2019-08-22

This book identifies the key actors whose visions and strategies are crucial to the pattern which change will take in South Africa These actors their visions and strategic logic were subjected to a critique by their researchers in the light of contemporary South African realities      *Language Planning and Policy in Africa* Richard B. Baldauf, Robert B. Kaplan, 2004 A longer range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages This volume is part of an areal series which is

committed to providing descriptions of language planning and policy in countries around the world BOOK JACKET

**Explorations in the Sociology of Language and Religion** Tope Omoniyi, Joshua A. Fishman, 2006-08-17 The Sociology of Language and Religion SLR is still in its infancy as a sub discipline in the macrosociolinguistic tradition It is therefore no coincidence that the editorial collaboration to produce its first definitive text *Explorations in the Sociology of Language and Religion* has involved Joshua A Fishman often cited in the literature as one of the founders of the Sociology of Language Tope Omoniyi brings to the collaboration an insightful and incisive critical eye for engaging with diversity in the treatment of language and religion Together as editors they have successfully midwived the birth of SLR The studies and debates contained in this volume revisit those themes that both of the contributory disciplines of Sociology of Language and Religion have common interest in The contributing authors explore new methodologies and paradigms of analysis that they deem appropriate for this interesting and complex interface in an attempt to demonstrate how the shared interests of these disciplines impact social practices in various communities around the world The ultimate objective of the discussions is to fashion tools for creating a body of new knowledge that supports the emergence of a better society Towards this end the authors have harnessed resources from varied geographical cultural linguistic and religious constituencies without compromising analytical depth In the process they have opened up new areas of sociolinguistic inquiry The volume is thus presented as a highly useful reference resource both for undergraduate and postgraduate scholarship *Religious Human Rights in Global Perspective* John Witte, Johan D. van der Vyver, 2023-07-24 In this Dickensian century of human rights the world has cultivated the best of religious rights protections but witnessed the worst of religious rights abuses In this volume Jimmy Carter John T Noonan Jr and a score of leading jurists assess critically and comparatively the religious rights laws and practices of the international community and of selected states in the Atlantic continents This volume and its companion *Religious Human Rights in Global Perspective Religious Perspectives* are products of an ongoing project on religion human rights and democracy undertaken by the Law and Religion Program at Emory University *Christians in the City of Lagos* Caleb O. Oladipo, 2025-08-07 Despite political persecution economic stalemate and military intimidation this book shows how churches of all denominations continue to grow under the stimulus of vibrant indigenous spirituality and cultural idioms Incorporating interviews with Christians from six of the most influential churches in Lagos this book gives readers a sense of daily life in Lagos for Christians Through this original ethnographic research Caleb O Oladipo explores first hand accounts of faith and practice in the city offering a unique perspective to scholars of global Christianity A collection of stories from Christians of diverse ethnographic backgrounds this book shows that Christianity is an integral part of the rhythm of life in Lagos Christians in Lagos one of the most populous cities in the world are dynamic with a confluence of traditions beliefs and community **Law and Religion in Africa** Pieter Coertzen, M Christiaan Green, Len Hansen, 2015-05-01 In our time the study of law and religion is emerging as a wide ranging and vital academic discipline with increasingly urgent implications

for society at large Lying at the intersection of a variety of other disciplines law theology religious studies political science sociology and anthropology to name only the most obvious the field of law and religion is generating a burgeoning volume of interdisciplinary and trans disciplinary research and study The current volume is proof of this The discussion of the relationship between law and religion as seen from a variety of perspectives in Africa underscores the critical importance of the issues involved in the everyday life of all citizens It is accordingly vital for governments to take note of the scholarly results that are produced We hope that this volume will contribute to this aim     The World of South African Music Christine Lucia,2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music     **Foreign Correspondents Report From Africa** Heinz-Dietrich Fischer,2014 Pulitzer Prize winning reporting in African countries by American journalists has been a latecomer within the award category for international coverage It took close to two decades after the establishment of the awards that reporting about the Italian Ethiopian crisis was declared prize worthy by the Pulitzer Prize jurors During World War II prizes were given for the coverage of the North African battlefields Since the 1960s inner African conflicts like unrest in the Congo impressed the jurors as well as writings on the Apartheid system in South Africa This book contains a selection of the Pulitzer Prize winning articles and photographs by news journalists in Africa Series Pulitzer Prize Panorama Vol 8
