## **Religion Politics And Historiography In Bulgaria:**

**Religion, Politics, and Historiography in Bulgaria** Carsten Riis, 2002 The author shows how the dominant research paradigm in socialist Bulgaria with lines dating back to the nineteenth century interpreted and depicted the history of Christianity during the period of Ottoman Muslim domination The association of religious and national identity legitimated the religious and minority policy of the socialist regime The book demonstrates that political surveillance and control over historiography had direct consequences for the religious communities in Bulgaria **Historical Dictionary of Bulgaria**

**Interwar Yugoslavia** Maria Falina, 2023-01-26 Religion and Politics in Interwar Yugoslavia explores the interaction between religion nationalism and political modernity in the first half of the 20th century taking the case of the Serbian Orthodox Church as an example This book historicizes the widely held assumption that the bond between religion and nationalism in the Balkans is a natural one or that this bond has been historically inevitable It tells a complex story of how East Orthodox Christianity came to be at the core of one version of Serbian nationalism by bringing together the themes of religion nationalism politics state building secularization and modernity Maria Falina reconstructs how the ideological fusion between Serbian nationalism and East Orthodox Christianity was forged The analysis emphasizes ideas and ideologies through a close reading of public discourses and historical narratives while paying attention to individual actors and their personal histories The book argues that the particular political vision of the Serbian Orthodox Church emerged in reaction to and in interaction with the challenges posed by political modernity that were not unique to Yugoslavia These included establishing the modern multinational and multi religious state the fear of secularization and the rise of communism and fascism Religion and Politics in Interwar Yugoslavia makes an important contribution to understanding the history of interwar Yugoslavia 20th century Europe and the ties between religion and nationalism *Religion and the State* Scott A. Orthodox Christianity and Nationalism in Nineteenth-Century Southeastern Europe Lucian N. Leustean, 2014-07-02 Nation building processes in the Orthodox commonwealth brought together political institutions and religious communities in their shared aims of achieving national sovereignty Chronicling how the churches of Greece Romania Bulgaria and Serbia acquired independence from the Patriarchate of Constantinople in the wake of the Ottoman Empire's decline Orthodox

Christianity and Nationalism in Nineteenth Century Southeastern Europe examines the role of Orthodox churches in the construction of national identities Drawing on archival material available after the fall of communism in southeastern Europe and Russia as well as material published in Greek Serbian Bulgarian Romanian and Russian Orthodox Christianity and Nationalism in Nineteenth Century Southeastern Europe analyzes the challenges posed by nationalism to the Ecumenical Patriarchate and the ways in which Orthodox churches engaged in the nationalist ideology **Hermeneutics, Politics, and the History of Religions** Christian K. Wedemeyer, Wendy Doniger, 2010 This volume comprises papers presented at a conference marking the 50th anniversary of Joachim Wach's death and the centennial of Mircea Eliade's birth Its purpose is to reconsider both the problematic separate legacies of these two major twentieth century historians of religions and the bearing of these two legacies upon each other Shortly after Wach's death in 1955 Eliade succeeded him as the premiere historian of religions at the University of Chicago As a result the two have been associated with each other in many people's minds as the successive leaders of the so called Chicago School in the history of religions In fact as this volume makes clear there never was a monolithic Chicago School Although Wach reportedly referred to Eliade as the most astute historian of religions of the day the two never met and their approaches to the study of religions differed significantly Several dominant issues run through the essays collected here the relationship between the two men's writings and their lives and in Eliade's case the relationship between his political commitments and his writings in fiction history of religions and autobiography Both men's contributions to the field continue to provoke controversy and debate and this volume sheds new light on these controversies and what they reveal about these two scholars legacies **A History of Modern Political Thought in East Central Europe** Balázs Trencsenyi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, 2018-10-18 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918-1968 OUP 2018 Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes It continues with mapping the exile communities and domestic dissidents critical engagement with the local democratic and anti democratic traditions as well as with global trends Rather than achieving the coveted end of history however the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike Thus instead of a comfortable conclusion pointing to the European integration of most of these countries the book closes with a reflection on the fragility of democracy

in this part of the world and beyond      **Conversion and Apostasy in the Late Ottoman Empire** Selim

Deringil,2012-08-27 In the nineteenth century Ottoman Empire traditional religious structures crumbled as the empire itself began to fall apart The state s answer to schism was regulation and control administered in the form of a number of edicts in the early part of the century It is against this background that different religious communities and individuals negotiated survival by converting to Islam when their political interests or their lives were at stake As the century progressed however conversion was no longer sufficient to guarantee citizenship and property rights as the state became increasingly paranoid about its apostates and what it perceived as their denationalization The book tells the story of the struggle between the Ottoman State the Great Powers and a multitude of evangelical organizations shedding light on current flash points in the Arab world and the Balkans offering alternative perspectives on national and religious identity and the interconnection between the two      **The Politics of Language and Nationalism in Modern Central Europe** T. Kamusella,2008-12-16

