Religion Online Finding Faith On The Internet:

Religion Online Lorne L. Dawson, Douglas E. Cowan, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company Religion Online Lorne L. Dawson, 2004 Religion Online provides an accessible and comprehensive introduction to online religion from cyberpilgrimages to neo pagan chatroom communities **Religion Online** Lorne L. Dawson, Douglas E. Cowan, 2013-05-13 Religion Online provides an accessible and comprehensive introduction to this burgeoning new religious reality from cyberpilgrimages to neo pagan chatroom communities A substantial introduction by the editors presenting the main themes and issues is followed by sixteen chapters addressing core issues of concern such as youth religion and the internet new religious movements and recruitment propaganda and the countercult and religious tradition and innovation **Religion Online** Lorne L. Dawson, Douglas E. Cowan, 2013-05-13 Religion Online provides an accessible and comprehensive introduction to this burgeoning new religious reality from cyberpilgrimages to neo pagan chatroom communities A substantial introduction by the editors presenting the main themes and issues is followed by sixteen chapters addressing core issues of concern such as youth religion and the internet new religious movements and recruitment propaganda and the countercult and religious tradition and innovation Religion Online August E. Grant, Amanda F. C. Sturgill, Chiung Hwang Chen, Daniel A. Stout, 2019-03-07 Religion Online provides new insights about religiosity in a contemporary context offering a comprehensive look at the intersection of digital media faith communities and practices of all sorts Recent research on Apple users video games virtual worlds artificial intelligence digital music and sports as religion supports the idea that media and religion once considered separate entities are in many cases the same thing New media and religious practice can no longer be detached this two volume set discusses how religionists are embracing the Internet amidst cultural shifts of secularization autonomous religious worship millennials affinity for new media and the rise of fundamentalism in the global south While other works describe case studies this book explains how new media are interwoven into the very fabric of religious belief behavior and community Chapters break down the past present and projected future of the use of digital media in relation to faith traditions of many varieties extending from mainline Christianity to new religious movements The book also examines the impacts of digital media on beliefs and practices around the world In exploring these subjects it calls on the study of culture namely anthropology to conceptualize a technological period as significant as the industrial revolution Japanese Religions on the Internet Erica Baffelli, Ian Reader, Birgit Staemmler, 2013-05-13 Japanese Religions on the Internet draws attention to how religion is being presented represented and discussed on the Japanese Internet Its intention is to contribute to wider discussions about religion and the Internet by providing an important example based on one of the Internet s most prominent languages of how new media technologies are being used and are impacting on religion in the East Asian context while also developing further our understandings of religion in a technologically advanced country Scholars studying the relationship of religion and the

Internet can no longer work on prevailing notions that have thus far characterised the field such as the assumption that the Internet is a Western centric phenomenon and that studies of English language sites relating to religion can provide a viable model for wider analyses of the topic Despite this growing amount of research on religion and the Internet comparatively little has focused on non Western cultures The general field of study relating to religion and the Internet has paid scant attention to Asian contexts The field needs a full length and comprehensive study that focuses on the Japanese religious world and the Internet not merely to redress the imbalances of the field thus far but also because such studies will be central to the emerging field of the study of religion and the Internet in future They will provide important means of developing new theories constructing new paradigms and understanding the underlying dynamics of this new media form **Reading**

Spiritualities Dawn Llewellyn, 2016-04-01 The phenomenon of sacred text has undergone radical deconstruction in recent times reflecting how religion has broken out of its traditional definitions and practices and how current literary theories have influenced texts inside the religious domain and beyond Reading Spiritualities presents both commentary and vivid examples of this evolution engaging with a variety of reading practices that work with traditional texts and those that extend the notion of text itself The contributors draw on a range of textual sites such as an interview Caribbean literature drama and jazz women s writings emerging church blogs Neopagan websites the reading practices of Buddhist nuns empirical studies on the reading experiences of Gujarati Christian and post Christian women Chicana short stories the mosque cinema modern art and literature These examples open up understandings of where and how sacred texts are emerging and being reassessed within contemporary religious and spiritual contexts and make room for readings where the spiritual resides not only in the textual but in other unexpected places Reading Spiritualities includes contributions from Graham Holderness Ursula King Michael N Jagessar David Jasper Anthony G Reddie Mich le Roberts and Heather Walton to reflect and encourage the interdisciplinary study of sacred text in the broad arena of the arts and social sciences It offers a unique and well focused snapshot of the textual constructions and representations of the sacred within the contemporary religious climate accessible to the general reader as well as more specialist interests of students and researchers working in the crossover fields of religious theological cultural and literary studies Christians' and Muslims' Responses to the COVID-19 Pandemic in

Nigeria Afis A. Oladosu, Abdulrazaq Kilani, Samuel Okanlawon, 2024-06-24 This collection of essays attempts to speak to the past as it does the future It engages the dialectics in Christians and Muslims responses to the COVID 19 pandemic from theological philosophical sociological and gender perspectives The interdisciplinary approach became a necessity based on the realization that beyond the high fatalities that resulted from the pandemic people s responses to it were as eclectic as were their existential realities This volume is particularly unique because it yields space to Christianity and Islam and presents the trajectories in their practitioners response to the pandemic The authors historicize theorize and theologize these responses and present exemplar templates of coping mechanisms for religious institutions and people faced with

unconventional situations bordering on religious ideals The book is a valuable resource for scholars religious leaders historians health practitioners and faith based organizations on strategies to adopt for future pandemics

Virtually Sacred Robert M. Geraci, 2014-06-13 Millions of users have taken up residence in virtual worlds and in those worlds they find opportunities to revisit and rewrite their religious lives Robert M Geraci argues that virtual worlds and video games have become a locus for the satisfaction of religious needs providing many users with devoted communities opportunities for ethical reflection a meaningful experience of history and human activity and a sense of transcendence Using interviews surveys and his own first hand experience within the virtual worlds Geraci shows how World of Warcraft and Second Life provide participants with the opportunity to rethink what it means to be religious in the contemporary world Not all participants use virtual worlds for religious purposes but many online residents use them to rearrange or replace religious practice as designers and users collaborate in the production of a new spiritual marketplace Using World of Warcraft and Second Life as case studies this book shows that many residents now use virtual worlds to re imagine their traditions and work to restore them to authentic sanctity or else replace religious institutions with virtual communities that provide meaning and purpose to human life For some online residents virtual worlds are even keys to a post human future where technology can help us transcend mortal life Geraci argues that World of Warcraft and Second Life are virtually sacred because they do religious work They often do such work without regard for and frequently in conflict with traditional religious institutions and practices ultimately they participate in our sacred landscape as outsiders competitors and collaborators

Communicating Faith John Sullivan, 2011 This book enriches appreciation of the many ways that Christian faith is communicated It casts light on the sensitivities skills and qualities necessary for the effective communication of faith where justice is done both to the seed to be sown and to the soil being cultivated

Technologies of Religion Sam Han, 2016-02-05 Bringing together empirical cultural and media studies of religion and critical social theory Technologies of Religion Spheres of the sacred in a post secular modernity investigates powerful entanglement of religion and new media technologies taking place today taking stock of the repercussions of digital technology and culture on various aspects of religious life and contemporary culture more broadly Making the argument that religion and new media technologies come together to create spheres environments produced by an architecture of digital technologies of all sorts from projection screens to social networking sites the book suggests that prior social scientific conceptions of religious worship participation community and membership are being recast Using the case of the strain of American Christianity called multi site an emergent and growing church model that has begun to win favor largely among Protestants in the last decade the book details and examines the way in which this new mode of religiosity bridges the realms of the technological and the physical Lastly the book situates and contextualizes these developments within the larger theoretical concerns regarding the place of religion in contemporary capitalism Technologies of Religion Spheres of the sacred in a post secular modernity offers an

important contribution to the study of religion media technology and culture in a post secular world **Igniting Thought, Unleashing Youth** Mohamed Nawab, Farhan Ali, 2009 Invented Religions Carole M. Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation **Evangelical Christians and Popular Culture** Robert H. Woods Jr., 2013-01-09 This three volume collection demonstrates the depth and breadth of evangelical Christians consumption critique and creation of popular culture and how evangelical Christians are both influenced by and influence mainstream popular culture covering comic books to movies to social media Evangelical Christians and Popular Culture Pop Goes the Gospel addresses the full spectrum of evangelical media and popular culture offerings even delving into lesser known forms of evangelical popular culture such as comic books video games and theme parks The chapters in this 3 volume work are written by over 50 authors who specialize in fields as diverse as history theology music psychology journalism film and television studies advertising and public relations Volume 1 examines film radio and television and the Internet Volume 2 covers literature music popular art and merchandise and Volume 3 discusses public figures popular press places and events The work is intended for a scholarly audience but presents material in a student friendly accessible manner Evangelical insiders will receive a fresh look at the wide variety of evangelical popular culture offerings many of which will be unknown while non evangelical readers will benefit from a comprehensive introduction to the subject matter **Asian Religions, Technology and Science** István Keul, 2015-03-27 Over the past five decades the field of religion and science scholarship has experienced a considerable expansion This volume explores the historical and contemporary perspectives of the relationship between religion technology and science with a focus on South and East Asia These three areas are not seen as monolithic entities but as discursive fields embedded in dynamic processes of cultural exchange and transformation Bridging these arenas of knowledge and practice traditionally seen as distinct and disconnected the book reflects on the ways of exploring the various dimensions of their interconnection Through its various chapters the collection provides an examination of the use of modern scientific concepts in the theologies of new religious