This work focuses on the ideological intertwining between Czech Magyar Polish and Slovak and the corresponding nationalisms steeped in these languages The analysis is set against the earlier political and ideological history of these languages and the panorama of the emergence and political uses of other languages of the region      *The Albanian Orthodox Church* Ardit Bido,2020-11-26 Religion in Albania has had a complicated history with Orthodoxy Bektashi and Sunni Islam Catholicism coexisting throughout much of the history of this Balkan nation This book traces the rise of the Albanian Orthodox Church from the beginnings of Albanian nationalist movements in the late nineteenth century until the end of the Second World War and the Communist takeover It examines the struggles of the Albanian state and Church to establish the Church s independence from foreign influence amid a complex geopolitical interplay between Albania neighbouring Greece and its powerful Ecumenical Patriarchate the Italian and Yugoslav interference and the shifting international political circumstances The book argues that Greece s involvement in the Albanian ecclesiastical issue was primarily motivated by political and territorial aspirations as Athens sought to undermine the newly established Albanian state by controlling its Orthodox Church through pro Greek bishops appointed by the Patriarchate With its independence finally recognized in 1937 the Albanian Orthodox Church soon faced new challenges with the Italian and later German occupation of the country during the Second World War the Church s expansion into Kosovo the Italian effort to place the Church under papal authority and the ultimate threat the imminent victory of Communist forces      *Eastern Christianity and the Cold War, 1945-91* Lucian Leustean,2010-01-21 Despite widespread persecution Orthodox churches not only survived the Cold War period but levels of religiosity in Orthodox countries remained significant This book examines the often surprising relations between Orthodox churches and political regimes It provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the Second World War to the fall of communism covering 40 Orthodox churches including diasporic churches in Africa Asia America and Australia Based on research from recently opened archives and publications in a wide

range of European languages it analyses church state relations on both sides of the Iron Curtain It discusses the following key themes the relationship between Orthodox churches and political power religious resistance to communism the political control of churches religion and propaganda monasticism and theological publications religious diplomacy within the Orthodox commonwealth and religious contacts between East and West *The Many Faces of Clio* Q. Edward Wang, Franz L. Fillafer, Georg G. Iggers, 2007 Born in Germany Georg Iggers escaped from Nazism to the United States in his adolescence where he became one of the most distinguished scholars of European intellectual history and the history of historiography In his lectures delivered all over the world and in his numerous books translated into many languages Georg Iggers has reshaped historiography and indefatigably promoted cross cultural dialogue This volume reflects the profound impact of his oeuvre Among the contributors are leading intellectual historians but also younger scholars who explore the various cultural contexts of modern historiography focusing on changes of European and American scholarship as well as non Western historical writing in relation to developments in the West Addressing these changes from a transnational perspective this well rounded volume offers an excellent introduction to the field which will be of interest to both established historians and graduate students

**Writing the Nation** Stefan Berger, 2007-07-12 This book brings together experts on national history writing from all five continents to discuss the role of history in the making of national identities in a transnational and comparative way The institutionalization and professionalisation of history writing is analysed in the context of history s increasing nationalization

Ethnic Cleansing During the Cold War Tomasz Kamusella, 2018-07-17 In mid 1989 the Bulgarian communist regime seeking to prop up its legitimacy played the ethnonational card by expelling 360 000 Turks and Muslims across the Iron Curtain to neighboring Turkey It was the single largest ethnic cleansing during the Cold War in Europe after the wrapping up of the postwar expulsions population transfers of ethnic Germans from Central Europe in the latter half of the 1940s Furthermore this expulsion of Turks and Muslims from Bulgaria was the sole unilateral act of ethnic cleansing that breached the Iron Curtain The 1989 ethnic cleansing was followed by an unprecedented return of almost half of the expellees after the collapse of the Bulgarian communist regime The return which partially reversed the effects of this ethnic cleansing was the first ever of its kind in history Despite the unprecedented character of this 1989 expulsion and the subsequent return not a single research article let alone a monograph has been devoted to these momentous developments yet However the tragic events shape today s Bulgaria while the persisting attempts to suppress the remembrance of the 1989 expulsion continue sharply dividing the country s inhabitants Without remembering about this ethnic cleansing it is impossible to explain the fall of the communist system in Bulgaria and the origins of ethnic cleansing during the Yugoslav wars Faltering Yugoslavia s future ethnic cleansers took a good note that neither Moscow nor Washington intervened in neighboring Bulgaria to stop the 1989 expulsion which in light of international law was then still the legal instrument of population transfer The as yet unhealed wound of the 1989 ethnic cleansing negatively affects the Bulgaria s relations with

Turkey and the European Union It seems that the only way out of this debilitating conundrum is establishing a truth and reconciliation commission that at long last would ensure transitional justice for all Bulgarians irrespective of language religion or ethnicity     The Bulgarian Orthodox Church James Lindsay Hopkins, 2009 After a discussion of the Byzantine and early Ottoman eras the author examines church state relationships in the latter Ottoman Communist and post communist periods