organizations and challenges the traditional notions of space by Western scientific conceptions in the 19th century It looks at the synthesis of ritual elements and medical treatment in China and India and at new funeral practices in Japan It discusses the intersections between contemporary Western Buddhism modern technology and global culture and goes on to look at women s rights in contemporary Pakistani media Using case studies grounded in carefully delineated temporal and regional frameworks chapters are grouped in two sections one on religion and science and another on religion and technology Illustrating the manifold perspectives and the potential for further research and discussion this book is an important contribution to the studies of Asian Religion Science and Technology and Religion and Philosophy **Sikhs Across Borders**

Knut A. Jacobsen,Kristina Myrvold,2012-09-06 *Sikhs Across Borders* is the first study to explore patterns of transnational practices among European Sikhs with particular focus on the links between the Sikhs in Europe Punjab the home land and within a global Sikh community The book illustrates how local and transnational spheres coexist and interact in a multitude of social and cultural practices and discourses among European Sikhs past and present Based on new empirical research *Sikhs Across Borders* book explores how religion continues to play a significant role in the daily lives of European Sikhs and is important for their maintenance of links with the homeland as well as Sikhs in other parts of the world The team of international contributors show how Sikhs are shaping new self representations and identity constructions through a multitude of transnational practices on the individual national and global level such as marriages pilgrimage narratives and the use of the internet and new media Further transnational practices examined include religious learning and teaching practices and responses to political events in the diaspora **The SAGE Handbook of Web History** Niels Brügger,Ian Milligan,2018-12-10 The Web has been with us now for almost 25 years An integral part of our social cultural and political lives new media is simply not that new anymore Despite the rapidly expanding archives of information at our disposal and the recent growth of interest in web history as a field of research the information available to us still far outstrips our understanding of how to interpret it The SAGE Handbook of Web History marks the first comprehensive review of this subject to date Its editors emphasise two main different forms of study the use of the web as an historical resource and the web as an object of study in its own right Bringing together all the existing knowledge of the field with an interdisciplinary focus and an international scope this is an incomparable resource for researchers and students alike Part One The Web and Historiography Part Two Theoretical and Methodological Reflections Part Three Technical and Structural Dimensions of Web History Part Four Platforms on the Web Part Five Web History and Users some Case Studies Part Six The Roads Ahead

Faith in America Charles H. Lippy,2006-09-30 Over the last 25 years there has been much talk of the presumed decline in religious participation in America In addition from the 1960s on surveys that mark the influence of religion in American life have shown a mixed response Many suggest that religion is losing influence in the culture as a whole others indicate that while organized religion may be experiencing challenges spirituality is on the upswing At the same time however there have

been signs that religious life in the U S is extraordinarily healthy But religion in America has changed to be sure in a number of ways And it has changed us and our culture in return This timely set looks at the major forces that are changing the shape of religion in American life With an influx of immigrants from Asia Latin America and other regions the diversity of religion has grown to include Buddhism Hinduism Islam and other faiths Latin American and African American communities have experienced changes in the ways they practice their faith and in turn influence American culture in general Women have entered the clergy in record numbers and the push for allowing women and gays to enter the clergy in religions that limit or prohibit their roles is on the increase In addition gay couples are leading the same sex marriage movement and other social issues such as abortion stem cell research end of life care etc are still being debated Interest over how people actually live out their religion or spirituality has mushroomed in recent decades thanks in part to the information revolution and popular culture What folks do when they gather together to worship and where they come together has changed dramatically with the advent of the Internet and the role of sports in American life So much has changed and faith in America has become more important than ever as part of our culture our way of life and the way we relate to each other and the world around us The essays found in these pages shed light on our understanding of these transformations and help us comprehend the enormous role of religion in our society and in our world

Digital Religion Heidi A. Campbell, Ruth Tsuria, 2021-09-30 This book offers a critical and systematic survey of the study of religion and digital media It covers religious engagement with a wide range of digital media forms and highlights examples of new media engagement in all five of the major world religions From mobile apps and video games to virtual reality and social media the book provides a detailed review of major topics including ritual identity community authority and embodiment includes a series of engaging case studies to illustrate and elucidate the thematic explorations considers the theoretical ethical and theological issues raised This unique volume draws together the work of experts from key disciplinary perspectives and is the go to volume for students and scholars wanting to develop a deeper understanding of the subject area Thoroughly updated throughout with new case studies and in depth analysis of recent scholarship and developments this new edition provides a comprehensive overview of this fast paced constantly developing and fascinating field

Religion Online Finding Faith On The Internet: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
